

**Request for Selection (RfS) Document for setting up
of Projects of 125 MW/ 500 MWh Standalone Battery
Energy Storage Systems in Odisha
under Tariff-Based Competitive Bidding with
Viability Gap Funding supported through PSDF**

RfS No. SECI/C&P/IPP/15/0015/25-26 dated 18.12.2025

Tender Search Code on ISN-ETS: SECI -2025-TN000027

***Solar Energy Corporation of India Limited
(A Government of India Enterprise)
6th Floor, Plate-B, NBCC Office Block Tower-2,
East Kidwai Nagar, New Delhi – 110023
Tel: 011 - 24666200, e-mail : contracts@seci.co.in***

DISCLAIMER

- I. Though adequate care has been taken while preparing the RfS document, the bidder(s) shall satisfy themselves that the document is complete in all respect. Intimation regarding any discrepancy shall be given by the prospective bidders to the office of SECI immediately. If no intimation is received from any bidder within **10 (Ten) days from the date of issuance of RfS documents**, it shall be considered that the document is complete in all respect and has been received/ acknowledged by the bidder(s).
- II. Solar Energy Corporation of India Limited (SECI) reserves the right to modify, amend or supplement this document.
- III. This RfS document has been prepared in good faith, and on best endeavour basis. Neither SECI nor their employees or advisors make any representation or warranty, express or implied, or accept any responsibility or liability, whatsoever, in respect of any statements or omissions herein, or the accuracy, completeness or reliability of information, and shall incur no liability under any law, statute, rules or regulations as to the accuracy, reliability or completeness of this document, even if any loss or damage is caused by any act or omission on their part.
- IV. All rights to this tender document and its contents are reserved by SECI. No portion of this document may be copied, reproduced, distributed, or transmitted in any form or by any means—whether electronic, mechanical, photocopying, recording, or otherwise—without the prior written consent of SECI, except as permitted under applicable Indian copyright laws for brief quotations in reviews or other non-commercial uses. Any third-party content included herein is subject to the intellectual property rights of the respective owners and may not be used without their explicit permission.
- V. In case of any discrepancy in the documents uploaded on the websites of SECI, ISN-ETS portal and CPPP, the documents uploaded on the ISN-ETS portal website will prevail.

Place: New Delhi

Date: 18.12.2025

BID INFORMATION SHEET

The brief details of the RfS are as under:

(A)	NAME OF WORK/ BRIEF SCOPE OF WORK/ JOB	1. Selection of Battery Energy Storage System Developers for Setting up of 6 Nos. of Projects of Standalone Battery Energy Storage Systems of cumulative capacity of 500 MWh (125 MW x 4 Hrs.) in Odisha with VGF supported through PSDF for “on Demand” usage under Tariff-based Competitive Bidding 2. The Projects will be set up under “Build-Own-Operate (BOO)” model.

- Bids must be submitted strictly in accordance with Section-2 and 3 of the RfS, depending upon Type of Tender as mentioned at Clause no. (D) of Bid Information Sheet.
- Bidders are required to quote strictly as per terms and conditions of the RfS documents and not to stipulate any deviations/ exceptions.
- Any bidder, who meets the Qualifying Requirement and wishes to quote against this RfS, may download the complete RfS document along with its amendment(s) and clarifications if any, from ISN-ETS Portal (<https://www.bharat-electronictender.com>) and/or SECI website (www.seci.co.in) and submit their Bid complete in all respect as per terms & conditions of RfS Document on or before the due date of bid submission.
- Amendment(s)/ Clarification(s)/ Corrigendum(s), if any, shall also be available on the above referred websites.

Bidders are requested to remain updated for any notices/ amendments/ clarifications etc. to the RfS document through the websites <https://www.bharat-electronictender.com> and www.seci.co.in. No separate notifications will be issued for such notices/ amendments/ clarifications etc. in the print media or individually. Intimation regarding notification on the above shall be updated on www.seci.co.in and the details will be available only from <https://www.bharat-electronictender.com>.

SECTION 1. INTRODUCTION & INVITATION FOR BIDS

1 *Background & Introduction*

- 1.1 Solar Energy Corporation of India Limited (hereinafter referred to as “SECI”) is a “Navratna” Government of India Enterprise under the administrative control of the Ministry of New & Renewable Energy (MNRE). One of the main objectives of the Company is to assist the Ministry and function as the implementing and facilitating arm of the National Solar Mission (NSM) for development, promotion and commercialization of solar energy technologies in the country.
- 1.2 With various global developments in technology and manufacturing, Renewable Energy (RE) has become the most affordable and cheapest source for meeting the energy requirements. Initial capacities have been successfully integrated to the grids so far, but with increasing penetration of RE in the energy mix, further capacity addition is expected to face issues due to variable nature and supply-demand mismatch.
- 1.3 With respect to increasing the storage component in the energy mix, CEA’s Report on identification of usage of storage as business case and for ancillary services, identifies Pumped Hydro Storage System (PSP) and Battery Energy Storage Systems (BESS) as the commercially deployed solutions for providing requisite storage capacity. CEA’s Report on Optimal generation capacity mix for the year 2029-30 (Version 2.0), released in April, 2023, envisages a total installed Battery Energy Storage capacity of 41,650 MW/208,250 MWh as part of the installed capacity in 2029-30. This will be in addition to 18,986 MW of Pumped Hydro Storage System envisaged to be a component of the installed capacity in 2029-30.
- 1.4 Going forward, the planning process for transition to a greener energy mix in the country would entail integrating the planned Renewable capacity into India’s energy grid while ensuring its safety and reliability. Apart from Pumped Hydro Storage Plants, BESS are envisaged to be significant element of the future grid with increased share of renewable energy in accordance with the target of 500 GW of non-fossil-based capacity to be installed by 2030. Energy Storage Systems (ESS) are necessary to address this challenge by storing excess energy when not needed and supplying it during peak demand periods. As reliance on RE increases, the grid experiences stress during evening and morning peaks when sufficient RE is not available, necessitating additional power dispatch. ESS plays a vital role in successfully integrating RE into the grid and assisting grid operators in managing these fluctuations in demand and RE supply. ESS connected to solar pooling stations also help in maximizing the capacity utilization of RE transmission systems.
- 1.5 SECI has received interest from GRIDCO Limited (hereinafter referred to as “GRIDCO”), Odisha, to utilize energy storage systems, on an “On-Demand” basis, suited to their requirements during the peak and off-peak hours. In view of the above, SECI, on behalf of GRIDCO, hereby invites proposals for setting up of 6 Nos. of Grid-connected Projects of Standalone Battery Energy Storage Systems (BESS), for an aggregate storage capacity of 500 MWh (125 MW x 4 Hrs.). GRIDCO shall enter into

a Battery Energy Storage Purchase Agreement (BESPA) with the successful Bidders selected based on this RfS, for providing Energy Storage facility to GRIDCO as per the terms, conditions and provisions of the RfS and BESPA.

- 1.6 Battery Energy Storage System Developers (hereinafter referred to as “BESSDs”) selected by SECI based on this RfS, shall set up the BESS on Build Own Operate (BOO) basis in accordance with the provisions of this RfS document and standard BESPA.
- 1.7 The Bidders will be free to avail fiscal incentives like Accelerated Depreciation, Concessional Customs and Excise Duties, Tax Holidays etc. available if any for such Projects. The same will not have any bearing on comparison of bids for selection. As equal opportunity is being provided to all Bidders at the time of tendering itself, it is up to the Bidders to avail various tax and other benefits. No claim shall arise on SECI for any liability if Bidders are not able to avail fiscal incentives and this will not have any bearing on the applicable tariff. SECI does not however, give a representation on the availability of fiscal incentive and submission of bid by the Bidder shall be independent of such availability or non-availability as the case may be of the fiscal incentives.
- 1.8 Already commissioned projects cannot be considered under this RfS. The battery capacity being installed under this tender cannot be used by the developer as part of the installed Project capacity demonstrated under any other tender concluded by any Central or State Agency as on the last date of bid submission of this RfS.

1.9 **Viability Gap Funding:**

Project selected under this RfS shall be eligible for grant of Viability Gap Funding (VGF) supported through Power System Development Fund (PSDF) scheme issued by Ministry of Power vide F. No. 48-15/7/2025-NRE SECTION dated 09.06.2025, to be released as per the provisions contained in the Scheme and this RfS. The VGF supported through PSDF scheme has been earmarked for a cumulative BESS capacity of 500 MWh under this RfS.

Under the VGF scheme supported through PSDF, GRIDCO Limited will be the Implementing Agency for state of Odisha, as nominated by Department of Energy, Government of Odisha. SECI shall act as a Bid Process Coordinator (BPC)/ Bidding Agency for carrying out the bidding process under the Guidelines on behalf of GRIDCO Limited.

1.10 Guidelines for Implementation of the RfS

This RfS document has been prepared based on the Guidelines for “Procurement and Utilization of Battery Energy Storage Systems as part of Generation, Transmission and Distribution assets, along with Ancillary Services”, issued by Ministry of Power vide Gazette Notification dated 10.03.2022 and subsequent amendments and clarifications issued thereto until the bid submission deadline for this RfS.

- 1.11 SECI has issued this RfS in the capacity of “Bidding Agency” as defined in the aforementioned Guidelines. SECI/ GRIDCO may develop a suitable monitoring

mechanism, to analyze the performance of the Project and carry out random checks to verify compliance of quality standards.

2 Invitation for Bids

- 2.1 A Single Stage, Two-Envelope competitive Bidding Procedure will be adopted and will proceed as detailed in this RfS document. Bidding will be conducted through the competitive bidding procedures as per the provisions of this RfS. The respective rights of SECI and the Bidder/BESSD shall be governed by the RfS Documents/Agreements signed between GRIDCO and the BESSD.
- 2.2 Interested bidders have to necessarily register themselves on the portal <https://www.bharat-electronictender.com> (“ETS portal”) through M/s Electronic Tender.com (India) Pvt. Limited to participate in the bidding under this invitation for bids. It shall be the sole responsibility of the interested bidders to get themselves registered at the aforesaid portal for which they are required to contact M/s Electronic Tender.com (India) Pvt. Limited, New Delhi to complete the registration formalities. Contact details of ISN-ETS is mentioned on the Bid Information Sheet. All required documents and formalities for registering on ISN-ETS are mentioned in the subsequent RfS documents.

They may obtain further information regarding this RfS from the registered office of SECI at the address given on the Bid Information Sheet from 10:00 hours to 17:00 hours on all working days.

For proper uploading of the bids on the ETS portal, it shall be the sole responsibility of the bidders to apprise themselves adequately regarding all the relevant procedures and provisions as detailed in the portal as well as by contacting M/s Electronic Tender.com (India) Pvt. Limited (ETI) directly, as and when required, for which contact details are also mentioned on the Bid Information Sheet. SECI in no case shall be responsible for any issues related to timely or properly uploading/ submission of the bid in accordance with the relevant provisions of the Bidding Documents.

- 2.3 Bidders should submit their bid proposal complete in all aspect on or before last date and time of Bid Submission as mentioned on ISN-ETS Portal (<https://www.bharat-electronictender.com>), SECI website <http://www.seci.co.in> and as indicated in the Bid Information Sheet.
- 2.4 Bidder shall submit bid proposal along with non-refundable Cost of RfS Document, Bid Processing Fees and Earnest Money Deposit (EMD) complete in all respect as per the Bid Information Sheet. Bid proposals received without the stipulated Cost of RfS Document, Bid Processing Fees and EMD, will be rejected. **In the event of any date indicated being declared a holiday, the next working day shall become operative for the respective purpose mentioned herein.**
- 2.5 RfS documents can be downloaded from the ISN-ETS portal or from SECI’s website. It is mandatory to download official copy of the RfS Document from ISN-ETS portal to participate in the Tender. Any amendment(s)/corrigendum(s)/clarification(s) with

respect to this RfS shall be uploaded on ISN-ETS portal. The Bidder should regularly check for any Amendment(s)/Corrigendum(s)/Clarification(s) on the above mentioned ISN-ETS portal. The same may also be uploaded on SECI's website also. However, in case of any discrepancy, the information available on ISN-ETS portal shall prevail.

- 2.6 SECI/GRIDCO reserves the right to cancel/ withdraw/ defer this invitation for bids without assigning any reason and shall bear no liability whatsoever consequent upon such a decision.

2.7 **Interpretations**

- a. Words comprising the singular shall include the plural & vice versa.
- b. An applicable law shall be construed as reference to such applicable law including its amendments or re-enactments from time to time.
- c. A time of day shall save as otherwise provided in any agreement or document be construed as a reference to Indian Standard Time.
- d. Different parts of this contract are to be taken as mutually explanatory and supplementary to each other and if there is any differentiation between or among the parts of this contract, they shall be interpreted in a harmonious manner so as to give effect to each part.
- e. The table of contents and any headings or sub headings in the contract has been inserted for case of reference only & shall not affect the interpretation of this document.

SECTION 2. SPECIAL CONDITIONS OF CONTRACT

3 *Scope of Work*

- 3.1 Under this RfS, the BESSD shall be required to set up, operate and maintain a Battery Energy Storage System (BESS), with the primary objective of making the energy storage facility available to the GRIDCO for charging/discharging of the BESS, on an “on demand” basis. Detailed criteria for performance are elaborated in Clause 8 of the RfS.
- 3.2 Setting up of the BESS and interconnection of the BESS with the STU network, as per the details at Clause 7, including the construction of the new bay and safety of the equipment/ personnel will be under the scope of the BESSD. The entire cost of construction of infrastructure from the Project up to the Interconnection Point, including but not limited to the transmission line, construction of new Bay, Bus bar extension/augmentation & protection relay augmentation with installation of protection and control panel, & other cost up to the interconnection point shall be borne by the BESSD. The work shall be carried out under supervision work by OPTCL. The constructed Bay shall be handed over to OPTCL and OPTCL shall bear the cost of maintenance of the bays, for the complete Term of the BESP. This RfS is technology agnostic on the nature of battery storage system being opted by the BESSD, as long as it meets the definition of BESS under this RfS and the required performance criteria under the RfS and BESP.
- 3.3 Scheduling for charging and discharging of the BESS system will be under the scope of the SLDC/GRIDCO. The BESS shall be charged by drawing power from OPTCL network and discharged by injecting power into the OPTCL network in accordance with the dispatch instructions issued by Odisha SLDC in consultation with GRIDCO. GRIDCO will provide required input power for charging BESS considering minimum system efficiency under the agreement.
- 3.4 The Application Software of the Energy Management System (EMS) of the BESS shall be developed indigenously within India.
- 3.5 The BESSD shall ensure that the Battery Energy Storage System installed is of requisite quality and complies with best industry practices. The use of refurbished or second-hand battery cells in the project is strictly prohibited. An undertaking to this effect shall be obtained by GRIDCO from the BESSD in a format to be prescribed by GRIDCO.
- 3.6 BESSD shall make necessary arrangements for approach roads, balance of plant, etc. without hindering the activities of the Grid Substations.
- 3.7 As Battery Energy Storage Solutions are prone to fire hazard, the BESSD shall provide suitable means such as fire barriers between switchyard/GSS and BESS to ensure adequate safety and to avoid fire to spread from BESS to Yard equipment.
- 3.8 The BESSD shall be required to dismantle/ disengage the Project and return the encumbrance-free land, along with all relevant permissions, to OPTCL within six (6)

months from - the expiry of the Term of the BESPA/ extended Term of BESPA (as applicable) or at an earlier date in case the BESPA is terminated prior to the expiry of its Term.

4 Total capacity offered and Project sizing

- 4.1 Selection of 6 Nos. of BESS Projects for a total capacity of 125 MW/ 500 MWh (i.e. 5 Projects of 20 MW/ 80 MWh each and 1 Project of 25 MW/ 100 MWh) will be carried out through e-bidding followed by separate e-Reverse Auction process for each Project Cluster as defined below.
- 4.2 Selection of Project Developers will be carried out based on the Project Capacity offered by the Bidders. In this context, the term “Project” used anywhere in the RfS and BESPA, will solely mean the BESS, set up by the BESSD to make available the Contracted Capacity as agreed to in the BESPA.
- 4.3 For a specified Contracted Capacity, any oversizing of the BESS over the minimum rated Energy capacities required under this RfS is left to the discretion of the BESSD. However, it is to be noted that, at the time of commissioning, rated capacity of the BESS (Power and Energy) to be installed as indicated in the BESPA, will be verified.
- 4.4 **Project Configuration:**

The Projects shall be set up inside the identified Substations, as per the distribution matrix as follows:

S. No.	Cluster Number	Project ID	Name of the Grid Sub-Station/Project	Connectivity	BESS Capacity
1	Cluster-1	Project-1	132/33 kV GSS Padampur	Space available for 2 nos. of 33 kV Bays	20 MW/80 MWh
2		Project-2	220/132/33 kV GSS New Bolangir	Space available for 2 nos. of 33 kV Bays	20 MW/80 MWh
3	Cluster-2	Project-3	132/33 kV GSS Bhatli	Space available for 2 nos. of 33 kV Bays	20 MW/80 MWh
4		Project-4	132/33 kV GSS Basta	Space available for 2 nos. of 33 kV Bays	20 MW/80 MWh
5	Cluster-3	Project-5	220/132/33 kV GSS Narendrapur	Space available for 2 nos. of 33 kV Bays	25 MW/100 MWh
6		Project-6	132/33 kV GSS Tentuli Khunti	Space available for 2 nos. of 33 kV Bays	20 MW/80 MWh

The Projects shall be connected to the Interconnection Points, as defined in the RfS. The BESSDs shall demonstrate the Contracted Capacity at the Interconnection Point.

5 *Maximum Contracted Capacity Allocation to a Bidder*

Following conditions shall be applicable to the Bidders for submission of bids against this RfS:

- 5.1 A Bidder, including its Parent, Affiliate or Ultimate Parent or any Group Company shall submit a single bid offering **minimum one Cluster** as mentioned at Clause 4.4 and **maximum three Clusters (i.e. all the Clusters)** as mentioned at Clause 4.4 in the prescribed formats. The Substations under a Cluster and its Project size at a single Substation as per Clause 4.4 above shall not be deviated from, and a single Bidder shall have the option to quote for any number of Clusters under the RfS.

Note: In case a common Company/Companies directly or indirectly hold(s) more than 10% but less than 26% shareholding in more than one Bidder participating in the RfS, each of such Bidders will be required to submit the Disclosure as per Format 7.8A. In all other cases, Format 7.8 will be applicable.

- 5.2 The maximum cumulative Clusters to be allocated to a Bidder including its Parent, Affiliate or Ultimate Parent or any Group Company shall be limited to **02 (Two) Clusters**.
- 5.3 The evaluation of bids shall be carried out as described in Section-5 of RfS. The methodology for Allocation of Projects is elaborated in Section-5 of RfS.
- 5.4 Subject to the exception as per Clause 5.1 above, multiple bids from same company including its Parent/ Ultimate Parent/Affiliates/Group Companies shall make all the bids submitted by the group invalid.

6 *Project Location*

- 6.1 Pursuant to Clause 4.4, the Projects shall be set up inside the identified Substations of the STU network in the State of Odisha. Land identification and allocation for the Projects will be under the scope of the GRIDCO/ OPTCL owning the identified substations. Land will be provided on right-to-use basis to the BESSD through suitable agreement with GRIDCO/ OPTCL. Project land details are enclosed at Annexure-E.

