clearances etc. allow. In such case unless otherwise agreed by the SECI, SECI shall not be obligated to procure power beyond the Expiry Date.

**2.3 *Early Termination***

- 2.3.1 This Agreement shall terminate before the Expiry Date if either SECI or HPD terminates the Agreement, pursuant to Article 13 of this Agreement.

**2.4 *Survival***

- 2.4.1 The expiry or termination of this Agreement shall not affect any accrued rights, obligations and liabilities of the Parties under this Agreement, including the right to receive penalty as per the terms of this Agreement, nor shall it affect the survival of any continuing obligations for which this Agreement provides, either expressly or by necessary implication, which are to survive after the Expiry Date or termination including those under Article 11 (Force Majeure), Article 13 (Events of Default and Termination), Article 14 (Liability and Indemnification), Article 16 (Governing Law and Dispute Resolution), Article 17 (Miscellaneous Provisions), and other Articles and Schedules of this Agreement which expressly or by their nature survive the Term or termination of this Agreement shall continue and survive any expiry or termination of this Agreement.

### **ARTICLE 3: CONDITIONS SUBSEQUENT**

#### **3.1 Satisfaction of conditions subsequent by the HPD**

The HPD agrees and undertakes to duly perform and complete all of the following activities including Financial Closure at the HPD's own cost and risk by .....[Enter the date as on 12 Months after the Effective Date], unless such completion is affected by any Force Majeure event, or for the activities specifically waived in writing by SECI:

- a) The HPD shall make Project financing arrangements its Projects(s) and shall provide necessary certificates to SECI in this regard.
- b) The HPD shall submit details of all planned/proposed solar panels, inverters and wind turbine generators, along with necessary purchase order/agreements for the project, along with the rated capacity of any storage facility, if proposed at the Project site.

The HPD shall submit to SECI the relevant documents as stated above, complying with the Conditions Subsequent, within twelve (12) months from the Effective Date.

#### **3.2 Consequences of non-fulfilment of conditions subsequent and financial closure**

- 3.2.1 In case of a failure to submit the documents as above, SECI shall encash the Performance Bank Guarantee/ POI submitted by the HPD, terminate this Agreement and remove the Project from the list of the selected Projects by giving a notice to the HPD in writing of at least seven (7) days, unless the delay (subject to the conditions that HPD has made / is making all possible efforts) is on account of delay in allotment of Land by the Government not owing to any action or inaction on the part of the HPD or caused due to a Force Majeure. Unless extended as per provisions of Article 3.2.1 (i) of this Agreement in writing, the termination of the Agreement shall take effect upon the expiry of the 7th day of the above notice.

- 3.2.1 (i) An extension, without any impact on the Scheduled Commissioning Date, can however be considered, on the sole request of HPD, on payment of Rs. 1000/- per day per MW to SECI. Such extension charges are required to be paid to SECI in advance, for the period of extension required. In case of any delay in depositing this extension charge, HPD shall pay an interest on this extension charge for the days lapsed beyond due date of Financial Closure @ SBI-MCLR (1Year). In case such delay in making payment of the extension charges to SECI is more than 7 days, the termination of the Agreement shall take effect upon the expiry of such 7<sup>th</sup> day. This amount will go into the Payment Security Mechanism. In case of the HPD meeting the requirements of

conditions subsequent and financial closure before the last date of such proposed delay period, the remaining amount deposited by the HPD shall be returned by SECI without interest. This extension will not have any impact on the Scheduled Commissioning Date. Any extension charges paid so by the HPD, shall be returned to the HPD without any interest on achievement of successful commissioning within the Scheduled Commissioning Date, on pro-rata basis, based on the project capacity commissioned as on Scheduled Commissioned Date. However, in case the HPD fails to commission the Contract Capacity by Scheduled Commissioning Date, the extension charges deposited by the HPD shall not be refunded by SECI.

