2.8 Third Party Sales by SECI

- 2.8.1 Notwithstanding anything to the contrary contained in this Agreement, SECI shall be entitled to but not obligated to regulate supply of Solar Power of the Buying Utility in case of Default in making payment by the 15th day after the Due Date of the Buying Utility. SECI shall issue the Notice for Regulation of Power Supply on the date above and shall give a notice of 15 days to start the regulation on the 16th day thereafter.
- 2.8.2 Regulation of power supply would be on pro rata basis i.e., in the ratio of amount due and unpaid to total amount due against the relevant Monthly Bill.
- 2.8.3 In order to avoid any doubts, it is illustrated that:
- 2.8.4 In the event of a bill amounting to Rs. 25 Crore is unpaid to the extent of Rs. 10 Crore, SECI would have a right to regulate and sell Buying Utility's allocation of

the solar power to third parties to the extent of 40% (i.e. 10/25x100). SECI/SPD shall have the right to divert the Solar Power or part thereof and sell it to any third party namely;

- i) Any consumer, subject to applicable Law; or

The rights of SECI under this clause is without prejudice to other rights provided under the Agreement.

- 2.8.5 The amount realized from the diversion and sale of power to third party over and above the Applicable Tariff, any charges including open access charges and other costs shall be adjusted first against the pending liability of the Buying Utility. Deficit if any shall be made good by the Buying Utility.
- 2.8.6 Sales to any third party shall cease and regular supply of electricity to the Buying Utility shall commence and be restored within thirty (30) days from the date of clearing all outstanding dues payable to SECI for the Solar Power under this Agreement.
- 2.8.7 Further, the liability of the Buying Utility to make the Tariff Payments to SECI as per Energy Accounts shall start from the day of such restoration of supply of power and shall continue for such periods wherein such power was made available by SPD for usage by the Buying Utility

2.9 Disputed Bill

2.9.1 If the Buying Entity does not dispute a Monthly Bill raised by the other Party within fifteen (15) days of receiving such Bill shall be taken as conclusive and binding.

2.9.2 If Buying Entity disputes the amount payable under a Monthly Bill it shall pay undisputed amount of the invoice amount and it shall within fifteen (15) days of receiving such Bill, issue a notice (the "Bill Dispute Notice") to the invoicing Party setting out:

- i) the details of the disputed amount;
- ii) its estimate of what the correct amount should be; and
- iii) all written material in support of its claim.

2.9.3 If the SECI agrees to the claim raised in the Bill Dispute Notice issued pursuant to Article 2.9.2, the SECI shall make appropriate adjustment in the next Monthly Bill. In such a case excess amount shall be refunded along with interest at the same rate as Late Payment Surcharge, which shall be applied from the date on which such excess payment was made by the Buying Utility and up to and including the date on which such payment has been received as refund.

2.9.4 If the SECI does not agree to the claim raised in the Bill Dispute Notice issued pursuant to Article 2.9.2 it shall, within fifteen (15) days of receiving the Bill Dispute Notice, furnish a notice (Bill Disagreement Notice) to the disputing Party providing:

2.9.6 If the Parties do not amicably resolve the Dispute within fifteen (15) days of receipt of Bill Disagreement Notice pursuant to Article 2.9.4, the matter shall be referred to Dispute resolution in accordance with governing Laws and Dispute resolution in PPA.

2.9.7 For the avoidance of doubt, it is clarified that despite a Dispute regarding an Invoice, the Buying entity shall, without prejudice to its right to Dispute, be under an obligation to make payment of 50% of the invoice amount in the Monthly Bill.

2.10 Quarterly and Annual Reconciliation

2.10.1 The Parties acknowledge that all payments made against Monthly Bills shall be subject to quarterly reconciliation and adjustment, if any, within thirty (30) days of the end of the quarter of each Contract Year and annual reconciliation and adjustment, if any, at the end of each Contract Year within thirty (30) days thereof to take into account the Energy Accounts, Tariff adjustment payments, Tariff Rebate, Late Payment Surcharge, or any other reasonable circumstance provided under this Agreement. Late Payment Surcharge shall not be applicable on SECI from commencement of supply to commissioning of the cumulative awarded capacity/accepted cumulative capacity by SECI.