Land area as per table below has been identified for all 6 Projects, to be provided on Right-to-Use basis, at a rent of INR 1 per project for entire tenure of the project. However, the BESSD shall pay the Land rent, cess and other applicable charges towards the allotted land, the present rent, cess, other charges are attached for reference. The Successful Bidder as discovered after the e-Reverse Auction for each Project will be provided a land area as mentioned in table below, as per the substation layouts enclosed.

S. No.	Project ID	Name of the Grid Sub-Station/Project	BESS Capacity	Space available within the Substation (approx.)	GPS Location of GSS (Latitude, Longitude)
1	Project-1	132/33 kV GSS Padampur	20 MW/80 MWh	88,188 sq. ft.	20° 59' 36" N, 83° 04' 41" E
2	Project-2	220/132/33 kV GSS New Bolangir	20 MW/80 MWh	94,090 sq. ft.	20° 43' 52" N, 83° 28' 27" E
3	Project-3	132/33 kV GSS Bhatli	20 MW/80 MWh	1,10,000 sq. ft.	21° 26' 54" N, 83° 28' 6" E
4	Project-4	132/33 kV GSS Basta	20 MW/80 MWh	87,120 sq.ft.	21° 41' 15.144" N, 87° 4' 46.092" E
5	Project-5	220/132/33 kV GSS Narendrapur	25 MW/100 MWh	1,00,000 sq. ft.	19° 19' 46.4" N, 84° 51' 42.2" E
6	Project-6	132/33 kV GSS Tentuli Khunti	20 MW/80 MWh	1,27,014 sq. ft.	19° 17' 28" N, 82° 42' 48" E

6.2 The above land area will be handed over to the BESSD within 60 days from Effective Date of the BESP. In case of any delay in providing clear possession of the identified land to the BESSD, the Financial Closure and Commissioning milestones will be suitably extended. If the land area provided proves to be inadequate for the Project, the BESSD shall be responsible for acquiring additional land required, until commissioning of the first part capacity of the Project. For avoidance of doubt it is clarified that there is no merchant capacity allowed to be set up with Projects to be set up under this RfS.

6.3 The Delivery Point(s) under this RfS shall be a single point for each project as indicated in Clause 7. It is hereby clarified that Interconnection of the Project at any other substation is not permitted for the Projects being set up under this RfS.

6.4 After the expiry/termination of the BESP, the entire land area allocated to the BESSD shall be returned to OPTCL in the same condition as it was allocated, within 6 months of expiry/ termination of the BESP. If the BESSD does not vacate the allocated land area and/or does not uninstall the entire Project equipment from the designated land area upon expiry/termination of the BESP, GRIDCO/ OPTCL shall charge the applicable market price/circle rate for the respective land parcels, as fixed by the concerned Revenue Authorities of the Government, as part of penalty on the BESSD.

6.5 Substation Specific Details:

(a) The layout and single line diagram of each identified sub-station are also enclosed as part of Annexure-E, clearly showing the BESS area. The connection from BESS to the identified 33 kV bay is to be done through UG cable only and

no overhead connection to the bay from BESS is allowed.

(b) Contact details of concerned officers from identified substation for the site visit are as follows:

S. No.	Project ID	Name of the Grid Sub-Station/Project	Name of the STU Operation Division	Contact Number of EE/Operation
1	Project-1	132/33 kV GSS Padampur	EHT(O&M) Division, Nuapada	Shri Gajre Kerketta, DGM(EL) Mob-9438907170
2	Project-2	220/132/33 kV GSS New Bolangir	EHT(O&M) Division, Bolangir	Shri Jitendra Kumar Sethi, DGM(EL) Mob-9438907362
3	Project-3	132/33 kV GSS Bhatli	EHT(O&M) Division, Barapalli	Shri Sanatan Pradhan, DGM(EL) Mob-9438907628
4	Project-4	132/33 kV GSS Basta	EHT(O&M) Division, Balasore	Shri Rajendra Kumar Dhal, DGM(EL) Mob-9438907362
5	Project-5	220/132/33 kV GSS Narendrapur	EHT(O&M) Division, Berhampur	Shri Santosh Kumar Behera, DGM(EL) Mob-9438907091

7 Connectivity with the Grid

7.1 The Delivery Point for each Project shall be as per the table below:

S. No.	Project ID	Name of the Grid Sub-Station/Project	Connectivity	BESS Capacity
1	Project-1	132/33 kV GSS Padampur	Space available for 2 nos. of 33 kV Bays	20 MW/80 MWh

2	Project-2	220/132/33 kV GSS New Bolangir	Space available for 2 nos. of 33 kV Bays	20 MW/80 MWh
3	Project-3	132/33 kV GSS Bhatli	Space available for 2 nos. of 33 kV Bays	20 MW/80 MWh
4	Project-4	132/33 kV GSS Basta	Space available for 2 nos. of 33 kV Bays	20 MW/80 MWh
5	Project-5	220/132/33 kV GSS Narendrapur	Space available for 2 nos. of 33 kV Bays	25 MW/100 MWh
6	Project-6	132/33 kV GSS Tentuli Khunti	Space available for 2 nos. of 33 kV Bays	20 MW/80 MWh

Projects should be designed for interconnection with the STU network in accordance with the applicable OERC/CERC regulations and CEA guidelines in this regard. For interconnection with the grid and metering, the BESSD shall abide by all rules and regulations framed under the Electricity Act, 2003 including the applicable Grid Code, Grid Connectivity Standards, Regulations on Communication System for transmission of electricity and other Regulations/Procedures (as amended from time to time) issued by Appropriate Commissions and Central Electricity Authority (CEA). Under this RfS, the voltage for interconnection at the STU grid shall be 33 kV. BESSD shall also comply with the requirements mentioned in the First Time Charging (FTC) regulations/rules issued by the Central/ State Government, as amended from time to time. The term “Grid network/substation wherever indicated in the RfS/BESPA shall also refer to the “STU network”, wherever applicable.

- 7.2 The responsibility of getting connectivity with the transmission system of the STU shall entirely be of the BESSD and shall be at the cost of the BESSD, in line with applicable regulations. With such availability of transmission system being dynamic in nature, the Bidder has to ensure actual availability of power injection/evacuation capacity at STU substation. The transmission of power up to the point of interconnection where metering is done for energy accounting, shall be the responsibility of the BESSD at its own cost. The maintenance of Transmission system excluding the 33 kV Bays up to the interconnection point shall be responsibility of the BESSD, to be undertaken entirely at its risk and cost.
- 7.3 The arrangement of connectivity shall be made by the BESSD through a transmission line (UG Cable) up to the Interconnection Point. The entire cost of transmission including cost of construction of line, wheeling charges, SLDC/Scheduling charges, SOC, MOC, maintenance, losses etc. and any other charges from the Project up to and including at the Interconnection Point will be borne by the BESSD. The maintenance

of the Transmission system up to the interconnection point except the 33 kV Bays shall be the responsibility of the BESSD, to be undertaken entirely at its cost and expense. The NLDC/SLDC/Scheduling charges, connectivity and other charges shall be payable by BESSD.

- 7.4 The BESSD shall be required to follow the Detailed Procedure as issued by OERC/CERC/CEA, as applicable, regarding connectivity of the Project. The Project shall comply with all the technical requirements specified by the CEA/CEIG as well as other Rules/Regulations issued by OERC/CEA/CEIG and as amended from time to time. It is further clarified that the Entities (BESSD and GRIDCO) as indicated in the procedure issued under the above Rules/Regulations, will be responsible for their respective obligation as notified in the procedure, irrespective of the provisions of the RfS and BESPA. The Projects shall also comply with the OERC/CEIG/CEA (Measures relating to Safety and Electric Supply) Regulations, including subsequent amendments and clarifications issued thereto.
- 7.5 Metering arrangement of each Project shall have to be adhered to in line with relevant clause of the BESPA. All relevant parameters of energy injected and drawn by the project shall be measured and continuously recorded by means of a main meter, check meter and standby meter as specified by OPTCL. Power Quality Meter shall also be provided as per extant regulations.
- 7.6 For transmission of power during charging/discharging of the BESS, STU transmission charges and losses as applicable in line with the extant regulations, shall not be borne by the BESSD.
- 7.7 The BESSD shall comply with CERC/OERC regulations on Forecasting, Scheduling and Deviation Settlement, as applicable. The scheduling of power to/from the Project as per the applicable regulation shall be decided by SLDC in consultation with GRIDCO. However, any DSM penalties due to violation of the schedule of charging or discharging of the BESS shall be to the account of the BESSD. DSM penalties, if any, shall be levied separately on the respective entities as applicable, at their respective ends for the charging and discharging activities. Any consequential liability on GRIDCO in respect of charging/ discharging power purchase/ sale due to Deviation (DSM) at BESSD end shall be to the account of BESSD.
- 7.8 The BESSD shall comply with OERC regulations on Forecasting, Scheduling and Deviation Settlement, as applicable from time to time. The scheduling of the power to/from the project as per the applicable regulation shall be decided by SLDC in consultation with GRIDCO. However, any DSM penalties due to violation of the schedule of charging or discharging of the BESS at BESS end shall be to the account of the BESSD. To remove potential discrepancies and ambiguities, the BESSDs are hereby instructed that, as part of scheduling of power to/from the Project, they will be required to punch-in/submit their respective schedules and subsequent revisions, by themselves, to the SLDC, with a copy to GRIDCO, as per the Regulations in force. GRIDCO/SLDC may facilitate in identification of any discrepancy and assist the

BESSD for its early rectification without any liability on GRIDCO/SLDC. The BESSD shall be solely responsible for discrepancy identification and its rectification to avoid any rejection/less payment of invoices.

- 7.9 Reactive power charges shall be on account of the BESSDs, as applicable, at their respective ends during charging and discharging, as per applicable OERC regulations.
- 7.10 The BESSDs will be required to apply for connectivity at the identified substation of OPTCL within 30 days of LoAs, and shall furnish copies of the application as well as granted connectivity, to GRIDCO at the earliest. In case the BESSD fails to obtain connectivity at its identified substation, the same shall be immediately notified by the BESSD to GRIDCO. At least 30 days prior to the proposed commissioning date, the BESSD shall be required to submit the Connection Agreement signed with the STU.

8 Performance Criteria of the Project

8.1 Project performance parameters

The Contracted Capacity of the Project shall be in terms of “MW”, which shall also be referred to as the Project Capacity. GRIDCO’s obligation shall be to procure entire 100% of the Project Capacity and energy at the Delivery Point(s).

- a. For a Contracted Capacity of 125 MW, the BESPAs shall entitle the off-taker to schedule discharge upto 500 MWh of energy from the BESS in each cycle, subject to the following:
- The SLDC in consultation with GRIDCO will schedule charging of the BESS with equal amount of energy plus energy expected to be lost as conversion losses (determined from the guaranteed Round-Trip Efficiency (RtE) of the system).
Illustration: For a Contracted Capacity of 125 MW/500 MWh, assuming an RtE of 85%, GRIDCO shall supply charging power to the tune of 588.24 MWh, to expect a discharge of 500 MWh as per the desired schedule.
 - Energy scheduled for discharge in a given cycle during a year shall be more than or equal to the Min. Dispatchable Energy Capacity at the End of Year as specified in Clause 8.1.c.iv. below, and shall be limited to the quantum specified for the immediately previous year, as specified in Clause 8.1.c.iv. below.
For example, during the 3rd Year after COD, the energy scheduled for discharge from 125 MW/500 MWh capacity shall be more than or equal to $125 \times 0.925 \times 4 = 462.5$ MWh and less than or equal to $125 \times 0.95 \times 4 = 475$ MWh.
 - Contracted Capacity shall be the Project Capacity at the Delivery Point. GRIDCO shall provide the charging energy factoring the RtE, as per specified RtE in RfS.

- b. Power rating of a 500 MWh (125 MW x 4 hrs) BESS will be 125 MW, i.e., the maximum value of the active output and input power at the Delivery Point. The Energy rating of 500 MWh of the system will be the dispatchable capacity at COD of the BESS as per the RfS, as measured at the Metering Point. Terms and definitions of terminologies related to BESS shall be as defined in IEC 62933-2-1.
- c. The BESSD shall make the BESS available for minimum 1 operational cycle per day, i.e. 1 complete charge-discharge cycle per day, and maximum 2 operational cycles per day, subject to 420 Operational Cycles in a contract Year. GRIDCO/SLDC, at its discretion, may utilise the BESS for 2 Operational cycles per day subject to the maximum of 420 Operational Cycles in a Contract Year. Following provisions shall be applicable on the entire Project Capacity:
- The procurement shall be in power (MW) terms. The BESSD shall install, operate and maintain the BESS to offer facility to the Buying Entity/GRIDCO to charge and discharge the BESS on an “on demand” basis. The BESSD shall guarantee a **minimum system availability of 95%** on annual basis. The BESSD shall pay the liquidated damages for such shortfall and shall duly pay such damages to GRIDCO. Amount of such liquidated damages shall be twice the Capacity Charges for the capacity not made available.
 - “Availability” of the Project shall mean the ability of the BESS to execute a function i.e. charging or discharging, when called upon to do so, as per the schedule or signal provided by the off-taker, subject to the minimum system ratings specified herein. In addition, the BESSD shall also demonstrate, on annual basis, 100% of the minimum Dispatchable capacity of the BESS as required under Clause 8.1.c.iv below.

For a given BESPA, the Annual availability guarantee for charging periods shall commence from the date of commissioning of the system and shall be calculated as below:

Annual System Availability = Mean of the System availabilities of all time-blocks during the year in which the off-taker has scheduled power for charging/discharging the BESS.

where,

System Availability in a time-block=

$$\frac{\text{Actual Injection/Drawl } MU_i(A)}{\text{Scheduled Injection/Drawl } MU_i(B)}$$

where

- i refers to the i^{th} time-block in the year where Scheduled Injection/Drawl $MU_i \neq 0$.
- Actual Injection/Drawl MU_i is the Energy Scheduled for Charging/Discharging in the i^{th} time-block, in MUs

- c) Scheduled Injection/Drawal MU_i is the Energy Scheduled for Charging/Discharging in the i^{th} time-block, in MUs
 - d) A and B shall be as per the DSM/UI Reports published by the Odisha SLDC.
- iii. The BESSD shall guarantee a **minimum AC to AC roundtrip efficiency (RtE) of 85%** for the system on monthly basis. The BESSD shall be liable for Liquidated Damages to the off-taker, if any, on account of excess conversion losses, based on the following conditions:
- (a) For $RtE < 70\%$, there shall be a liquidated damage @ 1.5 times the APPC tariff, levied upon the excess conversion losses, considering system $RtE = 85\%$ and tariff payment for the corresponding month shall not be made to the BESSD;
 - (b) For $70\% \leq RtE < 80\%$, there shall be a liquidated damage levied @ 1.5 times the APPC tariff, levied upon excess conversion losses considering system $RtE = 85\%$.
 - (c) For $80\% \leq RtE < 85\%$, there shall be a liquidated damage levied @ APPC tariff, levied upon excess conversion losses considering system $RtE = 85\%$.
 - (d) For $RtE > 85\%$, there shall be incentive @Rs. 0.50 per unit of excess discharge of energy considering system $RtE = 85\%$

APPC tariff shall be as approved in the ARR and Bulk Supply Price (BSP) of GRIDCO Ltd. for the corresponding financial year, as approved by OERC.

System Roundtrip Efficiency =

$$\frac{\text{Sum Total of Actual Injection/Discharging } MUS_j \text{ in a month (C)}}{\text{Sum Total of Actual Drawal/Charging } MUS_j \text{ in a month (D)}}$$

Where,

j refers to the j^{th} month in a year;

$D \neq 0$;

$D \leq \text{No. of Cycles in } j\text{th Month} \times \text{“d”}$;

“d” (charging energy required for each cycle in the jth month) = $E_{bess} \times (MD_{n-1} - (MD_{n-1} - MD_n) \times j/12) / RtE_g$;

The value of d shall be calculated on month ahead basis by SLDC to determine the charging power for the concerned month.

E_{bess} refers to Energy Rating specified in Clause 8.1.b. above;

MD_{n-1} refers to minimum guaranteed dispatchable energy at the end of the previous year (as a % of Capacity at the COD specified in Clause 8.1.c.iv. below);

MD_n refers to minimum guaranteed dispatchable energy at the end of the current year;

RtE_g refers to the guaranteed Round-Trip Efficiency under the BESPA;

C and D shall be as per the respective DSM/UI Reports published by the Odisha SLDC.

Note:

- The Scheduled capacity shall be subject to the System Power Rating specified in Clause 8.1.a. above.
- The BESSD shall take separate, metered connection for the Auxiliary Power load of BESS.

OR

The BESSD can draw auxiliary power from Interconnection Point.

In both the cases, separate meter would be arranged by the BESSD to measure Auxiliary consumption as per the OERC regulation and that would be billed by DISCOM.

- The BESSD shall declare RtE on Day-Ahead basis.

- iv. Taking into consideration capacity degradation, the minimum dispatchable energy to be made available by the BESSD at the end of a given year shall be as follows:

Year	Min. Dispatchable Capacity at the end of Year (as a % of Capacity at the Beginning of Life/COD)
1	97.5%
2	95.0%
3	92.5%
4	90.0%
5	87.5%
6	85.0%
7	82.5%
8	80.0%
9	77.5%
10	75.0%
11	72.5%
12	70.0%

13	67.5%
14	65%
15	62.5%

- v. The nameplate ratings shall be achievable during discharge for the full range of environmental conditions at the project site when the battery is fully charged. In any case, the BESS shall be capable of being discharged at reduced power levels from that specified above. However, the energy discharged from the battery shall not be required to be greater than the nameplate watt-hour rating specified herein. For example, during the end of the 3rd Year after COD, the energy scheduled for discharge from 125 MW capacity shall be more than or equal to $125 \times 0.925 \times 4 = 462.5$ MWh
- vi. SLDC in consultation with GRIDCO shall, in accordance with Applicable Laws and Regulations thereunder, issue instructions to the BESSD for despatch of electricity to the Grid during such period and in such volume as it may specify in its instructions. The BESSD shall clearly specify the maximum recovery times required to restore the BESS for functional availability between duty cycles. However, in no case, the same shall be more than 1 hour.
- vii. Operational Window: Operational Window shall mean the expected hours/duration of system (capacity) availability on each day during the term of the Contract, excluding:
 - a. Maximum BESS recovery time as specified in this document
 - b. Grid Outages (duly certified to this effect by the Grid Operator)
 - c. Planned Maintenance Outage duly informed by the BESSD to the SLDC & GRIDCO with at least one month's prior notice, subject to total no. of planned outage period being not more than 34 hours in a two-month period. BESSD will have to comply with the Charging and Discharging Schedule as intimated by SLDC/GRIDCO. It is clarified that discharge of BESS shall take place subject to availability of real time margin at the STU substation.
- viii. In addition to above, the BESSD shall also submit Available energy Test Report for the Project Capacity as per IEC 62933-2-1 on Annual basis. The assessment of BESS on annual basis shall be carried out by personnel trained for inspection as per ISO/IEC 17020.
- ix. It shall be the responsibility of the BESSD to make periodic replacements/replenishments of system capacities (to ensure annual guaranteed system ratings), if and when required, up to the Term of the Contract. Outage time as a result of replacement will also be counted as an "Accountable BESS Outage" for the purpose of computing BESS Availability.

- d. Pursuant to the provisions as above, the BESSD shall plan the despatch of electricity and convey its availability for scheduling thereof by the SLDC and shall supply electricity in accordance with the provisions of the Grid Code and the Electricity Act, 2003. The BESSD shall adhere to all the technical requirements as brought out in Annexure-A of the RfS. The BESS shall conform to all the applicable CEA/CEIG and OERC Standards for connectivity, metering, communication with the grid operators, etc. and OERC regulations.