3.2.2 For the avoidance of doubt, it is clarified that this Article shall survive the termination of this Agreement.

3.2.3 In case of inability of the HPD to fulfil the conditions specified in Article 3.1 due to any Force Majeure event, the time period for fulfilment of the Conditions Subsequent and Financial Closure as mentioned in Article 3.1, shall be extended for the period of such Force Majeure event.

Further, any delay in adoption of tariff by the Appropriate Commission, beyond 120 (one hundred twenty days) days after the Effective Date of this Agreement, shall entail a corresponding extension in the deadline as stipulated in Article 3.1.

3.2.4 Provided that due to the provisions of this Article 3.2.1, any increase in the time period for completion of conditions subsequent and financial closure mentioned under Article 3.1, shall also lead to an equal extension in the Scheduled Commissioning Date.

### **3.3 Performance Bank Guarantee/ Payment on Order Instrument (POI)**

3.3.1 The Performance Bank Guarantee (PBG)/ Payment on Order Instrument having validity from the date of submission of PBG/POI until twenty-seven (27) months from the Effective Date having a value of Rs. 10 Lakh/MW to be furnished under this Agreement shall be for guaranteeing the commencement of the supply of power up to the Contracted Capacity within the time specified in this Agreement as per format provided in Schedule 1/Schedule 2.

3.3.2 The failure on the part of the HPD to furnish and maintain the Performance Bank Guarantee/POI shall be a material breach of the term of this Agreement on the part of the HPD.

3.3.3 If the HPD fails to commence supply of power from the Scheduled Commissioning Date specified in this Agreement or any further extension thereof granted by SECI,  
(Insert Project ID)

subject to conditions mentioned in Article 4.5, SECI shall encash the Performance Bank Guarantee/POI equivalent to the amount calculated as per liquidated damages applicable under Article 4.6 as on the date of encashment without prejudice to the other rights of SECI under this Agreement. It is to be noted that the damages/dues recovered by SECI by encashing the PBG/POI, upon the default of the HPD under the PPA, shall be credited to the payment security fund maintained by SECI under the PPA.

### **3.4 Return of Performance Bank Guarantee/ Payment on Order Instrument**

- 3.4.1 Subject to Article 3.3, SECI shall return / release the Performance Bank Guarantee/ POI immediately after the successful Commissioning of the Project after taking into account any liquidated damages / penalties due to delays in commissioning as per provisions stipulated in this Agreement.
- 3.4.2 The return / release of the Performance Bank Guarantee/ POI shall be without prejudice to other rights of SECI under this Agreement.

#### **4.2 *Information regarding Interconnection Facilities***

- 4.2.1 The HPD shall be required to obtain all information from the STU/CTU/concerned authority with regard to the Interconnection Facilities as is reasonably necessary to enable it to design, install and operate all interconnection plant and apparatus on the HPD's side of the Delivery Point to enable delivery of electricity at the Delivery Point. The transmission of power up to the point of interconnection where the metering is done for energy accounting shall be the responsibility of the HPD at his own cost.
- 4.2.2 Penalties, fines and charges imposed by the CTU/ STU under any statute or regulation in relation to delay in commissioning of Project shall be payable by the HPD to the extent the delay is attributable to the HPD.
- 4.2.3 The responsibility of getting connectivity with the transmission system up to the Interconnection Point, will lie with the HPD. The transmission of power up to the point of interconnection where the metering is done for energy accounting shall be the responsibility of the HPD at his own cost. The maintenance of Transmission system up to the designated point as per the applicable terms and conditions shall be the responsibility of the HPD. All costs and charges including but not limited to the wheeling charges and losses up to and including at the Interconnection Point associated with this arrangement will also be borne by the HPD.
- 4.2.4 In case of Pooling substation, losses in the transmission line shall be apportioned among the HPDs who share such a Pooling arrangement and duly signed by all HPDs, based on their monthly generation.
- 4.2.5 The arrangement of connectivity shall be made by the HPD through a dedicated transmission line. The entire cost of transmission including cost of construction of line, any other charges, losses etc. from the Project up to the Interconnection Point will be borne by the HPD. In case of non-availability of Grid and Transmission System during Term of this Agreement, for reasons not attributable to the HPD, provisions of Article 4.10 shall be applicable. It is to be noted that while the HPD is