2.10.2 The Parties, therefore, agree that as soon as all such data in respect of any quarter of a Contract Year or a full Contract Year as the case may be has been finally verified and adjusted, the Buying Utility and SECI shall jointly sign such reconciliation statement. After signing of a reconciliation statement, the SECI shall make appropriate adjustments in the following Monthly Bill, with Surcharge/Interest, as applicable. Except for the Tariff adjustment made during the period from commencement of supply to commissioning of the cumulative awarded capacity/accepted cumulative capacity by SECI, Late Payment Surcharge/ interest shall be payable in such a case from the date on which such payment had been made to the invoicing Party or the date on which any payment was originally due, as may be applicable. Any Dispute with regard to the above reconciliation shall be dealt with in accordance with the provisions of Article 16 of PPA.

2.11. Renewable Purchase Obligation

- 2.11.1 The Buying Utility may identify the energy procured from the SPD Delivery Point to meet its renewable purchase obligations (as mandated by the Appropriate Commission). Provided that the renewable purchase obligation of the Buying Utility shall be considered to be met by the Buying Utility only if there is no payment default for such energy procured by the Buying Utility and a certificate to such effect shall be provided by SECI to the Buying Utility.
- 2.11.2 SECI shall provide such certificate identifying the quantum of solar energy supplied by SECI and being met by the Buying Utility for each year within thirty (30) days after the end of such year.
- 2.11.3 (The provisions of Article 4.4.1 of the PPA shall be applicable mutatis mutandi to this Agreement). The SPD will declare the CUF of the Project and will be allowed to revise the same once within first year after COD of the full project capacity. SECI, in any Contract Year except for the first year of operation, shall not be obliged to purchase any additional energy from the SPD beyond Million kWh (MU). Subsequent to commissioning of the Project, if for any Contract Year, it is found that the SPD has not been able to supply minimum energy ofMillion kWh (MU) till the end of 10 years from the SCD and Million kWh (MU) for the rest of the Term of the Agreement, on account of reasons solely attributable to the SPD, the noncompliance by SPD shall make the SPD liable to pay the compensation provided in the respective PSA as payable to Buying Entity(ies) by Buyer to enable Buyer to remit the amount to Buying Entity(ies). For the first year of operation, the above limits shall be considered on pro-rata basis. In case of part commissioning of the Project, the above limits shall be considered on pro-rata basis till the commissioning of full capacity of the Project. The lower limit will, however be relaxable by Buyer to the extent of grid non-availability for evacuation which is beyond the control of the SPD (as certified by the SLDC/RLDC). This compensation shall be applied to the amount of shortfall in generation during the Contract Year. The amount of such penalty shall be as determined by the respective State Electricity Regulatory Commission of the corresponding Buying Entity/ any such Authority, and such penalty shall ensure that the Buying Entity(ies) is/are offset for all potential costs associated with low generation and supply of power

under the PPA. However, the minimum compensation payable to SECI by the SPD shall be 25% (twenty-five percent) of the cost of this shortfall in energy terms, calculated at PPA tariff, and shall be remitted to the Buying Entity after deducting SECI's trading margin of Rs. 0.07/kWh. This compensation shall not be applicable in events of Force Majeure identified under PPA with SECI affecting supply of solar power by SPD.

2.11.4 Notwithstanding Article 2.11.3, the SECI/SPD is free to sell such power to any third party which is in excess of the quantum of power as per Article 2.11.3 of this Agreement from SCD, or date of commissioning of the full Project capacity, whichever is earlier. Any power which is in excess of the quantum of power agreed to be supplied under this Agreement shall be offered to the Buying Utility at 75% of the Applicable Tariff as per Article 1.1, and in case the Buying Utility does not accept the same, SECI shall take appropriate action as per PPA.

2.11.5 The compensation as per Article 2.11.3 shall be applied to the amount of shortfall in generation during the year. However, this compensation shall not be applicable in events of Force Majeure identified under this Agreement affecting supply of solar power by SECI/SPD.

2.12 Payment of Supplementary Bill

2.12.1 SECI may raise a "Supplementary Bill" for payment on account of:

- i) Change in Law as provided in Article 12 of PPA, or
- ii) Payment under Article 2.13 and other charges, if any.

And such Supplementary Bill shall be paid by the other Party.

2.12.2 Buying Entity shall remit all amounts due under a Supplementary Bill raised by the SECI to the SECI's Designated Account by the Due Date.

2.12.3 In the event of delay in payment of a Supplementary Bill by either Party beyond its Due Date, a Late Payment Surcharge shall be payable at the same terms applicable to the Monthly Bill in Article 2.3.