8.2 **Shortfall in meeting Performance Criteria**

Following provisions shall be applicable on the Contracted Capacity:

- i. Shortfall in demonstrating minimum Availability during charging cycles:
Subsequent to COD of full Project/ Contracted Capacity or the capacity finally accepted by GRIDCO, in case the annual Availability demonstrated by the BESSD is less than the minimum as specified above, such shortfall in performance shall make the BESSD liable to pay the liquidated damages provided in the BESPA to GRIDCO.

Liquidated damages on account of shortfall in meeting the minimum Availability criteria as per Clause 8.1.c.i., will be computed as follows:

$$\text{Liquidated damages} = (A - B) \times C \times D \times n \times 2$$

where,

A is Guaranteed Annual Availability (%) as per Clause 8.1.c.i. above;

B is Actual Annual System Availability (%), as calculated as per Clause 8.1.c.ii. above;

C is BESS Power Capacity;

D is Capacity Charges in INR/MW/month as discovered through bidding process;

n is the no. of months.

In case of the BESS failing to meet minimum 50% of the stipulated availability applicable for a particular Contract Year as per Clause 8.1.c.iv above, for a cumulative period of 2 years or more during the Term of the BESPA, the shortfall shall be considered as an Event of Default under the BESPA, and failure to rectify this Event will result in termination of the BESPA.

In case the BESSD fails to meet the monthly RtE demonstration as per Clause 8.1.c.iii above, additional Liquidated Damages for the unavailability of the required minimum RtE shall be applicable for the entire month.

It is clarified that the calculation of Availability as per Clause 8.1.c.(ii) of the RfS will not include the planned outage as declared by the BESSD under Clause 8.1.c (vii) of the RfS. However, in case the BESSD notifies any outage outside the planned outage hours, while GRIDCO may not actually schedule any power injection/drawl during those outage hours, such hours will be accounted for in calculating the Annual Availability as per Clause 8.1.c.(ii).

For example, in case the BESSD notifies outage for 10 hours outside the total allocated quota of planned outage amounting to (34 x 6) hours, i.e. 204 hours, the denominator of the formula in Clause 8.1.c.(ii) above will include the time-blocks corresponding to these 10 hours, and exclude the 204 hours of planned outage.

However, this damage shall not be applicable in events of Force Majeure identified under the BESPA with GRIDCO, affecting the availability of the system. An illustration to this effect is enclosed at Annexure-D of the RfS.

- ii. Shortfall in demonstrating minimum Round-trip-Efficiency: Liquidated damages as per Clause 8.1.c.(iii) of the RfS shall be applicable in this case.

9 Commissioning of Projects

The Commissioning of the Project shall be carried out by the BESSD in line with the procedure as per the BESPA. The BESSD shall commission the Project in line with provisions of the OERC Regulations/ CERC (Indian Electricity Grid Code) Regulations, 2023, as amended from time to time. In line with this regulation, the BESSD proposing the Project, or its part, for commissioning, shall give to GRIDCO, a preliminary notice not later than 60 days prior and advance notice not later than 30 days prior to the proposed commissioning date. GRIDCO may authorize any individual or committee or organization to witness and validate the commissioning procedure on site. Commissioning certificates shall be issued by GRIDCO after successful commissioning. The BESSD shall obtain necessary safety clearances from the Central Electricity Authority/CEIG/STU prior to commissioning of the Project.

9.1 Part-Commissioning

Part-commissioning of the Project is not allowed for the Projects to be set up under this RfS.

9.2 Commissioning Schedule and Liquidated Damages not amounting to Penalty for Delay in Commissioning

- a. The Scheduled Commissioning Date (SCD) for commissioning of the full Project capacity shall be the date as on 18 months from the Effective Date of BESPA (for e.g. if Effective Date of the BESPA is 05.10.2026, then SCD shall be 05.04.2028).
- b. The maximum time period allowed for commissioning of the full Project Capacity with applicable liquidated damages, shall be limited to the date as on 6 months from the SCD or the extended SCD (if applicable).
- c. In case of delay in commissioning of the Project beyond the SCD until the date as per Clause 9.2.b. above, as part of liquidated damages, the total PBG/- Surety Bond amount for the Project shall be encashed on pro-rata basis for the delay in number of days beyond the SCD.

- d. As an alternative to the above encashment of PBGSurety Bond, the BESSD may choose to make a payment of the amount corresponding to the liquidated damages, directly to GRIDCO. The BESSD shall intimate to GRIDCO, its chosen alternative out of the two options, within 10 business days of intimation of the liquidated damages to the BESSD, as calculated by GRIDCO. In case no response is received from the BESSD until the lapse of the above deadline, GRIDCO shall encash the PBG / Surety Bond for the amount as per the liquidated damages.
- e. In case the Developer chooses to make necessary payments in lieu of the liquidated damages, the said payment shall be credited to GRIDCO's account through NEFT payment, no later than 5 business days from the above intimation by the BESSD. In case of non-payment by the developer within the above deadline, the PBG will be encashed by GRIDCO on the next business day.
- f. In case Commissioning of the Project is delayed beyond the date as per Clause 9.2.b above, the BESPA capacity shall stand reduced/amended to the Project Capacity commissioned until the deadline as per Clause 9.2.b. above, the entire PBG / Surety Bond will be encashed by GRIDCO, and the BESPA for the Project shall stand terminated for the balance un-commissioned capacity.
- g. It is clarified that for the purpose of commissioning, the Project Capacity shall refer to the rated capacity of the Energy Storage System as declared by the BESSD in the BESPA. Any reduction in the Project Capacity on account of Clause 9.2.e. above, will have no bearing on the obligation of the BESSD to provide the Contracted Capacity as per the BESPA.

10 Delay in Commissioning on Account of Delay in readiness of STU evacuation infrastructure/Grid Access Operationalization

Subsequent to grant of connectivity, in case there is a delay in readiness of the STU substation at the Delivery Point, including readiness of the power evacuation and transmission infrastructure of the STU network until SCD of the Project, or delay in grant/ operationalization of Grid Access, and it is established that:

- i. The BESSD has complied with the complete application formalities as per Clause 7.4 above,
- ii. The BESSD has adhered to the applicable Regulations/Procedures in this regard as notified by the SERC/STU, and
- iii. The delay in grant of connectivity by the STU and/or delay in readiness of the STU substation at the Delivery Point, including readiness of the power evacuation and transmission infrastructure of the STU network, is a factor attributable to the STU/transmission licensee and is beyond the control of the BESSD;

The above shall be treated as delays beyond the control of the BESSD and SCD for such Projects shall be revised as the date as on 30 days subsequent to the readiness of the Delivery Point and power evacuation infrastructure and/or operationalization of the Grid

Access. Decision on requisite extension on account of the above factor shall be taken by GRIDCO.

In case of delay in commissioning of Project due to reasons beyond the reasonable control of the BESSD, GRIDCO may extend the SCD after examining the issue on a case-to-case basis subject to approval of the MoP.

Further, in case of delay in Project commissioning on account of reasons solely attributable to the BESSD, resulting in any liquidated damages/penalty levied on the GRIDCO, such damages/penalty shall be passed on to and payable by the BESSD.

The Clause 10 shall be applicable only if the STU evacuation infrastructure is executed by OPTCL under deposit work scheme.

11 Early Commissioning

The BESSD shall be permitted for full commissioning of the Project even prior to the SCD. Early commissioning of the Project will be allowed solely at the risk and cost of the BESSD, and GRIDCO shall purchase the capacity from such early commissioned Project at the proportionate BESPA charges calculated on day-to-day availability basis (for the Contracted Capacity), along with applicable penalty on account of excess conversion losses considering RtE of 85%.

In case of early commissioning and offtake of capacity by GRIDCO, the BESSD shall arrange for any augmentation of the Battery capacity to meet the capacity criteria mentioned at the time of SCD (i.e. dispatchable capacity as on SCD shall be 100% of the Contracted Capacity) and to maintain the capacity at the end of every year as indicated in Clause 8.1.c. iv. of the RfS.

12 Viability Gap Funding Scheme supported through PSDF

12.1 In line with the Order for “Viability Gap Funding (VGF) Scheme for development of Battery Energy Storage Systems (BESS) supported through Power System Development Fund (PSDF)”, issued by the Ministry of Power dated 09.06.2025, Projects selected under this RfS will be eligible for grant of VGF support through PSDF by the Government for development of BESS, and the same will be disbursed through the GRIDCO.

12.2 Under this RfS, VGF amount eligible for each BESSD shall be limited to the amount calculated @**Rs. 18,00,000/MWh** (Rupees Eighteen Lakhs per MWh) for the Project Capacity awarded

BESS Developer shall submit certificate for the capital cost incurred for the Project awarded capacity, duly certified by the Statutory Auditors, within six months from the COD.

12.3 VGF will be sanctioned separately for each Project, based on the Project Capacity as defined in the respective BESPA.

12.4 Disbursement Schedule: The VGF amount to the eligible Projects shall be disbursed in 3 tranches as detailed below:

Milestone	Percentage of VGF disbursed
On financial Closure, subject to submission of Bank Guarantee	20 %
On Commercial Operation Date (COD)	50 %
Completion of 1 st year from COD	30 %
Total	100 %

- 12.5 The VGF for each project shall be disbursed to GRIDCO, once the CEA certifies the achievement of the disbursement schedule milestone and submission of the required Bank Guarantee by BESSD.

GRIDCO shall disburse the tranche wise VGF to BESSD only after receipt of the same from the Govt. of India and Submission of BG by BESSD as per Clause 12.6.

- 12.6 Bank Guarantee/ Insurance Surety Bond against the VGF to be disbursed:

BESS Developer is required to submit a Bank Guarantee (BG) or Insurance Surety Bond (ISB) to GRIDCO of value equal to the VGF to be disbursed, prior to its release to BESSD by GRIDCO (i.e. BG/ISB shall be submitted in three parts as per the disbursement of VGF amount). This BG shall be liable for encashment to recover the VGF amount in the event of non-fulfilment of scheme conditions specified in the RfS and BESPA documents. The BG/ISB for the VGF sanctioned up to COD will be released 01 year subsequent to the Commercial Operational Date (COD), after taking into account recovery of VGF, if any.

Further, no BG/ISB is required against the disbursement of the last tranche of VGF post completion of one year of operation, after taking into account recovery of VGF, if any. It is clarified that; this BG is in addition to the Performance Bank Guarantee (PBG) provided by the BESSD as per Clause 19 of this RfS.

- 12.7 If the BESSD fails to commission the project in the timeline provided in this BESPA, and project gets terminated after disbursement of the quantum of VGF, GRIDCO will have full right to recover the total amount of VGF being disbursed till the date of termination of BESPA plus interest @ SBI-MCLR (1 Year) plus five (5) percent, as existing on the date of disbursement, accrued from the date of disbursement on the disbursed amount. In case Project capacity is being reduced as per Article 4.6.1(b) of the BESPA, recovery of VGF amount shall be made on pro-rata basis corresponding to the capacity being terminated.
- 12.8 GRIDCO will have the right to recover the VGF disbursed through encashment of BG/ ISB, if the BESPA gets terminated within the first 2 years after COD of the Project, on account of reasons solely attributable to the BESSD. Irrespective of the year of termination within the first 2 years after COD, the VGF amount to be recovered will be fixed as the amount disbursed plus interest @ SBI-MCLR (1 Year) plus five (5) percent, as existing on the date of disbursement, accrued from the date of disbursement on the disbursed amount.

- 12.9 If the Project is transferred or sold to a third party during the above tenure (i.e. 2 years from the COD), the BG will be re-issued by the new entity, corresponding to the amount applicable. The sale/transfer of the Project shall be effective only on submission of BG by new entity. However, this will be subject to prior approval of sanctioning authority of Grants-in-Aid {Rule230(9)}, in view of the asset being acquired substantially out of Government Grants.
- 12.10 BESS Project acquired wholly or substantially out of Central Government Grants shall not be disposed of during the contract period without obtaining the prior approval of the sanctioning authority of Grants-in-Aid {Rule 230(9)}. Shareholding of the bidding entity in the SPV/ project company executing the BESS project shall not fall below fifty-one per cent at any time prior to Commercial Operation Date (COD).
- 12.11 The VGF amount (Grant-in-Aid) is also subject to the Chapter 9 of the General Financial Rules, 2017, as amended from time to time, read with the Government of India's decisions incorporated there-under, and any other guidelines which may be issued in this regard.

SECTION 3. STANDARD CONDITIONS OF CONTRACT

13 *Obtaining RfS Documents*

Interested bidders shall have to download the official copy of RfS & other documents after login into the ISN-ETS portal by using the Login ID & Password provided by ISN-ETS during registration (Refer Annexure - C). The bidder shall be eligible to submit/upload the bid document only after logging into the ISN-ETS portal and downloading the official copy of RfS.

14 *Cost of RfS Document & Bid Processing Fees*

Prospective Bidders are required to submit their Project proposals in response to this RfS document along with a non-refundable Cost of RfS Document and Bid Processing Fee as mentioned in the Bid Information Sheet. A Bidder will be eligible to participate in the bidding process only on submission of entire financial amounts as per the Bid Information Sheet. Payments against Cost of RfS document and Bid Processing Fee shall be done only through NEFT/RTGS (electronic transfer), and the Bidder shall submit the transaction receipt, as part of the online bid submission.

The bank details of SECI are available at SECI's website, www.seci.co.in, under the "Financials" tab. Upon making the necessary payments, the prospective Bidders shall immediately write to SECI (mailing to finance@seci.co.in), providing the payment details along with name and registered address of the Bidder (with GSTIN of the paying entity), to enable seamless issuance of payment invoices for taxation purpose. SECI will not be liable for any delay in issuing necessary invoices in this regard.

Bids submitted without cost of the RfS document and/or Bid Processing Fee and/or Bank Guarantee/ Insurance Surety Bond against EMD (including partial submission of any one of the respective amounts), may be liable for rejection by SECI.

15 *Project Scope & Technology Selection*

Under this RfS, the BESSD shall set up the Project including the transmission network up to the Interconnection/Delivery Point, at its own cost and in accordance to the provisions of this RfS document. All approvals, permits and clearances required for setting up of the Project and/or transmission network up to the Delivery Point (along with connectivity), including those required from State Government and local bodies, shall be in the scope of the BESSD. The Projects to be selected under this RfS for deployment of Battery Energy Storage Technology. However, the selection of Projects would be technology agnostic within the above segment.

16 *Connectivity with the Grid*

Please refer Clause 7 of the RfS.

17 Clearances Required from the Central/State Government and Other Local Bodies

The BESSDs are required to obtain all necessary clearances and permits as required for setting up the Projects, including but not limited to the following:

- a. No Objection (NOC)/Environmental clearance (if applicable) for the Project.
- b. Forest Clearance (if applicable) for the land for the Project.
- c. Approval for water from the concerned authority (if applicable) required for the Project.
- d. Any other clearances as may be legally required, in order to establish and operate the Project.

The above clearances, as applicable for the Project, will be required to be submitted to GRIDCO prior to commissioning of the Project, if sought by GRIDCO. In case of any of the clearances as indicated above being not applicable for the said Project, the BESSD shall submit an undertaking in this regard, and it shall be deemed that the BESSD has obtained/applied for all the necessary clearances for establishing and operating the Project. Any consequences contrary to the above shall be the responsibility of the BESSD. The BESSD shall also comply with all the laws, regulations, orders and procedures issued by the appropriate authority, applicable for setting up and implementing the Project.

The BESSD shall be required to follow the applicable rules regarding project registration with the State Nodal Agency in line with the provisions of the applicable policies/regulations of the State where the Projects are being located. It shall be the responsibility of the BESSD to remain updated about the applicable charges payable to the SNA under the applicable State policies.

Note: The BESSD should apply for all the necessary approvals, permits and clearances not more than 90 days from the Effective Date of the BESPA, which shall be complete in all respects, incorporating the clarifications/changes as required by the concerned authorities. The above timeline shall be adhered to, in order to examine cases where the BESSD faces delay in grant of the necessary approvals and permits, for a period substantially greater than the standard period of grant of approval by the respective organizations.

18 Bank Guarantee/ Insurance Surety Bond against Earnest Money Deposit (EMD)

- 18.1 Earnest Money Deposit (EMD) of **INR 9,00,000/ MW** (Rupees Nine Lakhs only/MWh) per Project corresponding to the quoted capacity, either in the form of account payee Demand Draft (DD)/ Fixed Deposit Receipt in favour of “Solar Energy Corporation of India Limited”, payable at New Delhi or in the form of Bank Guarantee according to Format 7.3A/ Insurance Surety Bond according to Format 7.3B and valid for 12 months from the last date of bid submission, shall be submitted by the Bidder along with their bid, failing which the bid shall be summarily rejected. The claim period

of the EMD shall be at least 30 days beyond the expiry of the validity period. The Bank Guarantees towards EMD have to be issued in the name of the Bidding Company/ Lead Member of Bidding Consortium. In the event of encashment of EMD, the encashed amount shall include all applicable taxes. Electronic Bank Guarantee (e-BG) is also acceptable against EMD under this RfS.

- 18.2 The Bidder shall furnish the Bank Guarantees towards EMD from an Indian branch of a Scheduled Commercial Bank as listed on the website of Reserve Bank of India (RBI), as applicable on the date of issuance of bank guarantee.

The EMD shall be valid as per the timelines stipulated above. However, shortfall in the EMD validity, if any, up to a period of seven (7) days shall be acceptable. Further, an additional shortfall only in the following cases shall be acceptable: If the Bidder has submitted the EMD with validity as per original bid submission date or as per any revised submission date, and if the deadline for submission of bids has been extended further, the EMD shall be acceptable provided, the EMD is valid for more than two months from the actual date of bid submission and the Bidder submits the EMD extension for the requisite period within seven days from the date of actual bid submission, if required.

- 18.3 SECI has agreed to accept the EMD in the form of an unconditional and irrevocable Bank Guarantee instead of the cash deposit with the clear position intimated to the Bidder that the EMD Bank Guarantee shall be encashable for being appropriated by SECI in terms of the guarantee as in the case of appropriation of the cash deposit lying with SECI.

18.4 **Forfeiture of EMD:**

The BG towards EMD shall be encashed by SECI and the proceeds shall be remitted to GRIDCO (after deducting any dues payable to SECI, if applicable) in following cases:

- a. If the Bidder withdraws or varies the bid after due date and time of bid submission and during the validity of bid;
- b. In case, GRIDCO offers to execute the BESPA with the Selected Bidder and if the Selected Bidder does not submit the requisite documents as per Clause 22 of the RfS or does not execute the BESPA within the stipulated time period;
- c. If after issuance of LoA, it is found that the documents furnished by the Bidder as part of response to RfS are misleading or misrepresented in any way;
- d. If the Bidder fails to furnish required PBG / Surety Bond in accordance with Clause 19 of the RfS

- 18.5 Not used.

18.6 **Insurance Surety Bond (Surety Bond):**

As an alternative to submission of EMD as above, the bidder also has an option to submit Insurance Surety Bond from an Insurer as per the guidelines issued by the

Insurance Regulatory and Development Authority of India (IRDAI). The Surety Bond issuing organization undertakes to pay in all scenarios under which the EMD would be liable to be encashed by SECI within the provisions of RfS/PPA. This instrument would be furnished as per Format 7.3B of the RfS, within the timelines as per Clause 18.1 above, for the amount and validity period as per Clause 18.1 above.