free to choose multiple points of injection for supply of power in the ISTS network, the total quantum of connectivity as well as that of the LTA, to be sought by the HPD shall not exceed the Contracted Capacity as per the PPA for the said Project. For example, in case the Contracted Capacity of a Project is 100 MW under a single PPA, and the HPD chooses to seek connectivity and LTA at 2 separate injection points for “A MW” and “B MW” respectively, the sum of total quantum of connectivity sought under the PPA (A+B) should not exceed 100 MW.

- 4.2.6 Government of India, from time to time, issues order for waiver of inter-state transmission system (ISTS) charges and losses on transmission of wind and solar power till a certain date. In case the commissioning of the Project gets delayed beyond the applicable date of ISTS waiver, arising out of any reasons whatsoever, SECI shall bear no liability with respect to transmission charges and losses levied, if any. In case the SCD of the Project is before the date till above ISTS waiver is applicable, and if the Project is granted extension in the SCD on account of Force Majeure, or for delay on the part of the transmission provider in providing the transmission even after having taken the requisite steps in time; or on account of delays on the part of any Government Agency, and the Project is commissioned before the extended SCD, it will get benefit of waiver of inter-state transmission charges. However, in case the commissioning of the Project gets delayed beyond the applicable date of ISTS waiver/extended SCD as above, due to reasons attributable to the HPD, the liability of transmission charges and losses would be to the account of the HPD.

#### **4.3 Purchase and sale of Contracted Capacity**

- 4.3.1 Subject to the terms and conditions of this Agreement, the HPD undertakes to sell to SECI and SECI undertakes to pay Tariff for all the energy supplied at the Delivery Point corresponding to the Contracted Capacity.
- 4.3.2 Energy procured from the Project under this Agreement shall be allocated on a pro-rata basis, to all the Buying Entities which have signed their respective Power Sale Agreements with SECI under the referred RfS.

#### **4.4 *Right to Contracted Capacity & Energy***

- 4.4.1 The Bidder has declared the annual CUF of the Project(s) during the submission of the Bid as mentioned in Schedule-I of the PPA and the HPD will be allowed to revise the same once within first three years after COD of the Project. For any

Contract Year, the HPD shall maintain generation so as to achieve annual energy supply not less than \_\_\_\_\_MUs (Individual MUs i.e Solar & wind energy components to be mentioned along with total MUs) corresponding to the minimum annual CUF of \_\_\_\_\_% (insert declared Minimum annual CUF) and not more than \_\_\_\_\_MUs (Individual MUs i.e Solar & wind energy components to be mentioned along with total MUs) corresponding to the maximum annual CUF of \_\_\_\_\_% (insert Maximum annual CUF) and Buying Entity shall be obligated to purchase the same during the entire Term of this Agreement.

If for any Contract Year, except for the Contract Year ending on 31st March immediately after the COD of the Project, it is found that the HPD has not been able to supply at Delivery Point to Buying Entity, minimum annual energy corresponding to Minimum CUF on account of reasons solely attributable to the WPD, the WPD shall be liable to pay a compensation to Buyer to enable the Buyer to remit such compensation to Buying Entity. It is clarified that the shortfall in energy supply will be calculated based on the total annual energy commitments, and not on the solar and wind energy units as indicated above. The energy corresponding to Minimum CUF as well as Maximum CUF will, however be relaxable by Buyer to the extent of Generation Compensation due to grid non-availability to the Project for evacuation which is beyond the control of the HPD as determined under provisions of Article 4.10. The amount of such compensation shall ensure the Buying Entity to offset for all potential costs associated with low generation and supply of power from the Project(s) under the PSA. The amount of such compensation shall be calculated @ 50% (fifty percent) of the PPA Tariff for the shortfall in energy terms, which shall be passed on to the Buying Entity as provided. This compensation shall not be applicable in events of Force Majeure identified under PPA with SECI affecting supply of power by HPD.