2.13 Offtake constraints due to Transmission Infrastructure /Grid Unavailability & Backdown

2.13.1 Generation Compensation in offtake constraint due to Transmission Infrastructure not complete/ ready (Transmission constraint): After the Scheduled Commissioning Date, subject to the submission of documentary evidences from the Competent Authority, if the plant is ready in all respects including the dedicated transmission line to be established by the SPD to connect to the grid but the necessary power evacuation/ transmission infrastructure is not ready, for reasons not attributable to the SPD, leading to offtake constraint, the generation compensation from the buying utility shall be restricted to the following and there shall be no other claim, directly or indirectly against SECI:

Transmission Constraint	Provision for Generation Compensation
If the Project is ready but the necessary power evacuation/transmission infrastructure is not ready, leading to offtake constraint	<p>a. The normative CUF of 19% (nineteen per cent) or committed CUF, whichever is lower, for the period of grid unavailability, shall be taken for the purpose of calculation of generation loss. Corresponding to this generation loss, the excess generation by the SPD in the succeeding 3 (three) Contract Years, shall be procured by SECI at the PPA tariff so as to offset this loss.</p> <p>b. If the transmission delay is directly attributable to the organization building the transmission network and some penalty is imposed on him, then a part of that penalty may be utilized for compensating the generation loss.</p>

However, it is clarified that if the Project is ready for commissioning prior to the Scheduled Commissioning Date, but the offtake is constrained because of inadequate/incomplete power evacuation infrastructure, no compensation shall be permissible.

2.13.2 Generation Compensation in offtake constraints due to Grid Unavailability: During the operation of the plant, there can be some periods where the Project can generate power but due to temporary transmission unavailability, the power is not evacuated,

for reasons not attributable to the Solar Power Developer. In such cases, subject to the submission of documentary evidences from the competent authority, the generation compensation from buying utility shall be restricted to the following and there shall be no other claim, directly or indirectly against SECI:

Duration of Grid unavailability	Provision for Generation Compensation
Grid unavailability in a Contract Year: (only period from 8 am to 6 pm to be counted), for Grid unavailability beyond 50 hours in a Contract Year:	<p><i>Generation Loss = [(Average Generation per hour during the Contract Year) × (number of hours of grid unavailability during the Contract Year)]</i></p> <p>Where, Average Generation per hour during the Contract Year (kWh) = Total generation in the Contract Year (kWh) ÷ Total hours of generation in the Contract Year.</p>

The excess generation by the SPD equal to this generation loss shall be procured at the PPA tariff so as to offset this loss in the succeeding 3 (three) Contract Years.

2.13.3 Offtake constraints due to Backdown: The Solar Power Developer and Buying Entity shall follow the forecasting and scheduling process as per the regulations in this regard by the Appropriate Commission. The Government of India, as per Clause 5.2(u) of the Indian Electricity Grid Code (IEGC), encourages a status of “must-run” to solar power projects. Accordingly, no solar power plant, duly commissioned, should be directed to back down by a Discom/ Load Dispatch Centre (LDC). In the eventuality of backdown, including backdown on account of non-dispatch of power due to non-compliance with “Order No. 23/22/2019-R&R dated 28.06.2019 of Ministry of Power regarding Opening and maintaining of adequate Letter of Credit (LC) as Payment Security Mechanism under Power Purchase Agreements by Distribution Licensees” and any clarifications or amendment thereto, except for the cases where the Backdown is on account of events like consideration of grid security or safety of any equipment or personnel or other such conditions, subject to the submission of documentary evidences from the competent authority, the SPD shall be eligible for a minimum generation

compensation, from Buying Entity, restricted to the following and there shall be no other claim, directly or indirectly against SECI:

Duration of Backdown	Provision for Generation Compensation
Hours of Backdown during a monthly billing cycle.	<p><i>Generation Compensation = 100% of [(Average Generation per hour during the month) X (number of backdown hours during the month)] X PPA tariff</i></p> <p>Where, Average Generation per hour during the month (kWh) = Total generation in the month (kWh) ÷ Total hours of generation in the month</p>

The SPD shall not be eligible for any compensation in case the Backdown is on account of events like consideration of grid security or safety of any equipment or personnel or other such conditions. The Generation Compensation shall be paid as part of the energy bill for the successive month after receipt of Energy Accounts (REA)/SEA/JMR. No Trading Margin shall be applicable on the Generation Compensation as provided in Article 2.13.3 only.

It is hereby clarified that for the purpose of Article 2.13 “generation” shall mean scheduled/actual energy as applicable based on Energy Accounts.