- 18.7 The term “Bank Guarantee (BG) towards/ against EMD” occurring in the RfS shall be read as “Bank Guarantee (BG)/ Insurance Surety Bond towards/ against EMD”.
- 18.8 All expenditure towards execution of Bank Guarantees/ Surety Bond such as stamp duty etc. shall be borne by the Bidders. Any Bank Guarantee or amendment to be submitted as part of the bidding process, shall be effective only when the BG issuance message is transmitted by the issuing bank through SFMS to IDFC First Bank, with the following bank details:

Account Holder’s Name: Solar Energy Corporation of India Ltd,
 Account No.: 10070882654,
 IFSC: IDFB0020101,
 Bank Name: IDFC First Bank Limited,
 Branch: Express Building, 2nd Floor, 9-10, Bahadurshah Zafar Marg, New Delhi-110002,
 and a confirmation in this regard is received by SECI.

Message Type: IFN760COV is to be used by the issuing bank.

19 Performance Bank Guarantee (PBG)/ Insurance Surety Bond

- 19.1 Bidders selected by SECI based on this RfS shall submit Performance Bank Guarantee (PBG) for a value @ **INR 22,50,000/ MW (Rupees Twenty-Two Lakhs Fifty Thousand only/ MW)** corresponding to the Contracted Capacity, prior to signing of BESPA to GRIDCO. It may be noted that successful Bidders shall submit the PBG either in the form of account payee Demand Draft (DD)/ Fixed Deposit receipt in favour of “GRIDCO Limited”, payable at Bhubaneswar (Odisha) or in the form of Bank Guarantee according to the Format 7.3C/ Insurance Surety Bond according to Format 7.3D with a validity period upto (& including) the date as on 9 months after the Scheduled Commissioning Date of the Project. The claim period of the PBG shall be at least 30 days beyond the expiry of the validity period. Upon receipt and after successful verification of the total PBG in the acceptable format by GRIDCO, the BG/Insurance Surety Bond submitted towards EMD shall be returned by SECI to the successful Bidder. It may be noted that BESPA will be signed only upon successful verification of the PBG submitted by the BESSD. Electronic Bank Guarantee (e-BG) is also acceptable against PBG under this RfS. Prior to signing of BESPA, in case of any shortfall in validity of the PBG, the same will be acceptable, subject to the condition that the PBG validity is enhanced by the BESSD prior to expiry of validity of the PBG.
- 19.2 **Note:** The PBGs are required to be submitted in the name of the entity signing the BESPA. In case of BESPA being eventually signed with the SPV incorporated/utilized

by the successful bidder, the PBG may be submitted in the name of the Successful Bidder within the above prescribed deadline, if the Bidder chooses to do so, and the same shall be replaced by the PBG issued in the name of the SPV, prior to signing of BESPA, subject to submission of Board Resolution from the Successful Bidder to transfer the project to its SPV and Board Resolution from the SPV accepting the said Project from the Successful Bidder.

- 19.3 The BESSD shall furnish the PBG from an Indian branch of a Scheduled Commercial Bank as listed on the website of Reserve Bank of India (RBI), as applicable on the date of issuance of bank guarantee. In case of the Project being implemented through a SPV incorporated/ utilised by the successful bidder, the PBG shall be furnished in the name of the SPV, except for the case as indicated in Clause 39.3 of the RfS.
- 19.4 The format of the Bank Guarantees prescribed in the Format 7.3A (EMD) and 7.3C (PBG) shall be strictly adhered to and any deviation from the above Formats shall result in rejection of the EMD/ PBG and consequently, the bid. In case of deviations in the formats of the Bank Guarantees, the corresponding BESPA shall not be signed.
- 19.5 GRIDCO has agreed to accept the PBG in the form of an unconditional and irrevocable Bank Guarantee instead of the cash deposit with the clear position intimated to the Bidder that the PBG shall be encashable for being appropriated by GRIDCO in terms of the guarantee as in the case of appropriation of the cash deposit lying with GRIDCO.
- 19.6 The Successful Bidder is required to sign the BESPA with GRIDCO within the timeline as stipulated in Clause 22 of the RfS. In case, GRIDCO offers to execute the BESPA with the Selected Bidder and if the Selected Bidder does not submit the requisite documents as per Clause 22 of the RfS, or does not execute the BESPA within the stipulated time period, then the Bank Guarantee equivalent to the amount of the EMD shall be encashed by GRIDCO from the Bank Guarantee available with SECI/ GRIDCO (i.e. EMD or PBG) as liquidated damages not amounting to penalty, the selected Project shall stand cancelled and the selected Bidder expressly waives off its rights and objections, if any, in that respect. It is further clarified that the liquidated damages are genuine pre-estimate and Bidder/BESSD agrees that in case of invocation of BG, GRIDCO is under no obligation to produce any estimate of loss in this regard.
- 19.7 The Bank Guarantees have to be executed on non-judicial stamp paper of appropriate value as per Stamp Act relevant to the place of execution.
- 19.8 All expenditure towards execution of Bank Guarantees such as stamp duty etc. shall be borne by the Bidders/BESSDs. Any Bank Guarantee or amendment to be submitted as part of the bidding process / contract execution, shall be effective only when the BG issuance message is transmitted by the issuing bank through SFMS to Union Bank of India with the following account details:

Account Holder's Name: GRIDCO Limited,
Account No.: 380801014022021,
IFSC: UBIN0538086,

Bank Name: Union bank of India,
Branch: Main Branch, Bhubaneswar,
and a confirmation in this regard is received by GRIDCO.

Message Type: IFN760COV is to be used by the issuing bank.

19.9 After the bidding process is over, SECI shall release the Bank Guarantees towards EMD of the unsuccessful Bidders within 15 days after the completion of e-Reverse Auction. The Bank Guarantees towards EMD of the successful Bidders shall be released by GRIDCO subsequent to submission of PBGs by them to GRIDCO and confirmation of the same by GRIDCO. The PBG shall be returned to the BESSD within 45 days after successful commissioning of the Project by GRIDCO, after taking into account any liquidated damages due to delays in commissioning as per Clause 9 and 10 of the RfS.

19.10 Not used.

19.11 **Insurance Surety Bond (Surety Bond):**

As another alternative to submission of PBG as above, the BESSD also has an option to submit Insurance Surety Bond from an Insurer as per the guidelines issued by the Insurance Regulatory and Development Authority of India (IRDAI). The Surety Bond issuing organization undertakes to pay in all scenarios under which the PBG would be liable to be encashed by GRIDCO within the provisions of RfS/BESPA. This instrument would be furnished as per Format 7.3D of the RfS, within the timelines as per Clause 19.1 above, for the amount and validity period as per Clause 19.1 above. In case the BESSD chooses to submit Surety Bond, delay in submission of the Surety Bond beyond the timeline stipulated at Clause 19.1 above, will be applicable in this case too.

19.12 The term “Performance Bank Guarantee (PBG)” occurring in the RfS shall be read as “Performance Bank Guarantee (PBG) / Insurance Surety Bond”.

20 Success Charges

20.1 The Selected Bidder shall have to pay INR 1,00,000 / MW (Indian Rupees One Lakh per MW) + applicable GST, corresponding to the Contracted Capacity awarded as per the LoA, to SECI towards administrative overheads, coordination with State Authorities and others, DISCOM/STU, etc. The payment has to be made by the Successful Bidder/ BESSD in the form of DD/ Pay Order/ NEFT/ RTGS within 20 days of issuance of LoA. Any delay in depositing the said amount to SECI as mentioned above within the stipulated time shall attract late payment charges @18% per annum+18% GST, levied on per day basis, on the total Success Charges, till (and including) the date of payment of Success Charges, which shall not be later than the date of signing of BESPA. BESPA shall be signed only after deposit of the Success Charges to SECI. In case of delay in making full payment of above delay charges, the amount paid, if any until the above deadline, along with interest, shall be first reduced from the total amount due towards the delay charges and interest amount (i.e. rate of interest as stated above). Further,

balance amount to be paid shall attract Interest rate @ one-year SBI MCLR rate /annum on pro-rata basis.

21 Integrity Pact (IP)

In respect of this project, the Independent External Monitor (IEM) would be monitoring the execution of contract to oversee implementation and effectiveness of the Integrity Pact (IP) Program based on the IP executed with the Successful Bidder/BESSD, as per Format 7.11. The names of Independent External Monitor(s) (IEMs) who have been appointed by Employer, in terms of Integrity Pact (IP) which will form a part of the Employer Contracts are:

- a) Shri Rakesh Mohan, IA&AS (Retd.), e-mail ID: rmohan1987@gmail.com
- b) Shri Najib Shah, IRS (Retd.), e-mail ID: najibshah@hotmail.com

The above-mentioned IEMs are authorized to examine/consider all references made to it under this tender/Contract. The contractor, i.e. the BESSD, in case of any dispute(s)/complaint(s) pertaining to this project may raise the issue either with the designed Nodal Officer in SECI or directly with the IEM at SECI office at following Address:

Solar Energy Corporation of India Limited,
6th Floor, Plate-B, NBCC Office Block Tower-2, East Kidwai Nagar, New Delhi-110023, India
Kind Attn.: Executive Director (C& P)
Telephone No.: - 0091-(0)11-24666200
E-mail: - contracts@seci.co.in

The Independent External Monitor (IEM) has the right to access without restriction to all Project documentations of the Employer including that provided by the Contractor. The Contractor will also grant the Monitor, upon his request and demonstration of a valid interest, unrestricted and unconditional access to his Project Documentations. The same is applicable to Subcontractors. The Monitor is under contractual obligation to treat the information and documents of the Bidder/Contractor/Sub-Contractors / JV Partners / Consortium member with confidentiality.

The Nodal officer for necessary coordination in this regard shall be as under:

- (i) HOD of Contracts & Procurement (C&P): For issues pertaining to C&P department.
- (ii) Head of concerned Department: For issues pertaining to other departments.

22 Battery Energy Storage Purchase Agreement (BESPA)

GRIDCO Limited will enter into Battery Energy Storage Purchase Agreement (BESPA) with Bidders selected based on this RfS. A copy of standard BESPA to be executed between GRIDCO and the BESSD is available on ISN-ETS bidding portal and also in SECI's website. The BESPA signing date will be intimated by GRIDCO

subsequent to issuance of LoA. BESPAs will be executed between GRIDCO and selected bidder or its SPV separately for each Project.

GRIDCO, shall approach the Appropriate Commission for adoption of tariffs (including capacity charges, if applicable) discovered and quantum of capacity to be procured, within 30 days of issuance of Letters of Award to the Successful Bidders. In case the tariff (including capacity charges, if applicable) adoption procedure requires signed BESPAs to be submitted along with, the above timeline may be modified suitably.

- 22.1 **Note:** The BESSD shall submit a detailed completion Schedule for the Project prior to the signing of BESPA. Broad details to be captured in the Schedule are the land procurement, grid connectivity; order, supply and erection status of various Project components; financial arrangement/ tie up etc. The BESSD shall also submit the progress report to GRIDCO in a form acceptable to GRIDCO and shall contain percentage completion achieved compared with the planned percentage completion for each activity, and any such other information as required by GRIDCO.
- 22.2 The BESPA shall be valid for a period of 15 years from the SCD of the Project or the date of full commissioning of the Project, whichever is later. Any extension of the BESPA period beyond the term of the BESPA shall be through mutual agreement between the BESSD and GRIDCO.
- 22.3 The Performance Bank Guarantee as per Clause 19 above and Success Charges as per Clause 20 above, shall be submitted by the BESSD prior to signing of BESPA. Before signing of BESPA between GRIDCO and the BESSDs, GRIDCO will verify the shareholding of the Project Company along with a copy of complete documentary evidence. If at this stage it is found that the documents furnished by the BESSDs are false / misleading or misrepresented in any way, then the provisions contained in this RfS/ BESPA will be applicable.
- 22.4 Successful Bidders will have to submit the required documents to GRIDCO within 20 days from the issue of LoA. In case of delay in submission of documents beyond the period as mentioned above, GRIDCO shall not be liable for delay in verification of documents and subsequent delay in signing of BESPA. Effective Date of the BESPA shall be the date of signing of BESPA. In case GRIDCO intimates to the Successful Bidder, a particular date as the date for signing of BESPA and the BESPA signing gets delayed on account of reasons attributable to the BESSD, the date as specified by GRIDCO shall become the Effective Date of the BESPA, irrespective of the date of signing of BESPA.
- 22.5 The BESSD will be free to replenish the battery capacity from time to time during the Term of the BESPA at its cost and expense to meet the performance criteria. However, GRIDCO will be obligated to off-take capacity only within the performance range as specified in the BESPA and at the charges applicable as per the existing agreements. Any excess supply will be dealt as per provisions of the BESPA.

- 22.6 Any extension of the BESPA term shall be carried out through mutual agreements between the BESSD and GRIDCO, as approved by the Appropriate Commission, provided that the arrangements with the land and infrastructure owning agencies, the relevant transmission utilities and system operators permit operation of the Project beyond the initial period of 15 years.
- 22.7 In addition to the above, subsequent to signing of BESPA, the BESSD shall be required to submit the monthly Project status on 5th day of every calendar month as per Annexure-D of the RfS or any format as provided subsequent to signing of BESPA.
- 22.8 In case the Project is ready for part/full utilization of capacity but the BESPA has not been signed, No Objection Certificate (NOC) may be issued to BESSD (if sought by the BESSD) for third Party Sale of capacity from the Project until signing of BESPA. The NOC so granted shall be withdrawn by GRIDCO once the readiness of off-take of the capacity as per BESPA is intimated by GRIDCO with a notice period of 7 calendar days.

23 Financial Closure or Project Financing Arrangements

- 23.1 The Projects shall achieve Financial Closure within the date as on 6 months after the Effective Date of the BESPA (for e.g. if Effective Date is 06.10.2026, the above deadline will be 06.04.2027).
- 23.2 At the stage of financial closure, the BESSDs shall report 100% tie-up of Financing Arrangements for the Projects. In this regard, the BESSD shall submit a certificate/necessary documents from all financing agencies regarding the tie-up of 100% of the funds indicated for the Project, including arrangements of funds in the form of Equity.
- 23.3 Checklist of documents to be submitted at this stage is provided at Annexure-B of the RfS.
- 23.4 In case of default in achieving above condition as may be applicable within the stipulated time, GRIDCO shall be entitled to encash PBG/Surety Bond and shall remove the Project from the list of the selected Projects, unless the delay is on account of factors not owing to any action or inaction on the part of the BESSD, or caused due to a Force Majeure as per BESPA. An extension can however be considered, on the sole request of BESSD, on advance payment of extension charges of INR 1,000/- plus applicable GST per day per MW. This extension will not have an impact on the obligation of BESSD to achieve commissioning by the SCD of the Project. Subsequent to the completion of deadline for achieving financial closure, GRIDCO shall issue notices to the BESSDs who are not meeting the requirements of Financial Closure as per the RfS deadlines. The notice shall provide a period of 7 business days to the respective BESSDs to either furnish the necessary documents or make the above-mentioned payment of Rs. 1,000/MW/day plus applicable GST. In case of non-submission of either-the requisite documents or the necessary amount upon expiry of the above-mentioned notice period of 7 days. GRIDCO shall encash the PBG/Surety

Bond of the corresponding BESSDs and terminate the BESPA for the corresponding Project. The aforesaid amount shall be paid by the BESSDs in advance prior to the commencement of the said delay period and shall be calculated based on the period of delay as estimated by the BESSD. In case of the BESSD meeting the requirements of Financial Closure before the last date of such proposed delay period, the remaining amount deposited by the BESSD shall be returned by GRIDCO. Interest on account of delay in deposition of the above-mentioned charges or on any subsequent extension sought, shall be levied @ one-year SBI MCLR rate /annum on pro-rata basis. Any extension charges paid so, shall be returned to the BESSD without any interest on achievement of successful commissioning within the SCD, on pro-rata basis, based on the project capacity commissioned as on SCD.

- 23.5 The BESSD will have to submit the required documents to GRIDCO at least 14 days prior to the scheduled Financial Closure date. In case of delay in submission of documents mentioned above, GRIDCO shall not be liable for delay in verification of documents and subsequent delay in Financial Closure.

24 Land Arrangements for the Project

- 24.1 Land identification and possession shall be in line with Clause 6 of the RfS.

25 Commercial Operation Date (COD)

COD shall be the next day after the date of commissioning of the Project, as indicated on the Commissioning Certificate, upon successful commissioning of the full capacity of the Project, as declared in line with the commissioning procedure as provided in the BESPA.

The BESSD shall obtain necessary charging and safety clearances from the CEIG/ CEA prior to commissioning of the Project. The 15-year tenure of BESPA shall be as per the provisions of BESPA. Any capacity being offered to the grid before COD shall not be at the cost of GRIDCO under this scheme and developers will be free to make short-term sale to any organization or individual. GRIDCO may agree to buy this capacity as a trader if they find it viable outside this RfS. Declaration of COD will be governed by applicable Grid Code provisions, and in case of discrepancy between the procedure given in the RfS and that stipulated in the Grid Code, the provisions of Grid Code will prevail. SLDC and STU permission is to be obtained for charging, for testing, and for declaring COD.

26 Shareholding by the Project Promoter

- 26.1 The BESSD shall indicate its shareholding in the company indicating the controlling shareholding before signing of BESPA with GRIDCO.
- 26.2 No change in controlling shareholding of the Bidding Company or Bidding Consortium shall be permitted from the date of submission of response to RfS till the execution of the BESPA. However, in case the Project is being set up by a listed Company, this condition will not be applicable.

Following shall not be considered as change in shareholding as mentioned above:

- a. Infusion of Fresh equity capital amongst the existing shareholders/promoters at the time of Bid Submission to meet equity requirements.
 - b. Conversion of CCDs, CCPs etc. already issued to existing shareholders.
 - c. Death, marriage, Divorce, minor attaining major (any legal heir who was minor at the time of signing of BESPA), insolvent, insane of existing shareholders.
 - d. Transfer of shares within the members of Immediate Promoter Group only.
 - e. Transfer of shares to IEPF.
 - f. Issue of Bonus Shares.
 - g. Transfer of shares within the group companies due to merger/amalgamation subject to court approval
- 26.3 In case of Project being executed through SPV, the Successful Bidder, if being a single company, shall ensure that its shareholding in the SPV/ Project Company executing the BESPA, shall not fall below 51% at any time prior to COD of the Project. In the event the successful Bidder is a consortium, then the combined shareholding of the consortium members in the SPV/ Project Company executing the BESPA, shall not fall below 51% at any time prior to COD. However, in case the Project is being set up by a listed Company, this condition will not be applicable.
- 26.4 In case of the selected Bidder itself executing the BESPA, it shall ensure that controlling shareholding of the Bidding Company/ Consortium remains unchanged until the COD. However, in case the Project is being set up by a listed Company, this condition will not be applicable.
- 26.5 In case of companies having multiple promoters (but none of the shareholders having more than 50% of voting rights and paid up share capital), it shall be considered as a company under joint control. In such cases, the shareholding pattern in the company as submitted at the time of bidding, shall be maintained up to the COD.
- 26.6 Any change in the shareholding after COD can be undertaken under intimation to GRIDCO.
- 26.7 In the event of Change in Shareholding/ Substitution of Promoters triggered by the Financial Institutions leading to signing of fresh BESPA with a new entity, an amount of INR 10 Lakh per Project + applicable GST per transaction as Facilitation Fee (non-refundable) shall be deposited by the BESSD to GRIDCO.