- 4.4.2 Any excess generation over and above as per Article 4.4.1, may be purchased by SECI at the tariff in terms as per Article 9, provided the Buying Entity consents to purchase such power. While the HPD would be free to install the DC solar field as per its design of required output, including its requirement of auxiliary consumption and to repower the Project from time to time during the term of the PPA in line with applicable MNRE guidelines, it will not be allowed to sell any excess power to any other entity other than SECI (unless refused by SECI). Further, any addition to the installed capacity (including but not limited to solar panels and/or wind turbines) subsequent to commissioning of the full capacity/part capacity of the Project (as

applicable), shall not be eligible for any future claims made by the HPD, seeking compensation on account of any changes in the applicable provisions covered under Change in Law as defined in this Agreement.

The HPD will be free to re-power their plants during the PPA duration. However, after repowering, the minimum ratio of both the resources shall be maintained.

The HPD shall be required to intimate SECI about the proposed excess quantum of energy likely to be generated from the Project within any Contract Year, at least 60 days prior to the proposed date of commencement of excess generation. SECI shall be required to intimate its approval/refusal to the HPD, for buying such excess generation not later than 30 days of receiving the above offer from the HPD. In the event the offer of the HPD is not accepted by SECI within the said period of 30 days, such right shall cease to exist and the HPD shall, at its sole discretion, may sell such excess power to any third party.

However, in case at any point of time, the peak of capacity reached is higher than the contracted capacity and causes disturbance in the system at the point where power is injected, the HPD will have to forego the excess generation and reduce the output to the rated capacity and shall also have to pay the penalty/charges (if applicable) as per applicable regulations / requirements / guidelines of CERC / SERC /SLDC or any other competent agency.

Any energy produced and flowing into the grid before Scheduled Commissioning Date shall not be at the cost of SECI. SECI may agree to buy such power at a tariff as agreed to between SECI and the Buying Entity (including SECI's trading margin), provided the Buying Utility consents for purchase of such power.

#### **4.5 *Extensions of Time***

4.5.1 In the event that the HPD is prevented from performing its obligations under Article 4.1 by the Scheduled Commissioning Date due to:

- a) any SECI Event of Default; or
- b) Force Majeure Events affecting SECI/ Buying Entity(ies), or
- c) Force Majeure Events affecting the HPD,

the Scheduled Commissioning Date and the Expiry Date shall be deferred, for a reasonable period but not less than 'day for day' basis, to permit the HPD or SECI/ Buying Entity(ies) through the use of due diligence, to overcome the effects of the Force Majeure Events affecting the HPD or SECI/Buying Entity(ies), or till such time such Event of Default is rectified by SECI.

4.5.2 Subsequent to grant of connectivity, in case there is a delay in grant/operationalization of LTA by the CTU and/or there is a delay in readiness of the ISTS substation at the Delivery Point, including readiness of the power evacuation and transmission infrastructure of the ISTS network until SCD of the Project, and it is established that:

- (i) The HPD has complied with the complete application formalities as per RfS,
- (ii) The HPD has adhered to the applicable Procedure in this regard as notified by the CERC/CTU, and
- (iii) The delay in grant of connectivity/LTA by the CTU and/or delay in readiness of the ISTS substation at the Delivery Point, including readiness of power evacuation and transmission infrastructure of the ISTS network, is a factor attributable to the CTU/transmission licensee and is beyond the control of the HPD;

The above shall be treated as delays beyond the control of the HPD and SCD for such Projects shall be revised as the date as on 60 days subsequent to the readiness of the Delivery Point and power evacuation infrastructure and/or operationalization of LTA. Decision on requisite extension on account of the above factor shall be taken by SECI.

Further, any delay in adoption of tariff by the Appropriate Commission, beyond 120 days after Effective Date of this Agreement, shall entail a corresponding extension in Scheduled Commissioning Date.