27 Instructions to Bidders for Structuring of Bid Proposals in Response to RfS

The bidder including its Parent, Affiliate or Ultimate Parent or any Group Company shall submit single response to RfS. Detailed Instructions to be followed by the bidders for online submission of response to RfS are stated at Annexure – C. Submission of bid proposals by Bidders in response to RfS shall be in the manner described below:

- a. Covering Letter as per **Format 7.1.**
- b. In case of a Bidding Consortium, a Power of Attorney in favour of the Lead Member issued by the other Members of the Consortium shall be provided in original as per format attached hereto as **Format 7.2.**

In the event any Member of the Bidding Consortium (other than Lead Member) is a foreign entity, it may submit Board Resolutions in place of Power of Attorney for the purpose of fulfilling the requirements under this clause. Provided that such Board Resolutions shall be supported by an unqualified opinion issued by the legal counsel of such foreign entity stating that the Board Resolutions are in compliance with the applicable laws of the respective jurisdictions of the issuing Company and the authorizations granted therein are true and valid.

- c. Bank Guarantee/ Insurance Surety Bond against Earnest Money Deposit (EMD) as per **Format 7.3 A/7.3 B.**
- d. Board Resolutions, as per prescribed formats enclosed as per **Format 7.4** duly certified by the Company Secretary or the Director of the relevant Bidder, as applicable to the Bidder and mentioned hereunder:
 - i. Board Resolution from the Bidding Company or the Lead Member of the Consortium, as the case may be, in favour of the person signing the response to RfS and in the event of selection of the Projects and to sign the BESPA with GRIDCO. Board Resolution from each of the Consortium Members in favour of the person signing Consortium Agreement.
 - ii. Board Resolution from the Bidding Company committing 100% (One Hundred Percent) of the equity requirement for the Project/ Board Resolutions from each of the Consortium Members together in aggregate committing to 100% (One Hundred Percent) of equity requirement for the Project (in case of Bidding Consortium); and
 - iii. Board Resolutions from each of the Consortium Members and Lead member contributing such additional amount over and above the percentage limit (specified for the Lead Member and other member in the Consortium Agreement) to the extent becoming necessary towards the total equity share in the Project Company, obligatory on the part of the Consortium pursuant to the terms and conditions in the Consortium Agreement.
- e. In case of a Consortium, the Consortium Agreement between the Members in the Consortium as per **Format 7.5** along with Board resolution from each Member of the Consortium for participating in Consortium.
- f. Format for Financial Requirements as per **Format 7.6** along with the certificate from practicing Chartered Accountant/ Statutory Auditors showing details of computation of the financial credentials of the Bidder.
- g. Undertaking as per **Format 7.7.**
- h. A disclosure statement as per **Format 7.8/7.8A** regarding participation of any related companies in the bidding process.

- i. Format for Technical Criteria as per **Format 7.9** (to be filled out separately for each Project).
- j. Declaration by the Bidding Company / Lead Member of Bidding Consortium for the Proposed Technology Tie Up as per **Format 7.10** (to be filled out separately for each Project).
- k. Signed Integrity Pact between SECI and the Bidding Company as per **Format 7.11**
- l. Attachments:
 - i. Memorandum of Association, Article of Association of the Bidder needs to be attached along with the bid. The bidder should also highlight the relevant provision which highlights the objects relating to Power/ Energy/ Renewable Energy/ Standalone Battery Energy Storage System development.
 - In case, there is no mention of the above provisions in the MoA/ AoA of the bidding company/ any member of the bidding consortium, at the time of bid submission, the bid submitted shall be treated as non-responsive and shall be rejected.
 - If the selected bidder wishes to execute the project through a Special Purpose Vehicle (SPV), the MoA/ AoA of the SPV highlighting the relevant provision which highlights the objects relating to Power/ Energy/ Renewable Energy/ Solar Power plant development has to be submitted prior to signing of BESPA.
 - ii. Certificate of Incorporation of Bidding Company/ all member companies of Bidding Consortium. In case of AIF, registration certificate issued by SEBI would be required.
 - iii. A certificate of shareholding of the bidding company, its Parent and Ultimate Parent (if any) duly certified by a practicing Chartered Accountant/ Company Secretary as on a date within 30 days prior to the last date of bid submission. SECI reserves the right to seek additional information relating to shareholding in promoter companies, their parents/ ultimate parents and other group companies to satisfy themselves that RfS conditions have been complied with and the bidder will ensure submission of the same within the required time lines.
 - iv. Certified copies of annual audited accounts for the last financial year, i.e. FY 2024-25, or provisional accounts duly certified by a practicing Chartered Accountant (as applicable), along with certified copies of Balance Sheet, Profit & Loss Account, Schedules and Cash Flow Statement supported with bank statements as on the date at least 7 days prior to the due date of bid submission (if applicable), shall be required to be submitted.
 - v. Details of all types of securities/instruments which are pending conversion into equity whether optionally or mandatorily.
- m. Covering letter of the Financial bid as per **Format - 7.12**.
- n. Break-up of the Preliminary Estimate of Cost of Project as per **Format 7.13** (separately for each Project).

28 *Important Notes and Instructions to Bidders*

- 28.1 Wherever information has been sought in specified formats, the Bidders shall fill in the details as per the prescribed formats and shall refrain from any deviations and referring to any other document for providing any information required in the prescribed format.
- 28.2 The Bidders shall be shortlisted based on the declarations made by them in relevant schedules of RfS. The documents submitted online will be verified before signing of BESPA in terms of Clause 22 of the RfS.
- 28.3 If the Bidder/Member in a Bidding Consortium conceals any material information or makes a wrong statement or misrepresents facts or makes a misleading statement in its response to RfS, in any manner whatsoever, SECI reserves the right to reject such response to RfS and/or cancel the Letter of Award, if issued, and the Bank Guarantee/ Surety Bond provided up to that stage shall be encashed. Bidder shall be solely responsible for disqualification based on their declaration in the submission of response to RfS.
- 28.4 If the event specified at 28.3 is discovered after the Effective Date of BESPA, consequences specified in BESPA shall apply.
- 28.5 Response submitted by the Bidder shall become the property of SECI and SECI shall have no obligation to return the same to the Bidder. However, the EMDs submitted by unsuccessful Bidders shall be returned as specified in Clause 19 of the RfS.
- 28.6 All documents of the response to RfS (including RfS and subsequent Amendments/ Clarifications/ Addenda, and BESPA) submitted online must be digitally signed by the person authorized by the Board as per Format 7.4.
- 28.7 The response to RfS shall be submitted as mentioned in Clause 27 of the RfS. No change or supplemental information to a response to RfS will be accepted after the scheduled date and time of submission of response to RfS. However, SECI reserves the right to seek additional information from the Bidders, if found necessary, during the course of evaluation of the response to RfS.
- 28.8 The Bidder shall make sure that the correct, valid and operative Pass-Phrase to decrypt the relevant Bid-part is submitted into the ‘Time Locked Electronic Key Box (EKB)’ after the deadline of Bid submission, and before the commencement of the Online Tender Opening Event (TOE) of Techno-commercial bid.
- 28.9 All the information should be submitted in English language only. In case of foreign bidders having documents in other than English language, then the documents shall be translated in English language by certified translator and submitted.
- 28.10 Bidders shall mention the name of the contact person and complete address and contact details of the Bidder in the covering letter.
- 28.11 Response to RfS that are incomplete, which do not substantially meet the requirements prescribed in this RfS, will be liable for rejection by SECI.

- 28.12 Response to RfS not submitted in the specified formats will be liable for rejection by SECI.
- 28.13 Bidders delaying in submission of additional information or clarifications sought will be liable for rejection.
- 28.14 Non-submission and/ or submission of incomplete data/ information required under the provisions of RfS shall not be construed as waiver on the part of SECI of the obligation of the Bidder to furnish the said data/ information unless the waiver is in writing.
- 28.15 The Odisha Electricity Regulatory Commission (OERC) shall be the appropriate commission to exercise the regulatory and adjudicatory jurisdiction in regard to matters between BESSD and GRIDCO. Subject to the above, only Odisha Courts shall have exclusive jurisdiction in all matters pertaining to this RfS.
- 28.16 All the financial transactions to be made with SECI including success charges, delay charges (except charges for delay in Financial Closure), and any additional charges (if required), shall attract applicable GST on each transaction, irrespective of the same being mentioned in the RfS/BESPA.

29 Non-Responsive Bid

The electronic response to RfS submitted by the bidder along with the documents submitted **online** to SECI shall be scrutinized to establish “Responsiveness of the Bid”. Each Bidder’s response to RfS shall be checked for compliance with the submission requirements set forth in this RfS.

Any of the following conditions shall cause the Bid to be “Non-responsive”:

- (a) Non-submission of the requisite Cost of RfS document and/ or Bid Processing Fee as mentioned in the Bid Information Sheet.
- (b) Response to RfS not received by the due date and time of bid submission.
- (c) Non-submission of correct, valid and operative Pass-Phrases for both Technical and Financial Bid (Price Bid) Parts after the deadline of Bid Submission, and before the commencement of the Online Tender Opening Event (TOE) of Technical Bid.
- (d) Any indication of tariff in any part of response to the RfS, other than in the financial bid.
- (e) Data filled in the Electronic Form of Financial Bid (Second Envelope), not in line with the instructions mentioned in the same electronic form.
- (f) Except for the scenario as per Clause 5.1 above, in case it is found that the Bidding Company including Ultimate Parent Company/ Parent Company/ Affiliate/ Group Companies have submitted more than one response to this RfS, then all these bids submitted shall be treated as non-responsive and rejected.
- (g) Non-submission or partial submission of EMD in acceptable form along with response to RfS.

In any of the above cases, the bid shall not be considered for bid opening and evaluation process.

30 Method of Submission of Response to RfS by the Bidder

30.1 Documents to be submitted Offline:

The bidder has to submit original of following documents **offline**:

- a. Bank Guarantee / Insurance Surety Bond towards EMD as mentioned in the Bid Information Sheet (as per Format 7.3A/ 7.3B). One EMD may be submitted for the cumulative capacity quoted by the bidder, or individual EMDs may be submitted for each Project.
- b. Pass-phrases for Techno-commercial and Financial bids submitted on the ETS portal.

No documents will be accepted in person, on or before the date of bid submission.

Bank Guarantee/ Surety Bond against EMD needs to be submitted in both online and offline modes. The Bidders will be required to submit the bank guarantee, either in person or through post, at the office of SECI until the date as on 2 working days after the closing date of bid submission. The 2-day duration will be counted from the date of bid submission.

For e.g., if the bid submission deadline is 18:00 hrs on 22.08.2026, the above deadline will expire at 18:00 hrs on 24.08.2026. In case of the above deadline being a holiday, the next working day in SECI will be the deadline for submission of BG/Surety Bond.

Note: In all cases, the Bank Guarantee/ Surety Bond against EMD (if applicable), shall be issued on or before the bid submission deadline. These instruments issued after the expiry of the deadline will be summarily rejected.

The bidding envelope shall contain the following sticker:

RfS for Setting up of Projects of 125 MW/500 MWh of Standalone Battery Energy Storage Systems in Odisha under Tariff-based Competitive Bidding with Viability Gap Funding supported through PSDF	
<i>Cumulative Capacity of the projects applied for</i>	_____ MW/ _____ MWh
<i>No. of Projects Bid for (also specify the Project IDs of the Projects bid for)</i>	
<i>RfS Reference No.</i>	_____ dated: _____
<i>Organization ID (OID) on ETS portal</i>	<i>(Enter the OID through which the Bid has been submitted online on ETS portal)</i>
<i>Submitted by</i>	<i>(Enter Full name and address of the Bidder)</i>
<i>Authorized Signatory</i>	<i>(Signature of the Authorized Signatory)</i> <i>(Name of the Authorized Signatory)</i> <i>(Stamp of the Bidder)</i>
<i>Bid Submitted to</i>	Executive Director (C&P) Solar Energy Corporation of India Limited 6th Floor, Plate-B, NBCC Office Block Tower-2, East Kidwai Nagar, New Delhi-110023 Tel No. 011-24666200 Email - contracts@seci.co.in

30.2 **Documents to be Submitted Online**

Detailed instructions to be followed by the Bidders for online submission of response to RfS as stated as Annexure-C. The Bidders shall strictly follow the instructions mentioned in the electronic form in respective technical bid and financial bid while filling the form.

If the Bidder has submitted bid online and fails to submit the Bank Guarantee/ Surety Bond against EMD for requisite amount offline within 2 working days from last date of bid submission, then the same shall be treated as incomplete bid and Cost of RfS, Processing fee submitted at this stage will be encashed, the EMD(s) shall be returned and the submitted bid will stand cancelled.

All documents of the response to RfS submitted online must be digitally signed and uploaded on the ISN-ETS portal. Response to RfS shall contain the following:

I. Technical Bid (First Envelope)

The Bidder shall upload single technical bid containing **scanned copies** of the following documents duly signed and stamped on each page by the authorized signatory as mentioned below.

- (a) Formats - 7.1, 7.2 (if applicable), 7.3 A/ 7.3B, 7.4, 7.5 (if applicable), 7.6, 7.7, 7.8/7.8A, 7.9, 7.10 and 7.11 as elaborated in Clause 26 of the RfS.
- (b) All attachments elaborated in Clause 27 of the RfS, under the sub-clause k: Attachments, with proper file names.
- (c) All supporting documents regarding meeting the eligibility criteria.
- (d) Scanned Copies of NEFT/RTGS details towards Cost of RfS Document and Bid Processing Fee as mentioned in Bid Information Sheet.
- (e) Scanned Copies of requisite amount of BG/ Insurance Surety Bond towards EMD as mentioned in the Bid Information Sheet.

The Bidder will have to fill the Electronic Form provided at the ISN-ETS portal as part of Techno-commercial Bid.

Submission of Pass-phrases: In line with Clause 27.8, and Annexure-C of the RfS, the Bidder shall be required to submit the Pass-Phrase to decrypt the relevant Bid-part is submitted into the 'Time Locked Electronic Key Box (EKB)' after the deadline of Bid submission, and before the commencement of the Online Tender Opening Event (TOE) of Techno-commercial bid.

II. Financial Bid (Second Envelope)

Bidders shall submit the single Financial Bid containing the scanned copy of following document(s):

- (a) Covering letter of the Financial Bid as per Format - 7.12 of the RfS
- (b) Preliminary Estimate of Cost of the Project as per Format 7.13 of the RfS

Separate Monthly Capacity Charges (INR/MW/month) are required to be filled for each Project applied for in the online Electronic Form of financial bid provided at the ISN-ETS portal. In other words, a Bidder can submit either same or different Monthly Capacity Charges for different Projects applied for by it. The instructions mentioned in the Financial Bid Electronic Form have to be strictly followed without any deviation, else the bid shall be considered as non-responsive.

The Project selection on the Electronic Form shall be matched with the selection submitted by the Bidder in the Covering Letter. In case of discrepancy between the two choices, the choice indicated in the Covering Letter shall prevail.

III. Important Note:

- (a) The Bidders shall not deviate from the naming and the numbering formats of envelopes mentioned above, in any manner.
- (b) All the envelopes shall be properly sealed with the signature of the Authorized Signatory running across the sealing of the envelopes.

- (c) In case the Bidder submits the online documents on ISN-ETS portal within the bid submission deadlines and fails to submit the offline documents in the office of SECI within the bid submission deadlines, the online bid of the Bidder shall not be opened and shall be ‘archived’ on the ISN-ETS portal. Similarly, bids submitted offline but without any online submission on ISN-ETS portal shall not be opened and the EMD shall be returned to the respective Bidder. In such cases, Bid Processing fee and cost of RfS document, if paid by the Bidder, will not be refunded to the Bidder.
- (d) In case a Bidder has paid cost of RfS document and Bid Processing Fee for this RfS and chooses not to participate in the bidding process (i.e. the Bidder does not submit any of the online or offline bid documents to SECI), the respective amounts paid to SECI will be refunded without any interest payment, to the respective Bidder.
- (e) Tariff to be quoted in the Financial Bid shall be exclusive of GST (for providing the storage as a service). GST levied on the storage service being provided by the Project, if any, shall be passed through to GRIDCO.

31 *Notice Board for Display*

The BESSD will have to put a notice board (at least 180 cm x 120 cm) at its project site main entrance prominently displaying the following message before declaration of COD.

<p>___ MW/ ___ MWh Grid-Connected Standalone Battery Energy Storage Systems Project</p> <p>Owned and operated by</p> <p>_____ (insert name of the BESSD)</p> <p>[Under RfS for setting up of Projects of 125 MW/ 500 MWh Standalone Battery Energy Storage Systems in Odisha under Tariff-based Competitive Bidding with Viability Gap Funding supported through PSDF of GRIDCO Limited]</p> <div style="text-align: center;">  </div> <p>Village:....., Tehsil....., District....., State.....</p>

32 *Validity of the Response to RfS*

The Bidder shall submit the response to RfS which shall remain valid up to the date as on 12 months from the last date of submission of response to RfS (“Bid Validity”). SECI reserves the right to reject any response to RfS which does not meet the aforementioned validity requirement. It is clarified that subsequent to issuance of LoAs, the discovered

tariffs shall be deemed to be valid until the signing of BESPA, pursuant to Clause 45.d. of the RfS.

33 Bid Preparation Cost

The Bidder shall be responsible for all the costs associated with the preparation of the response to RfS and participation in discussions and attending pre-bid meeting(s) etc. SECI shall not be responsible in any way for such costs, regardless of the conduct or outcome of the bid process.

34 Clarifications/ Pre-Bid Meeting/ Enquiries/ Amendments

- 34.1 Clarifications/ Doubts, if any, on RfS document may be emailed and/ or through ISN-ETS bidding portal. The format for submission of clarifications is available on the portal.
- 34.2 SECI will make effort to respond to the same in the Pre-Bid Meeting to be held as mentioned in the Bid Information Sheet. A compiled list of such questionnaire and SECI's response will be uploaded in the ISN-ETS portal <https://www.bharatelectronicstender.com>. If necessary, amendments, clarifications, elaborations shall be issued by SECI which will be notified on SECI's ISN-ETS portal. No separate reply/ intimation will be given for the above, elsewhere. In the event of the issuance of any revision or amendment of the RfS documents, the Bidders shall be provided a period of at least 7 days therefrom, for submission of bids.
- 34.3 A Pre-Bid Meeting shall be held as mentioned in the Bid Information Sheet (Venue to be notified later on SECI's website).

35 Right of SECI/ GRIDCO to Reject a Bid

SECI/GRIDCO reserves the right to reject any or all of the responses to RfS or cancel the RfS or annul the bidding process for any project at any stage without assigning any reasons whatsoever and without thereby any liability. In the event of the tender being cancelled prior to opening of bids, the bid processing fee (excluding GST, if amount credited to SECI's account), without any interests, and EMD submitted by the Bidders shall be returned to the respective Bidders.

Note: In the event of opening of bids, bid processing fee will not be refunded. In case GRIDCO is unable to sign BESPA for the awarded capacity on account of reasons not attributable to the Successful Bidder, in line with Clause 45 (d) below, the Success Charges paid by the Successful Bidder will be refunded by SECI without any interest. In such cases, refund of GST amount will be dealt according to extant provisions of GST Act. However, in case BESPA is eventually not signed on account of reasons attributable to the Successful Bidder, the Success Charges paid by the BESSD will not be refunded by SECI.

36 Post Award Compliances

- 36.1 Timely completion of all the milestones i.e. signing of BESPA, meeting Financial Closure Requirements/Conditions Subsequent (BESPA), Commissioning etc. will be the

sole responsibility of BESSD. GRIDCO shall not be liable for issuing any intimations/ reminders to BESSDs for timely completion of milestones and/ or submission of compliance documents.

- 36.2 Any checklist shared with BESSD by GRIDCO for compliance of above-mentioned milestones to be considered for the purpose of facilitation only. Any additional documents required as per the conditions of Guidelines, RfS and BESPAs must be timely submitted by the BESSD.
- 36.3 **Project Monitoring:** Project monitoring activities under the RfS shall include periodic Project site visits from time to time by Appropriate Central Government Organizations/ Authority/ Committee(s) authorized from time to time.

SECTION 4. QUALIFICATION REQUIREMENTS FOR BIDDERS

Short listing of Bidders will be based on the following Criteria:

37 *General Eligibility Criteria*

Bidders participating in the RfS will be required to meet the following eligibility criteria (as applicable).

37.1 The Bidder must fall under either of the following categories:

- i. A Company under the Companies Act, 2013.
- ii. A Foreign Company under the respective nation's laws.
- iii. Alternative Investment Funds (AIF) as registered under SEBI. "AIF" shall be as defined by SEBI.
- iv. A Consortium comprising the above entities.

The above would be subject to the relevant Acts, Rules, Guidelines, Orders and Policy documents of the Government of India as amended from time to time.

37.2 A Consortium shall participate with one of the consortium partners as the Lead Member. Consortium shortlisted and selected based on this RfS has to either (i) form a Project Company and get it registered under the Companies Act, 2013 prior to signing of BESPA, keeping the original shareholding of the Bidding Consortium (as per the Consortium Agreement submitted the time of bid submission) unchanged, or (ii) utilize an already registered company with the shareholding of this company being identical to the shareholding as per the Consortium Agreement submitted at the time of bid submission. In case applications for multiple Projects have been made by a Consortium, separate Project Companies can be formed for each Project. For the avoidance of doubt, it is hereby clarified that the shareholding pattern of the Project Company shall be the identical to the shareholding pattern of the Consortium as indicated in the Consortium Agreement (Format 7.5).

It is clarified that in case of Consortium, each of the Consortium members shall have a non-zero equity participation in the Consortium, i.e. a Consortium of 2 members with a 100:0 arrangement of equity commitment will not be eligible as a bidder under this RfS.

37.3 A foreign company can also participate on standalone basis or as a member of consortium at the RfS stage. In case of foreign company participating on standalone basis and its selection as successful Bidder, it shall form a "Special Purpose Vehicle" (SPV), i.e. an Indian Company registered under the Companies Act, 2013 as its subsidiary Company, with at least 51% shareholding in the SPV, before signing of BESPA. In case a Foreign Company is selected as the successful Bidder, it shall comply with all the laws and provisions related to Foreign Direct Investment in India.

In case the foreign company participating as a member of consortium, Clause 36.7 of the RfS shall be applicable.

37.4 In line with the O.M. issued by the Department of Expenditure, Ministry of Finance, vide No. 7/10/2021-PPD(1) dated 23.02.2023 and subsequent amendments and

clarifications thereto, the Bidder shall meet the following criteria for its bid to be considered for evaluation under the RfS:

- a. Any Bidder from a country which shares a land border with India will be eligible to bid in this tender only if the bidder is registered with the Competent Authority (as defined in the OM as referred above).
- b. Any Bidder (including an Indian Bidder) who has a Specified Transfer of Technology (ToT) arrangement with an entity from a country which shares a land border with India will be eligible to participate in this RfS only if the Bidder is registered with the Competent Authority under the referred OM.
- c. “Bidder” in this reference, means any person or firm or company, including any member of a consortium, every artificial juridical person not falling in any of the descriptions of bidders stated hereinbefore, including any agency branch or office controlled by such person, participating in this tender.
- d. “Bidder from a country which shares a land border with India” for the purpose of this clause, means:
 - i. An entity incorporated, established or registered in such a country; or
 - ii. A subsidiary of an entity incorporated, established or registered in such a country; or
 - iii. An entity substantially controlled through entities incorporated, established or registered in such a country; or
 - iv. An entity whose beneficial owner is situated in such a country; or
 - v. An Indian (or other) agent of such an entity; or
 - vi. A natural person who is a citizen of such a country; or
 - vii. A consortium where any member of the consortium falls under any of the above.
- e. “Beneficial owner” for the purposes of Clause 37.4.d.iv. above will be as defined in the referred OM, including subsequent amendments and clarifications thereto.
- f. In support of the above, the Bidder shall be required to submit necessary Undertaking, as per Format 7.8/7.8A of the RfS.
- g. Other provisions of the referred OM dated 23.02.2023, except Sl. 17 of the OM, will also be applicable for this tender. Any interpretation of the above clauses will be made in line with the referred OM, including subsequent amendments and clarifications thereto.

37.5 Proprietorships, Partnerships, Trusts, NGOs, and Limited Liability Partnership (LLPs) are not eligible for participation on an individual basis or as a part of a Consortium.

37.6 A Bidder which has been selected as Successful Bidder based on this RfS can also execute the Project through a Special Purpose Vehicle (SPV) i.e. (a) existing subsidiary Company of the Successful Bidder, or (b) a Project Company incorporated as a subsidiary Company of the Successful Bidder, for setting up the Project, and in each case, having at least 51% shareholding in the SPV which has to be registered under the

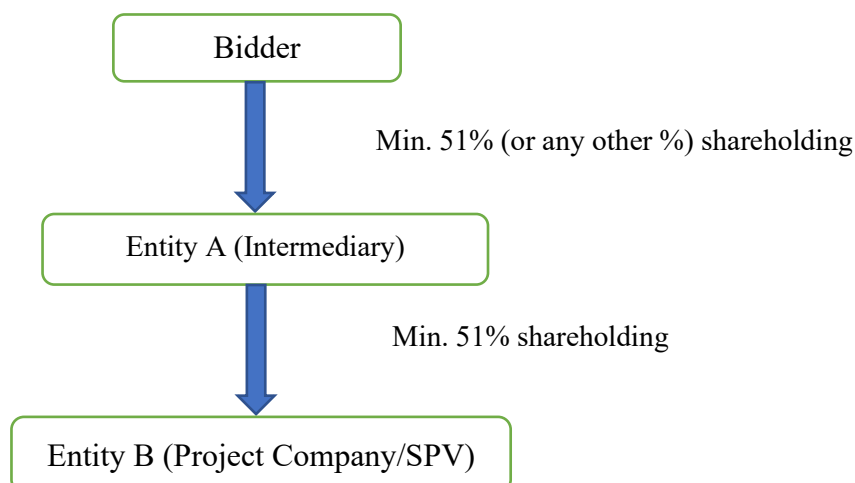

Indian Companies Act, 2013, before signing of BESPA. Multiple SPVs may also be utilized for executing more than one Project.

- 37.7 Any consortium, if selected as Successful Bidder for the purpose of implementing the Project, shall incorporate/ utilise an already existing Project company with equity participation by the Members in line with consortium agreement (to be submitted along with the response to RfS) before signing of BESPA with GRIDCO, i.e. the Project Company incorporated/ utilised shall have the same shareholding pattern as that indicated in the Consortium Agreement given at the time of submission of response to RfS. This shall not change till the signing of BESPA and the combined Shareholding of the consortium members shall not change from submission deadline of response to RfS up to COD of the Project.
- 37.8 As on the bid submission deadline, the Bidder or any of its Affiliates should not be a wilful defaulter to any lender. Further, as on the bid submission deadline, the Bidder & any of its Affiliate including any Consortium Member & any of its Affiliate, their directors should not have been barred or included in the blacklist by any government agency or authority in India, the government of the jurisdiction of the Bidder or Members where they are incorporated or the jurisdiction of their principal place of business, any international financial institution such as the World Bank Group, Asian Development Bank, African Development Bank, Inter-American Development Bank, Asian Infrastructure Investment Bank etc. or the United Nations or any of its agencies. The Bidder shall submit an undertaking to this effect, as per Format 7.7 of the RfS.
- 37.9 For avoidance of doubt, it is clarified that the fully owned subsidiary Company as mentioned in Clauses 37.3 and 37.6 above should be an immediate subsidiary of the bidder, without any intermediaries involved. The following illustrations are provided to clarify the same:

Scenario 1:

Scenario 2:

As per provisions of the RfS, only Scenario 1 will be permissible under this RfS.

38 *Technical Eligibility Criteria*

- 38.1 Under this RfS, it is proposed to promote only commercially established and operational technologies to minimize the technology risk and to achieve timely commissioning of the Projects. The Bidder may indicate regarding the selection of technology and its details at the time of submission of bids in the prescribed Format 7.10 of the RfS. The technology proposed at the time of submission of response to RfS can be changed at the time of Financial Closure.
- 38.2 Not used.
- 38.3 The Bidder is required to undertake to furnish evidence of meeting the above criteria in line with provisions of Clause 23 of the RfS. The undertaking shall be submitted as per enclosed Format 7.9 of the RfS.
- 38.4 The Projects shall also comply with the performance criteria as detailed in Clause 8 of the RfS.

39 *Financial Eligibility Criteria*

39.1 Net-Worth/ Asset Under Management (AUM) or Investible Funds

- a. The Net Worth of the Bidder should be equal to or greater than **INR 90,00,000/MW (Rupees Ninety Lakhs only/ MW)** of the quoted capacity (in MWh), as on the last date of previous Financial Year, i.e. FY 2024-25, or as on the day at least 7 days prior to the bid submission deadline. For eg, for a 100 MWh (25 MW x 4 hrs) Project Capacity, the minimum Net Worth requirement to be demonstrated shall be Rs 90 Lakh x 25 MW = Rs. 22,50,00,000. In case of the Bidder being a SEBI registered AIF, the cumulative value of Assets Under Management (AUM) with minimum requirement as decided by SECI shall be demonstrated. In this context, AUM shall mean the amount as certified by the Statutory Auditor of the AIF.

- b. The net-worth/value of AUM to be considered for the above purpose will be the cumulative net-worth of the Bidder/AIF or consortium members. Except in the case of AIFs, the Bidder may seek qualification on the basis of financial capability of its Affiliate(s) for the purpose of meeting the Net Worth criteria as per the RfS. In case of the Bidder being a Bidding Consortium, any Member may meet the above criteria on the basis of financial capability of its Affiliate(s). In both cases, such Affiliates shall undertake to contribute the required equity funding and performance bank guarantees in case the bidder(s) fail to do so in accordance with the RfS.
- c. Net Worth to be considered for this clause shall be the total Net Worth as calculated in accordance with the Companies Act, 2013 and AUM or investible funds to be considered under this clause will be calculated in accordance with applicable SEBI (AIF) Regulations.

39.2 **Liquidity**

In order to ascertain that the Bidder has sufficient means to manage the fund requirements for the Project, the Bidder shall be required to demonstrate at least one of the following parameters:

- a. A minimum annual turnover of **INR 52,92,000/ MW (Rupees Fifty-Two Lakhs and Ninety-Two Thousand only/ MW)** of the quoted capacity during the previous financial year, 2024-25 or as on the day at least 7 days prior to the bid submission deadline. It is hereby clarified that “Other Income” as indicated in the annual accounts of the Bidder shall not be considered for arriving at the annual turnover.
- b. Internal resource generation capability, in the form of Profit Before Depreciation Interest and Taxes (PBDIT) excluding other and exceptional income for a minimum amount of **INR 10,58,400/MW (Indian Rupees Ten Lakhs Fifty-Eight Thousand and Four Hundred only/ MW)** of the quoted capacity, as on the last date of previous financial year, 2024-25, or as on the day at least 7 days prior to the bid submission deadline.
- c. In-principle sanction letter from the lending institutions/ banks of the Bidder, committing a Line of Credit for a minimum amount of **INR 13,23,000/MW (Indian Rupees Thirteen Lakhs and Twenty-Three Thousand only/ MW)** of the quoted capacity, towards meeting the working capital requirement of the project quoted under this RfS. Such letter can also be obtained by the Affiliate(s) of the Bidder

- 39.3 Except for AIFs, the Bidder may seek qualification on the basis of financial capability of its Affiliate(s) for the purpose of meeting the qualification requirements as per Clauses 39.1 and 39.2 above. In case of the Bidder being a Bidding Consortium, any Member (except an AIF) may seek qualification on the basis of financial capability of its Affiliate(s). In such cases, the Bidder shall be required to submit Board Resolutions from the respective Affiliate(s), undertaking to contribute the required equity funding and Performance Bank Guarantees/ Surety Bond in case the Bidder(s) fail to do so in accordance with the RfS.

- 39.4 For the purposes of meeting financial requirements, latest consolidated/ unconsolidated audited annual accounts of the bidding company shall be used. However, in case the bidding Company is seeking qualification on the basis of financial capability of its Affiliates (fully or partly), then only the unconsolidated audited Annual Accounts of the Affiliate(s) shall be used.
- 39.5 A Company/Consortium would be required to submit annual audited accounts for the last financial year, 2024-25, or provisional accounts as on the day at least 7 days prior to the bid submission deadline, along with net worth, annual turnover and PBDIT certificate (as applicable) from a practicing Chartered Accountant/ Statutory Auditor to demonstrate fulfillment of the criteria. In case of foreign companies, the Bidders shall be required to submit the annual audited accounts for the last respective financial year as per the general norm in the country where the Bidder or its Affiliate(s) is/ are located, or provisional accounts as on the day at least 7 days prior to the bid submission deadline.

Note: In case of foreign Bidders, in the event the Bidder is unable to furnish the audited annual accounts for the previous financial year as per the prevalent norm in the respective country, the Bidder shall submit the annual audited accounts of the last financial year for which the audited accounts are available. This, however, would be acceptable, subject to the condition that the last date of response to this RfS falls on or within the deadline for completion of audit of annual accounts of companies, as stipulated by the laws/rules of the respective country, and the Bidder shall submit the corresponding documentary evidence against the same. In case the annual accounts or provisional accounts as on the day at least 7 days prior to the bid submission deadline, are submitted in a language other than English, a certified English translation from an approved translator shall be required to be submitted by the Bidder.

- 39.6 For meeting the above financial eligibility criteria, if the data is provided by the Bidder in a foreign currency, equivalent Indian Rupees of Net Worth and other financial parameters will be calculated by the Bidder using Reserve Bank of India's reference rates prevailing on the date of closing of the accounts for the respective financial year.
- 39.7 In case of any currency for which RBI reference rate is not available, Bidders shall convert such currency into US Dollar (USD) as per the exchange rates certified by their banker prevailing on the relevant date and used for such conversion. After such conversion, Bidder shall follow the procedure/ submit document as elaborated in Clause 39.6 above.
- 39.8 In case the response to RfS is submitted by a Consortium, then the financial requirement (both the Net-Worth and Liquidity requirements) to be met by the Consortium shall be computed on aggregate basis, summing up the meeting of eligibility requirements as demonstrated by the individual Consortium members.
- 39.9 For the limited purpose of meeting the technical and financial eligibility criteria, in addition to using credentials of the Affiliates having more than 50% shareholding in the

Bidding Company, the Bidder may use credentials of those Affiliates who do not control more than 50% of the bidding company, subject to the following:

- a. The qualification criteria parameters will be met proportionately to the equity contribution of the entity whose credentials are being used to meet the requirement. For example, in case of Net Worth requirement being Rs 100 Crore and the strength of an Affiliate is used which owns 30% of the total shareholding in the bidder, the said Affiliate should be able to meet up to Rs 30 Crore of the Net Worth.
- b. In case the strength of an Affiliate is being used for meeting the eligibility criteria, shareholding pattern of the respective Affiliate will be locked-in up to COD of the Project.

39.10 It is clarified that except for the case of a Foreign Bidder as per Clause 39.5 above, accounts as on the date prior to end of FY 2024-25 will not be accepted under this RfS.

SECTION 5. BID EVALUATION AND SELECTION OF PROJECTS

40 *Bid Evaluation*

Bid evaluation will be carried out considering the information furnished by Bidders as per provisions of this RfS. The detailed evaluation procedure and selection of bidders are described in subsequent clauses in this Section.

41 *Techno-Commercial Evaluation of Bidders (Step 1)*

- 41.1 The first envelope (Techno-commercial Bid submitted online) of only those bidders will be opened by SECI whose required documents as mentioned at Clause 30 of the RfS are received by SECI. Bid opening (online) will be done only after the deadline for submission of Bank Guarantee/Surety Bond.

For e.g., if the bid submission deadline is 18:00 hrs on 22.08.2026, the online bid opening will be conducted on 25.08.2026. In case of the above deadline being a holiday, the bids will be opened on the next working day.

- 41.2 Documents (as mentioned in the previous clause) received after the bid submission deadline specified in the Bid Information Sheet shall be rejected and returned unopened, if super-scribed properly with address, to the Bidder.
- 41.3 Subject to Clause 29 of the RfS, SECI will examine all the documents submitted by the Bidders and ascertain meeting of eligibility conditions prescribed in the RfS. During the examination of the bids, SECI may seek clarifications/additional documents to the documents submitted etc. from the Bidders if required to satisfy themselves for meeting the eligibility conditions by the Bidders. Bidders shall be required to respond to any clarifications/additional documents sought by SECI within 07 (seven) days from the date of such intimation from SECI. All correspondence in this regard shall be made through email/ISN-ETS portal only. It shall be the responsibility of the Bidder to ensure that the email id of the authorized signatory of the Bidder is functional. The Bidder may provide an additional email id of the authorized signatory in the covering letter. No reminders in this case shall be sent. It shall be the sole responsibility of the Bidders to remove all the discrepancies and furnish additional documents as requested. SECI shall not be responsible for rejection of any bid on account of the above.
- 41.4 The response to RfS submitted by the Bidder shall be scrutinized to establish Techno-Commercial eligibility as per the RfS.

42 *Financial Bid Evaluation (Step 2)*

- 42.1 In this step evaluations of Techno-Commercially Qualified Bids shall be done based on the monthly capacity charges, or the “First Round Tariff”, quoted by the Bidder for each Cluster applied for in the electronic form of ISN-ETS bidding portal under financial bid. After this step, the shortlisted bidders shall be invited for the Reverse Auction separately for each Cluster. **The “tariff” in this section, will refer to the monthly capacity charges (in INR/ MW/month) quoted by the Bidders.**

- 42.2 Second Envelope (containing First Round Tariff) of only those bidders shall be opened whose technical bids are found to be qualified as per the RfS.
- 42.3 The Bidder including its Parent, Affiliate or Ultimate Parent or any Group Company will have to submit a single bid (single application) quoting a single tariff (monthly capacity charges) in Indian Rupees per MW per month for each Cluster applied for. **The tariff shall be quoted in Indian Rupees per MW per month in whole numbers only (no decimal places allowed).** If it is quoted with any decimal places, the digits in the decimal places shall be ignored. (For e.g. if the quoted tariff is INR 3,00,000.34/MW/month, then it shall be considered as INR 3,00,000/MW/month).
- 42.4 In this step, evaluation will be carried out for each Cluster separately, based on the tariff quoted by the Bidders.
- 42.5 On completion of Techno-Commercial bid evaluation, if it is found that only one or two Bidder(s) is/are eligible for the next stage for a particular Project, opening of the financial bid of the Bidder(s) will be at the discretion of SECI/ GRIDCO. Thereafter, SECI/ GRIDCO will take appropriate action as deemed fit.
- 42.6 If the first-round tariff quoted is same for two or more Bidders, then all the Bidders with same tariff shall be considered of equal rank/ standing in the order.
- 42.7 All Bidders with same tariff for particular Cluster shall be eligible for reverse auction round (provided their rank is equal to or less than nth Bidder as mentioned in Clause 43.2 of the RfS).
- 42.8 Ranking of bidders after Financial Bid Evaluation for each Cluster separately: Following illustrates an example of ranking of bidders after financial bid opening and evaluation

Bidder	Submitted Financial Bid	Ranking
B1	₹ 2,50,000 (Tariff in ₹/ MW/month)	L1
B2	₹ 2,85,000 (Tariff in ₹/ MW/month)	L2
B3	₹ 3,05,000 (Tariff in ₹/ MW/month)	L3
B4	₹ 3,05,000 (Tariff in ₹/ MW/month)	L3
B5	₹ 3,15,000 (Tariff in ₹/ MW/month)	L4
B6	₹ 3,16,000 (Tariff in ₹/ MW/month)	L5
B7	₹ 3,17,000 (Tariff in ₹/ MW/month)	L6
B8	₹ 3,19,000 (Tariff in ₹/ MW/month)	L7
B9	₹ 3,20,000 (Tariff in ₹/ MW/month)	L8

43 Reverse Auction (Step 3)

- 43.1 Reverse auctions will be held separately for each Cluster, with the e-RA for Cluster-1 being held first, followed by Cluster-2 and Cluster-3, on the portal <https://www.bharat-electronictender.com>, on the day(s) as intimated by SECI to the eligible Bidders. Rules of the auction process are brought out below, and are also contained in Annexure-C of the RfS. As part of submission of their response to RfS, the Bidders shall submit the

scanned copy of Annexure-C of the RfS duly signed and stamped by the Authorized Signatory, as an acceptance of the provisions contained therein.