4.5.3 In case of extension due to reasons specified in Article 4.5.1(b) and (c), and if such Force Majeure Event continues even after a maximum period of 180 days from the date of the Force Majeure Notice, any of the Parties may choose to terminate the Agreement as per the provisions of Article 11.10. In case neither party terminates the Agreement under this clause, the Agreement shall stand terminated on the expiry of twelve (12) months of the continuation of the Force Majeure event unless the parties mutually agree to extend the Agreement for the further period.

4.5.4 If the Parties have not agreed, within thirty (30) days after the affected Party's performance has ceased to be affected by the relevant circumstance, on the time period by which the Scheduled Commissioning Date or the Expiry Date should be deferred, any Party may raise the Dispute to be resolved in accordance with Article 16.

- 4.5.5 As a result of such extension on account of Article 4.5.1 or Article 4.5.2, the newly determined Scheduled Commissioning Date and newly determined Expiry Date shall be deemed to be the Scheduled Commissioning Date and the Expiry Date for the purposes of this Agreement.
- 4.5.6 Not Used.
- 4.5.7 Delay in commissioning of the project beyond the scheduled commissioning date for reasons other than those specified in Article 4.5.1 & Article 4.5.2 shall be an event of default on part of the HPD and shall be subject to the consequences specified in the Article 4.6.

**4.6 *Liquidated Damages not amounting to penalty for delay in Commissioning***

- 4.6.1 The Project shall be fully commissioned within the Scheduled Commissioning Date as defined in this Agreement. If the HPD is unable to commission the Project by the Scheduled Commissioning Date for the reasons other than those specified in Article 4.5.1 and 4.5.2, the HPD shall pay to SECI, damages for the delay in such commissioning and making the Contracted Capacity available for dispatch by the Scheduled Commissioning Date as per the following:
- (a) Delay beyond the Scheduled Commissioning Date upto (& including) the date as on 6 months after the Scheduled Commissioning Date, as part of the liquidated damages, the total PBG/POI amount for the Project shall be encashed on per day basis and proportionate to the balance capacity not commissioned. For example, in case of a Project of 240 MW capacity, if commissioning of 100 MW capacity is delayed by 18 days beyond the SCD, then the liquidated damages shall be:  $\text{PBG/POI amount} \times (100/240) \times (18/180)$ . For the purpose of calculations of liquidated damages, 'month' shall be considered consisting of 30 days.
  - (b) For avoidance of doubt, it is clarified that provisions of Article 4.6.1 will be applicable even in cases where no capacity (**i.e. 0 MW**) is commissioned.
- 4.6.2 The maximum time period allowed for commissioning of the full Project Capacity with encashment of Performance Bank Guarantee/POI shall be limited to 6 months after the SCD of the Project. In case, the Commissioning of the Project is delayed beyond 6 months after the SCD, it shall be considered as an HPD Event of Default and provisions of Article 13 shall apply and the Contracted Capacity shall stand reduced / amended to the Project Capacity Commissioned within 6 months after the SCD and the PPA for the balance Capacity will stand terminated and shall be reduced from the project capacity.

- 4.6.3 The HPD further acknowledges that the amount of the liquidated damages fixed is genuine and reasonable pre-estimate of the damages that may be suffered by SECI/ Buying entity(s) as specified under this Agreement or in the PSA.

#### **4.7 Acceptance/Performance Test**

- 4.7.1 Prior to synchronization of the Power Project, the HPD shall be required to get the Project certified for the requisite acceptance/performance test as may be laid down by Central Electricity Authority or an agency identified by the central government to carry out testing and certification for the Hybrid power project.

#### **4.8 Third Party Verification**

- 4.8.1 The HPD shall be further required to provide entry to the site of the Power Project free of all encumbrances at all times during the Term of the Agreement to SECI and a third Party nominated by any Indian Governmental Instrumentality for inspection and verification of the works being carried out by the HPD at the site of the Power Project. The HPD shall provide full support to SECI and/or the third party in this regard.
- 4.8.2 The third party may verify the construction works/operation of the Power Project being carried out by the HPD and if it is found that the construction works/operation of the Power Project is not as per the Prudent Utility Practices, it may seek clarifications from HPD or require the works to be stopped or to comply with the instructions of such third party.