- 43.2 Pursuant to Clause 5.2 of the RfS, the total number of Bidders eligible to be shortlisted for the reverse auction for each Cluster shall be decided as mentioned below:

Assuming

T = Total Techno-Commercially Qualified Bidders,

Total eligible Bidders (n) for e-Reverse Auction:

Case	Condition/If	Formula	Total eligible bidders for reverse auction
Case-I	$T \leq 3$	$n=T$	All the techno-commercially qualified Bidders whose financial bids are in line with the RfS provisions, will be shortlisted for e-RA.
Case-II	$T > 3$	$n = T-1$	The lowest ranked Bidder, i.e. the Bidder quoting the highest tariff (the “H1 bidder”) shall be eliminated at this stage, and the remaining techno-commercially qualified bidders whose financial bids are in line with the RfS provisions, will be shortlisted for e-RA.

Note:

(a) In case more than one bidder is ranked as “H1” bidder, no elimination will take place at this stage.

(b) The above elimination will take place subject to the condition that the total number of shortlisted bidders after such elimination remains more than 3. In the contrary scenario, no elimination will take place at this stage.

(c) As mentioned at Clause 5.2 of the RfS, a single Bidder will be allocated a maximum of 2 Clusters. Thus, if a Bidder emerges as Successful Bidder in Cluster-1 and Cluster-2 and if the Bidder has submitted the bid for Cluster-3 as well, then the bid of the Bidder will not be considered for the e-RA for Cluster-3.

- 43.3 At least one week prior to reverse auction, an advance intimation regarding the date and time of the reverse auction will be sent by e-mail to all the Bidders whose technical bids have been opened and are found to be qualified. However, from this advance intimation it shall not be construed by the Bidders that they have been shortlisted for Reverse Auction. Further, at least two hours before the scheduled start time of Reverse Auction for each Project, a system generated email from ETS portal for invitation for Reverse Auction will be sent to all those bidders only who have been shortlisted for that particular Project based on the criteria mentioned at Clause 43.2 above.
- 43.4 Shortlisted Bidders for Reverse Auction will be able to login into the ISN-ETS bidding portal of reverse auction 15 minutes before the start time of reverse auction.

- a. During the 15 minutes prior to start of reverse auction process, the respective tariff of the Bidder shall be displayed on its window.
- b. The minimum decrement value for tariff shall be INR 1000/MW/month. The Bidder can mention its revised discounted tariff which has to be at least Rs. 1000/MW/month less than its current tariff.
- c. Bidders can only quote any value lower than their previous quoted tariff taking into consideration the minimum decrement value mentioned in the previous clause. However, at any stage, increase in tariff will not be permissible. Bidders can improve their ranking by quoting the tariff lower than their last quoted tariff.
- d. During reverse auction, the Bidder shall not have the option of changing the total project capacity while quoting tariff during reverse auction.
- e. In the Bidder's bidding window, the following information can be viewed by the Bidder:
 - i. Its tariff as the initial start price and there after last quoted tariff along with the project capacity for which the Bidder is qualified.
 - ii. The list of all the Bidders with their following details: Pseudo Identity, last quoted tariff and project capacity. The initial auction period will be of 30 (thirty) minutes with a provision of auto extension by 8 (eight) minutes from the scheduled/extended closing time, if any Bidder beats the lowest (L1) tariff in the last eight minutes of the auction period or extended auction period. If no such valid bid which is less than the instant L1 bid is received during last eight minutes of auction period or extended auction period, then the reverse auction process will get closed.

44 Selection of Successful Bidders

- 44.1 Subsequent to conclusion of the e-RA process, the lowest quoting Bidder after reverse auction for each Cluster will be selected as Successful Bidder for that Project.
- 44.2 In case of a tie among two or more Bidders (i.e. their last quoted tariff being the same at the end of the e-RA), they will be considered in the chronological order of their last bid with preference to that Bidder who has quoted his last bid earlier than others.

In the above case, if the time of quote also become exactly same among the Bidders at a tie, then the ranking among these Bidders shall be done as follows:

Step 1: Highest rank (L1) will be accorded to the Bidder who has quoted the lowest First Round Tariff in its Financial Bid (Electronic Form) and so on for that particular Project. If there is also a tie among any of these Bidders, then the following step (Step 2) will be followed.

Step 2: Ranking will be done based on draw of lots.

45 Issuance of LoAs

- a) At the end of the selection process, a Letter of Award (LoA) will be issued to the Successful Bidder for each Project by GRIDCO. In case of a Consortium being selected

as the Successful Bidder, the LoA shall be issued to the Lead Member of the Consortium.

- b) In all cases, SECI's decision regarding selection of Bidder through Reverse Auction or other- wise based on tariff or annulment of tender process shall be final and binding on all participating bidders.
- c) In case of delay in signing of BESPA beyond 12 months from the date of issuance of LoAs, or any other extended date as mutually agreed between GRIDCO and the successful Bidder, the Successful Bidder may choose to exit from this tender. Accordingly, the LoA issued to the respective Bidder shall stand cancelled, and the EMD submitted by such Bidder shall be returned by SECI. In case of extension of the above BESPA signing date by mutual agreement, the minimum extension in the signing date shall be 3 months subsequent to the above deadline.

SECTION 6. DEFINITIONS OF TERMS

46 *Following terms used in the documents will carry the meaning and interpretations as described below:*

- 46.1 **"ACT" or "ELECTRICITY ACT, 2003"** shall mean the Electricity Act, 2003 and include any modifications, amendments and substitution from time to time.
- 46.2 **"AFFILIATE"** shall mean a company that, directly or indirectly,
- i. controls, or
 - ii. is controlled by, or
 - iii. is under common control with, a company developing a Project or a Member in a Consortium developing the Project and control means ownership, directly or indirectly, of more than 50% (fifty percent) of the voting shares of such company or right to appoint majority Directors to the Board of Directors.
- 46.3 **"APPROPRIATE COMMISSION"** shall mean as defined in the BESPA.
- 46.4 **"AVAILABILITY"** shall mean as defined in Clause 8 of the RfS.
- 46.5 **"BATTERY ENERGY STORAGE SYSTEMS" or "BESS"** shall mean the system(s)/projects utilizing methods and technologies such as electrochemical batteries (Lead Acid, Li-ion, solid state batteries, flow batteries, etc.), providing a facility that can store chemical energy and deliver the stored energy in the form of electricity, including but not limited to ancillary facilities (grid support, for example). Such systems may be co-located with RE Generating Stations, or may be operated on stand-alone basis.
- 46.6 **"BATTERY ENERGY STORAGE SYSTEM DEVELOPER" or "BESSD" or "DEVELOPER" or "PROJECT DEVELOPER" or "DEVELOPER"** shall mean the entity owning/operating the BESS facility for supply of power under the BESPA, and shall refer to the Bidding Company or a Bidding Consortium participating in the bid and having been selected and allocated a Project capacity by SECI/ GRIDCO (through a competitive bidding process), including the SPV formed by the selected bidder/ consortium for the purpose of setting up of the Project and signing of BESPA with SECI.
- 46.7 **"BATTERY ENERGY STORAGE PURCHASE AGREEMENT" or "BESPA"** shall mean the agreement signed between the Selected Bidder/BESSD and GRIDCO Limited according for procurement of capacity from the BESS, as per the terms and conditions of the standard BESPA enclosed with this RfS.
- 46.8 **"BID" or "PROPOSAL"** shall mean the documents submitted by the Bidder towards meeting the techno-commercial and financial qualifying requirements, along with the price bid submitted by the Bidder and submission during the e-Reverse Auctions, if applicable, as part of its response to the RfS issued by SECI.

- 46.9 **“BIDDER”** shall mean Bidding Company (including a foreign company) or a Bidding Consortium submitting the Bid. Any reference to the Bidder includes Bidding Company/ Bidding Consortium, Member of a Bidding Consortium including its successors, executors and permitted assigns and Lead Member of the Bidding Consortium jointly and severally, as the context may require; foreign companies participating in the bidding process shall be registered as companies as per the rules of their country of origin.
- 46.10 **“BIDDING CONSORTIUM”** or **“CONSORTIUM”** shall refer to a group of Companies that collectively submit the response in accordance with the provisions of this RfS under a Consortium Agreement.
- 46.11 **“BID CAPACITY”** shall mean aggregate project capacity of the Battery Energy Storage System(s) as proposed by the Bidder.
- 46.12 **“BIDDING AGENCY” OR “BID IMPLEMENTING AGENCY” OR “BIA”** shall mean SECI, i.e. the Bidding Agency designated for issuing the tender documents and carrying out the process of selection of Successful Bidders under the Guidelines.
- 46.13 **“BUYING ENTITY”** shall mean GRIDCO Limited that will directly utilize the BESS for meeting its power on demand/merchant sale requirements.
- 46.14 **“CHARTERED ACCOUNTANT”** shall mean a person practicing in India or a firm whereof all the partners practicing in India as a Chartered Accountant(s) within the meaning of the Chartered Accountants Act, 1949.
- For bidders incorporated in countries other than India, “Chartered Accountant” shall mean a person or a firm practicing in the respective country and designated/ registered under the corresponding Statutes/ laws of the respective country.
- 46.15 **“COMPANY”** shall mean a body corporate incorporated in India under the Companies Act, 2013 or any law in India prior thereto relating to Companies, as applicable.
- 46.16 **“COMMERCIAL OPERATION DATE (COD)”** shall mean the date as defined in Clause 24 of the RfS.
- 46.17 **“CONTRACTED CAPACITY”** or the **“PROJECT CAPACITY”** shall mean the capacity in MW/MWh (“X” MW x 4 hrs) contracted with GRIDCO for providing Energy storage facility to GRIDCO for charging and discharging the system on “on-demand” basis, based on which the BESPA is executed with GRIDCO.
- 46.18 **“CONTRACT YEAR”** shall mean the period beginning from the Effective Date of the BESPA and ending on the immediately succeeding 31st March and thereafter each period of 12 months beginning on 1st April and ending on 31st March provided that:
- in the financial year in which the Scheduled Commissioning Date would occur, the Contract Year shall end on the date immediately before the Scheduled Commissioning Date and a new Contract Year shall commence once again from the Scheduled Commissioning Date and end on the immediately succeeding 31st March, and

thereafter each period of 12 (Twelve) Months commencing on 1st April and ending on 31st March, and

- b. provided further that the last Contract Year of this Agreement shall end on the last day of the Term of this Agreement.

46.19 **“CONTROL”** shall mean the ownership, directly or indirectly, of more than 50% (fifty percent) of the voting shares of such Company or right to appoint majority Directors.

46.20 **“CONTROLLING SHAREHOLDING”** shall mean more than 50% of the voting rights and paid up share capital in the Company/ Consortium.

46.21 **“CENTRAL TRANSMISSION UTILITY (CTU)”** shall mean the Central Transmission Utility as defined in sub-section (10) of section 2 of the Electricity Act 2003.

46.22 **“DAY”** shall mean calendar day.

46.23 **“EFFECTIVE DATE”** shall mean the date as per Clause 22 of the RfS.

46.24 **“EQUITY”** shall mean Net Worth as defined in Companies Act, 2013.

46.25 **“FINANCIAL CLOSURE”** or **“PROJECT FINANCING ARRANGEMENTS”** means arrangement of necessary funds by the BESSD towards 100% Project Cost either by way of commitment of funds by the Company from its internal resources and/or tie up of funds through a bank/ financial institution by way of sanction of a loan or letter agreeing to finance;

46.26 **“GENERAL NETWORK ACCESS (GNA)”** shall mean General Network Access as defined under the Central Electricity Regulatory Commission (Connectivity and General Network Access to the Inter-State Transmission System) Regulations, 2022;

46.27 **“GUIDELINES”** shall mean “Guidelines for Procurement and Utilization of Battery Energy Storage Systems as part of Generation, Transmission and Distribution assets, along with Ancillary Services” issued by Ministry of Power vide Gazette Resolution dated 10.03.2022, including subsequent amendments and clarification thereof, if any, issued until the last date of bid submission of this RfS.

46.28 **“GRID CODE REGULATIONS”** or **“GRID CODE”** shall mean the Central Electricity Regulatory Commission (Indian Electricity Grid Code) Regulations, 2023, as amended from time to time;

46.29 **“GROUP COMPANY”** of a Company means

- a. a Company which, directly or indirectly, holds 10% (Ten Percent) or more of the share capital of the Company or;
- b. a Company in which the Company, directly or indirectly, holds 10% (Ten Percent) or more of the share capital of such Company or;

- c. a Company in which the Company, directly or indirectly, has the power to direct or cause to be directed the management and policies of such Company whether through the ownership of securities or agreement or any other arrangement or otherwise or;
- d. a Company which, directly or indirectly, has the power to direct or cause to be directed the management and policies of the Company whether through the ownership of securities or agreement or any other arrangement or otherwise or;
- e. a Company which is under common control with the Company, and control means ownership by one Company of at least 10% (Ten Percent) of the share capital of the other Company or power to direct or cause to be directed the management and policies of such Company whether through the ownership of securities or agreement or any other arrangement or otherwise;

Provided that entities which have Government shareholding, financial institution, scheduled bank, foreign institutional investor, Non-Banking Financial Company, and any mutual fund, pension funds, sovereign funds, and funds managed by National Investment and Infrastructure Fund Limited shall not be deemed to be Group Company, and its shareholding and the power to direct or cause to be directed the management and policies of a Company shall not be considered for the purposes of this definition unless it is the Project Company or a Member of the Consortium developing the Project.

- 46.30 **“INTER-CONNECTION POINT/ DELIVERY/ METERING POINT”** shall mean the point of connection at the 33kV bus-bar of OPTCL sub-station where power is injected into and drawn from the grid by the project(s). Metering shall be done at this interconnection point where the power is injected into or drawn from. For interconnection with grid and metering, the BESSDs shall abide by the relevant OERC Regulations, Odisha Grid Code and CEA (Installation and Operation of Meters) Regulations, 2006 as amended and revised from time to time.
- 46.31 **“INTERESTED PARTIES”** shall mean a situation where control is equally distributed among interested parties in the Group Company or Bidding Consortium;
- 46.32 **“ISTS”** means Inter-State Transmission System;
- 46.33 **“JOINT CONTROL”** shall mean a situation where a company has multiple promoters (but none of the shareholders has more than 50% of voting rights and paid up share capital).
- 46.34 **“LEAD MEMBER OF THE BIDDING CONSORTIUM” or “LEAD MEMBER”:** There shall be only one Lead Member, having the shareholding of not less 51% in the Bidding Consortium.
- 46.35 **“LETTER OF AWARD” or “LoA”** shall mean the letter issued by GRIDCO to the selected Bidder for award of the Project.
- 46.36 **“LIMITED LIABILITY PARTNERSHIP” or “LLP”** shall mean a Company governed by Limited Liability Partnership Act 2008 or as amended.

- 46.37 **“LLC”** shall mean Limited Liability Company.
- 46.38 **“MEMBER IN A BIDDING CONSORTIUM”** or **“MEMBER”** shall mean each Company in a Bidding Consortium. In case of a Technology Partner being a member in the Consortium, it has to be a Company.
- 46.39 **“MONTH”** shall mean calendar month.
- 46.40 **“NET-WORTH”** shall mean the Net-Worth as defined section 2 of the Companies Act, 2013.
- 46.41 **“PAID-UP SHARE CAPITAL”** shall mean the paid-up share capital as defined in Section 2 of the Companies Act, 2013.
- 46.42 **“PARENT”** shall mean a Company, which holds more than 50% voting rights and paid up share capital, either directly or indirectly in the Project Company or a Member in a Consortium developing the Project.
- 46.43 **“PGCIL”** or **“POWERGRID”** shall mean Powergrid Corporation of India Limited.
- 46.44 **“PROJECT”** shall mean the Battery Energy Storage System set up by the BESSD for supply of Power on an “on Demand” basis, having single point of injection/drawl into/from the grid at Interconnection/ Delivery/ Metering Point, or in case of sharing of transmission lines, by separate injection at Pooling Point and having separate control systems and metering. The Project shall also comprise auxiliaries and associated facilities, bay(s) for transmission system in the their switchyard, transmission line up to the injection point and all the other assets, buildings/structures, equipment, plant and machinery (pertaining to the BESS), facilities and related assets required for the efficient and economic operation of the power supply facility, whether completed or at any stage of development and construction or intended to be developed and constructed for the purpose of supply of power to GRIDCO. It is clarified that BESS charged using a source other than RE power would not qualify as RE power.
- 46.45 **“PROJECT CAPACITY”** shall mean the maximum AC capacity at the Delivery Point that can be scheduled on which the BESPA shall be signed;
- 46.46 **“PROJECT COMMISSIONING”**: The Project will be considered as commissioned in line with the Commissioning procedure defined in the RfS/BESPA.
- 46.47 **“PROJECT LOCATION”** shall mean the area identified by the BESSD, comprising village(s), Tehsil(s)/Taluk(s) and District(s) within a State, where the Project is being implemented and shall also include RE Parks being set up under the respective Guidelines.
- 46.48 **“POWER ON DEMAND”** shall mean the requirement of GRIDCO to charge and discharge the BESS based on its requirements during the time of day, subject to provisions of the RfS and BESPA.
- 46.49 **“RENEWABLE ENERGY (RE) POWER”** shall mean power from a RE Power generation facility.