#### **4.9 Breach of Obligations**

- 4.9.1 The Parties herein agree that during the subsistence of this Agreement, subject to SECI being in compliance of its obligations & undertakings under this Agreement, the HPD would have no right to negotiate or enter into any dialogue with any third party for the sale of Contracted Capacity of power which is the subject matter of this Agreement. It is the specific understanding between the Parties that such bar will apply throughout the entire term of this Agreement.

#### **4.10 Generation compensation for Off-take constraints**

- 4.10.1 Not Used.
- 4.10.2 Offtake constraints due to Backdown: The Hybrid Power Developer and Buying Entity shall follow the forecasting and scheduling process as per the regulations in this regard by the Appropriate Commission. The Government of India, as per Clause 5.2(u) of the Indian Electricity Grid Code (IEGC), encourages a status of

“must-run” to wind and solar power projects. Therefore, wind solar hybrid power plant, duly commissioned, should never be directed to back down by a Discom/ Load Dispatch Centre (LDC) except grid security or safety of any equipment or personnel where it should be duly recorded, the justification of which can be verified by any third-party agency, and be notified in writing. No back-down / curtailment to be ordered without giving formal/ written instruction for the same. The details of back-down / curtailment, including justifications for such curtailment, specifying data to back such curtailment, to be made public by the concerned Load Dispatch Centre. In the event of any backing down, the HPD shall be eligible for a Generation Compensation, in the manner detailed below and there shall be no other claim, directly or indirectly against SECI:

<b>Duration of Backdown</b>	<b>Provision for Generation Compensation</b>
Hours of Backdown during a monthly billing cycle.	<p><b><i>Minimum Generation Compensation = 100% of [(Average Generation per hour during the month) (number of backdown hours during the month) X PPA tariff]</i></b></p> <p>Where, Average Generation per hour during the month (kWh) = Total generation in the month (kWh) ÷ Total hours of generation in the month</p>

The Generation Compensation shall be paid as part of the energy bill for the successive month after receipt of Regional Energy Accounts (REA)/SEA/JMR. No Trading Margin shall be applicable on the Generation Compensation as provided in Article 4.10.2 only.

It is hereby clarified that for the purpose of Article 4.10, “generation” shall mean scheduled energy based on Energy Accounts. Notwithstanding anything mentioned above, the provisions of Article 4.10 shall be applicable subject to the acceptance of the same by the respective Buying Utility.

No compensation shall be payable, however, if the backdown/ curtailment is on account of considerations of grid security/ safety. Such a backdown will be recorded and reported to RLDC/ NLDC. RLDC/ NLDC will examine the issue of grid safety/ security and give a finding that the issue of grid safety existed.

## **ARTICLE 5: SYNCHRONISATION, COMMISSIONING AND COMMERCIAL OPERATION**

### **5.1 Synchronization, Commissioning and Commercial Operation**

- 5.1.1 The HPD shall give the concerned RLDC/SLDC and SECI and also Buying Entity at least sixty (60) days' advanced preliminary written notice and at least thirty (30) days' advanced final written notice, of the date on which it intends to synchronize the Power Project to the Grid System.
- 5.1.2 Subject to Article 5.1.1, the Power Project may be synchronized by the HPD to the Grid System when it meets all the connection conditions prescribed in applicable Grid Code then in effect and otherwise meets all other Indian legal requirements for synchronization to the Grid System.
- 5.1.3 The synchronization equipment and all necessary arrangements / equipment including RTU for scheduling of power generated from the Project and transmission of data to the concerned authority as per applicable regulation shall be installed by the HPD at its generation facility of the Power Project at its own cost. The HPD shall synchronize its system with the Grid System only after the approval of synchronization scheme is granted by the head of the concerned substation/Grid System and checking/verification is made by the concerned authorities of the Grid System.