- 46.50 **“RE PARK”** shall refer to areas or parks developed, in accordance with the Guidelines issued by Central or State Governments, for setting-up of renewable energy power projects, including Solar-Wind Hybrid Power projects;
- 46.51 **“RfS” or “RfS DOCUMENT” or “BIDDING DOCUMENT(S)” or “TENDER DOOCUMENTS”** shall mean the “Request for Selection” document issued by SECI including standard Battery Energy Storage Purchase Agreement, along with subsequent clarifications and amendments thereof, vide RfS No. SECI/C&P/IPP/15/0015/25-26 dated 18.12.2025.
- 46.52 **“SCHEDULED COMMISSIONING DATE” or “SCD”** shall be the date as indicated in Clause 9 of the RfS;
- 46.53 **“SELECTED BIDDER” or “SUCCESSFUL BIDDER”** shall mean the Bidder selected pursuant to this RfS to set up the Project and supply electrical output as per the terms of BESPA.
- 46.54 **“SOLAR PV POWER PROJECT” or “SOLAR POWER GENERATING SYSTEM/ STATION”** shall mean the Solar Photo Voltaic Power Project that uses sunlight for direct conversion into electricity through Photo Voltaic Technology.
- 46.55 **“STATE TRANSMISSION UTILITY” or “STU”** shall mean the Board or the Government Company notified by the respective State Government under Sub-Section I of Section 39 of the Electricity Act, 2003.
- 46.56 **“STATUOTORY AUDITOR”** shall mean the auditor appointed under the provisions of the Companies Act, 1956 / Companies Act, 2013 (as the case may be) or under the provisions of any other applicable governing law
- 46.57 **“TOE”** shall mean Tender Opening Event.
- 46.58 **“ULTIMATE PARENT”** shall mean a Company, which owns more than 50% (Fifty Percent) voting rights and paid up share capital, either directly or indirectly in the Parent and Affiliates;
- 46.59 **Viability Gap Funding (VGF):** Viability Gap Funding is financial support under PSDF scheme notified by Ministry of Power, Government of India on 09.05.2025. The eligible amount of ₹ 18 Lakh per MWh (₹ Eighteen lakh per MWh) to be provided under the scheme notified by MoP. The VGF shall be a non-recurring expenditure and shall be fully funded from Power System Development Fund (PSDF).
- 46.60 **“WEEK”** shall mean calendar week;

SECTION 7. SAMPLE FORMS & FORMATS FOR BID

SUBMISSION

The following formats are required to be submitted as part of the RfS. These formats are designed to demonstrate the Bidder's compliance with the Qualification Requirements set forth in Section 4 and other submission requirements specified in the RfS.

Format 7.1

COVERING LETTER

**(The Covering Letter should be submitted on the Letter Head of the Bidding Company/
Lead Member of Consortium)**

Ref. No. _____

Date: _____

From: _____ *(Insert name and address of Bidding Company/ Lead Member of Consortium)*

Tel. #: _____

E-mail address# _____

Solar Energy Corporation of India Limited
6th Floor, Plate-B, NBCC Office Block Tower-2,
East Kidwai Nagar, New Delhi - 110 023

Sub: Response to RfS No. dated for(Insert title of the RfS)

Dear Sir/ Madam,

We, the undersigned *[insert name of the 'Bidder']* having read, examined and understood in detail the RfS including Qualification Requirements in particular, terms and conditions of the standard BESPA for availability of Contracted Capacity for the Term of the BESPA to GRIDCO, hereby submit our response to RfS.

We confirm that in response to the aforesaid RfS, neither we nor any of our Ultimate Parent Company/ Parent Company/ Affiliate/ Group Company has submitted response to RfS other than this response to RfS, directly or indirectly, in response to the aforesaid RfS (as mentioned in Format 7.8 under Disclosure)

OR

We confirm that in the response to the aforesaid RfS, we have a Group Company who owns more than 10% but less than 26% in the bidding company as well as other companies who may participate in this RfS, and accordingly, we have submitted requisite undertaking as per Format 7.8A in this regard *[strike out whichever is not applicable]*.

We also confirm that we including our Ultimate Parent Company/ Parent Company/ Affiliate/ Group Companies directly or indirectly have not submitted response to RfS for more than cumulative capacity of 125 MW/ 500 MWh, including this response to RfS.

We are submitting response to RfS for the development of following Project(s): -

Cluster	Project ID	Name of the Grid Sub-Station/Project	Project Capacity *	Bid submitted (Yes/No)

(To be stamped in accordance with stamp act of India)

Insurance Surety Bond No.:

Date:

To

GRIDCO Limited,

[Enter Address of GRIDCO]

Dear Sir,

In consideration of the GRIDCO Ltd. (Hereinafter referred to as the 'Owner' which expression shall unless repugnant to the context or meaning thereof, include its successors, administrators and assigns) having awarded to M/s..... [Supplier's Name]..... with its Registered/Head Office at (Hereinafter referred to as the 'Supplier', which expression shall unless repugnant to the context or meaning thereof, include its successors administrators, executors and assigns), a Contract by issue of Owner's Purchase Order No..... dated. and the same having been unequivocally accepted by the Supplier, resulting into a Contract bearing No..... dated, valued at for and the Supplier having agreed to provide a Contract Performance Guarantee for the faithful performance of the entire Contract equivalent to(*).....% (percent) of the said value of the Contract to the Owner.

We[Name & Address of the Insurer] having its Head Office at (hereinafter referred to as the 'Insurer', which expression shall, unless repugnant to the context or meaning thereof, include its successors, administrators, executors and assigns) do hereby guarantee and undertake to pay the Owner, on demand any and all amount payable by the Supplier to the extent of(*)..... as aforesaid at any time up to [days/month/year] without any condition, demur, reservation, contest, recourse or protest and/or without any reference to the Supplier.

Any such demand made by the Owner on the Insurer shall be conclusive and binding notwithstanding any difference between the Owner and the Supplier or any dispute pending before any Court, Tribunal, Arbitrator or any other authority. The Insurer undertakes not to revoke this Insurance Surety Bond during its currency and or any period extended under the contract, without prior consent of the Owner and further agrees that the guarantee herein contained shall be enforceable till the Owner discharges this guarantee.

The Owner shall have the fullest liberty, without affecting in any way the liability of the Insurer under this Insurance Surety Bond, from time to time to extend the performance of the

Contract by the Supplier for the purpose of which, the Insurer shall be liable to extend the validity of the present Insurance Surety Bond without any demur, condition, protest and the Insurer shall at no point in time have an option of revoking the same, The Owner shall have the fullest liberty, without affecting this Insurance Surety Bond, to postpone from time to time the exercise of any powers vested in them or of any right which they might have against the Supplier, and to exercise the same at any time in any manner, and either to enforce or to forbear to enforce any covenants, contained or implied, in the Contract between the Owner and the Supplier or any other course or remedy or security available to the Owner. The Insurer shall not be released of its obligations under these presents by any exercise by the Owner of its liberty with reference to the aforesaid or any of them or by reason of any other act or forbearance or other acts of omission or commission on the part of the Owner or any other indulgence shown by the Owner or by any other matter or thing whatsoever which under law would, but for this provision, have the effect of relieving the Insurer.

The Insurer also agrees and undertakes that the Owner at its option shall be entitled to enforce this Insurance Surety Bond against the Insurer as a Surety, in the first instance without proceeding against the Supplier and notwithstanding any security or other guarantee that the Owner may have in relation to the Supplier's liabilities.

The Guarantor Insurance Company hereby agrees and acknowledges that the GRIDCO shall have a right to invoke this Insurance Surety Bond in part or in full, as it may deem fit.

The Guarantor Insurance Company hereby expressly agrees that it shall not require any proof in addition to the written demand by GRIDCO Ltd., made in any format, raised at the **{Address of the Guarantor office at Bhubaneswar}** of the Guarantor Insurance Company, in order to make the said payment to GRIDCO Ltd.

This Insurance Surety Bond shall not be affected in any manner by reason of merger, amalgamation, restructuring or any other change in the constitution of the Guarantor Insurance Company.

This Insurance Surety Bond shall be interpreted in accordance with the laws of India and the courts at Bhubaneswar/Cuttack shall have exclusive jurisdiction.

Notwithstanding anything contained hereinabove our liability under this Insurance Surety Bond is restricted to(*)..... and it shall remain in force upto and including(@)..... and shall be extended from time to time for such period (not exceeding one year), as may be desired by M/s{Supplier's Name} on whose behalf this Insurance Surety Bond has been given.

We are liable to pay the guaranteed amount or any part thereof under this Insurance Surety Bond only if GRIDCO Ltd. serves upon us a written claim or demand.

WHEREAS, SECI had invited response to RfS vide its Request for Selection (RfS) dated _____

WHEREAS the RfS stipulates that in case response to RfS is being submitted by a Bidding Consortium, the Members of the Consortium will have to submit a legally enforceable Consortium Agreement in a format specified by SECI wherein the Consortium Members have to commit equity investment of a specific percentage for the Project.

NOW THEREFORE, THIS AGREEMENT WITNESSTH AS UNDER:

In consideration of the above premises and agreements all the Members in this Bidding Consortium do hereby mutually agree as follows:

1. We, the Members of the Consortium and Members to the Agreement do hereby unequivocally agree that Member-1 (M/s _____), shall act as the Lead Member as defined in the RfS for self and agent for and on behalf of Member-2, -----, Member-n and to submit the response to the RfS.

2. The Lead Member is hereby authorized by the Members of the Consortium and Members to the Agreement to bind the Consortium and receive instructions for and on their behalf.
3. Notwithstanding anything contrary contained in this Agreement, the Lead Member shall always be liable for the equity investment obligations of all the Consortium Members i.e. for both its own liability as well as the liability of other Members.
4. The Lead Member shall be liable and responsible for ensuring the individual and collective commitment of each of the Members of the Consortium in discharging all of their respective equity obligations. Each Member further undertakes to be individually liable for the performance of its part of the obligations without in any way limiting the scope of collective liability envisaged in this Agreement.
5. Subject to the terms of this Agreement, the share of each Member of the Consortium in the issued equity share capital of the Project Company is/shall be in the following proportion:

Name	Percentage
Member 1	---
Member 2	---
Member n	---
Total	100%

We acknowledge that after the execution of BESPA, the combined shareholding in the SPV/ Project Company developing the Project shall be maintained upto COD of the Project.

6. The Lead Member, on behalf of the Consortium, shall inter alia undertake full responsibility for liaising with Lenders or through internal accruals and mobilizing debt resources for the Project, and ensuring that the Seller achieves Financial Closure in terms of the BESPA.
7. In case of any breach of any equity investment commitment by any of the Consortium Members, the Lead Member shall be liable for the consequences thereof.
8. Except as specified in the Agreement, it is agreed that sharing of responsibilities as aforesaid and equity investment obligations thereto shall not in any way be a limitation of responsibility of the Lead Member under these presents.
9. It is further specifically agreed that the financial liability for equity contribution of the Lead Member shall not be limited in any way so as to restrict or limit its liabilities. The Lead Member shall be liable irrespective of its scope of work or financial commitments.
10. This Agreement shall be construed and interpreted in accordance with the Laws of India and courts at New Delhi alone shall have the exclusive jurisdiction in all matters relating thereto and arising thereunder.

11. It is hereby further agreed that in case of being selected as the Successful Bidder, the Members do hereby agree that they shall furnish the Performance Guarantee in favour of SECI in terms of the RfS.
12. It is further expressly agreed that the Agreement shall be irrevocable and shall form an integral part of the Battery Energy Storage Purchase Agreement (BESPA) and shall remain valid until the expiration or early termination of the BESPA in terms thereof, unless expressly agreed to the contrary by SECI.
13. The Lead Member is authorized and shall be fully responsible for the accuracy and veracity of the representations and information submitted by the Members respectively from time to time in the response to RfS.
14. It is hereby expressly understood between the Members that no Member at any given point of time, may assign or delegate its rights, duties or obligations under the BESPA except with prior written consent of SECI.
15. This Agreement
 - a) has been duly executed and delivered on behalf of each Member hereto and constitutes the legal, valid, binding and enforceable obligation of each such Member;
 - b) sets forth the entire understanding of the Members hereto with respect to the subject matter hereof; and
 - c) may not be amended or modified except in writing signed by each of the Members and with prior written consent of SECI.
16. All the terms used in capitals in this Agreement but not defined herein shall have the meaning as per the RfS and BESPA.

IN WITNESS WHEREOF, the Members have, through their authorized representatives, executed these present on the Day, Month and Year first mentioned above.

Sub: Response to RfS No. _____ dated _____ for _____.

Dear Sir/ Madam,

We certify that the Bidding Company/Member in a Bidding Consortium is meeting the financial eligibility requirements as per the provisions of the RfS. Accordingly, the Bidder, with the support of its Affiliates, (strike out if not applicable) is fulfilling the minimum Net Worth/AUM criteria, by demonstrating a Net Worth/AUM of Rs..... Cr. (..... in words) as on the last date of Financial Year 2024-25 or as on the date at least 7 days prior to the bid submission deadline (Strike out wherever not applicable).

This Net Worth/AUM has been calculated in accordance with instructions provided in Clause 39.1 of the RfS.

Exhibit (i): Applicable in case of Bidding Company

For the above calculations, we have considered the Net Worth/AUM by Bidding Company and/ or its Affiliate(s) as per following details:

Name of Bidding Company	Name of Affiliate(s) whose net worth is to be considered	Relationship with Bidding Company*	Net Worth/AUM (in Rs. Crore)
Company 1			
Total			

*The column for "Relationship with Bidding Company" is to be filled only in case the financial capability of Affiliate has been used for meeting Qualification Requirements. Further, documentary evidence to establish the relationship, duly certified by a practicing company secretary/ chartered accountant is required to be attached with the format.

Exhibit (ii): Applicable in case of Bidding Consortium
(To be filled by each Member in a Bidding Consortium separately)
Name of Member: [Insert name of the Member]

Net Worth/AUM Requirement to be met by Member: INR ----- Crore

For the above calculations, we have considered Net Worth/AUM by Member in Bidding Consortium and/ or its Affiliate(s) per following details:

Name of Consortium Member Company	Name of Affiliate(s) whose net worth/AUM is to be considered	Relationship with Bidding Company* (If any)	Net Worth/AUM (in Rs. Crore)
Company 1			

Total			

** The column for “Relationship with Bidding Company” is to be filled only in case the financial capability of Affiliate has been used for meeting Qualification Requirements. Further, documentary evidence to establish the relationship, duly certified by a practicing company secretary/chartered accountant is required to be attached with the format*

Further, we certify that the Bidding Company/ Member in the Bidding Consortium, with the support of its Affiliates, (strike out if not applicable) is fulfilling the minimum Annual Turnover Criteria, by demonstrating an Annual Turnover of INR _____ (_____ in words) as on the end of Financial Year 2024-25 or as on the day at least 7 days prior to the bid submission deadline (choose one). (Strike out if not applicable)

Exhibit (i): Applicable in case of Bidding Company

For the above calculations, we have considered the Annual Turnover by Bidding Company and/ or its Affiliate(s) as per following details:

Name of Bidding Company	Name of Affiliate(s) whose Annual Turnover is to be considered	Relationship with Bidding Company*	Annual Turnover (In Rs. Crore)
Company 1			
Total			

**The column for “Relationship with Bidding Company” is to be filled only in case the financial capability of Affiliate has been used for meeting Qualification Requirements. Further, documentary evidence to establish the relationship, duly certified by a practicing company secretary/chartered accountant is required to be attached with the format.*

Exhibit (ii): Applicable in case of Bidding Consortium
(To be filled by each Member in a Bidding Consortium separately)
Name of Member: [Insert name of the Member]

Annual Turnover Requirement to be met by Member: INR -----Crore

For the above calculations, we have considered Annual Turnover by Member in Bidding Consortium and/ or its Affiliate(s) as per following details:

Name of Consortium Member Company	Name of Affiliate(s) whose Annual Turnover is to be considered	Relationship with Bidding Company* (If Any)	Annual Turnover (in Rs. Crore)
Company 1			

Total			

** The column for “Relationship with Bidding Company” is to be filled only in case the financial capability of Affiliate has been used for meeting Qualification Requirements. Further, documentary evidence to establish the relationship, duly certified by a practicing company secretary/chartered accountant is required to be attached with the format*

Further, we certify that the Bidding Company/ Member in the Bidding Consortium, with the support of its Affiliates, (strike out if not applicable) is fulfilling the minimum Profit Before Depreciation Interest and Taxes (PBDIT) criteria as mentioned in the RfS, by demonstrating a PBDIT of INR _____ (in words) as on the end of Financial Year 2024-25/2023-24 or as on the day at least 7 days prior to the bid submission deadline. (Strike out if not applicable)

Exhibit (i): Applicable in case of Bidding Company

For the above calculations, we have considered the PBDIT by Bidding Company and/ or its Affiliate(s) as per following details:

Name of Bidding Company	Name of Affiliate(s) whose PBDIT is to be considered	Relationship with Bidding Company*	PBDIT (Rs. Crore)
Company 1			
Total			

**The column for “Relationship with Bidding Company” is to be filled only in case the financial capability of Affiliate has been used for meeting Qualification Requirements. Further, documentary evidence to establish the relationship, duly certified by a practicing company secretary/chartered accountant is required to be attached with the format.*

Exhibit (ii): Applicable in case of Bidding Consortium

(To be filled by each Member in a Bidding Consortium separately)

Name of Member: [Insert name of the Member]

PBDIT Requirement to be met by Member: INR -----Crore

For the above calculations, we have considered PBDIT by Member in Bidding Consortium and/ or its Affiliate(s) as per following details:

Name of Consortium Member Company	Name of Affiliate(s) whose PBDIT is to be considered	Relationship with Bidding Company* (If Any)	PBDIT (Rs. Crore)
Company 1			

Total			

** The column for "Relationship with Bidding Company" is to be filled only in case the financial capability of Affiliate has been used for meeting Qualification Requirements. Further, documentary evidence to establish the relationship, duly certified by a practicing company secretary/chartered accountant is required to be attached with the format*

Sub: Response to RfS No. _____ dated _____ for _____.

Dear Sir/ Madam,

We hereby declare and confirm that only we are participating in the RfS Selection process for the RfS No. _____ and that our Parent, Affiliate or Ultimate Parent or any Group Company with which we have direct or indirect relationship are not separately participating in this selection process.

We further declare and confirm that in terms of the definitions of the RfS, M/s _____ (enter name of the Promoter/Promoters) is/are our Promoter(s), and has/have a direct/indirect Control in the bidding company as per the Companies Act 2013. No other entity has a direct/indirect control in the bidding company except the entity(ies) mentioned above.

We further declare that the above statement is true & correct. We undertake that if at any stage it is found to be incorrect, in addition to actions applicable under the RfS/BESPA including but not limited to cancellation of our response to this RfS and LoA/BESPA as applicable, we, i.e. M/s _____ (enter name of the bidding company/member in a consortium), including our Parent, Ultimate Parent, and our Affiliates shall be suspended/debarred from participating in any of the upcoming tenders issued by SECI for a period of 2 years from the date of default as notified by SECI.

We also understand that the above is in addition to the penal consequences that may follow from the relevant laws for the time being in force.

We further declare that we have read the provisions of Clause 37.4 of the RfS, and are complying with the requirements as per the referred OM dated 23.02.2023 except Sl. 17 of the OM, including subsequent amendments and clarifications thereto. Accordingly, we are also enclosing necessary certificates (Annexure to this format) in support of the above compliance under the RfS. We understand that in case of us being selected under this RfS, any of the above certificates is found false, SECI shall take appropriate action as deemed necessary.

**TECHNICAL AND REGULATORY REQUIREMENTS TO BE FOLLOWED FOR
BATTERY ENERGY STORAGE SYSTEMS**

1. Codes and Standards

The BESS shall comply with the following Codes and Standards or equivalent Indian Standards, as applicable.

Standard/ Code (or equivalent Indian Standards)	Description	Certification Requirements
IEC 62485-2	Safety requirements for secondary batteries and battery installations - to meet requirements on safety aspects associated with the erection, use, inspection, maintenance and disposal: Applicable for Lead Acid and NiCd / NiMH batteries	Applicable only for Lead Acid and NiCd/NiMH batteries
UL 1642 or UL 1973, Appendix E (cell) or IEC 62619 (cell) + IEC 63056 (cell)	Secondary cells and batteries containing alkaline or other non-acid electrolytes - Safety requirements for secondary lithium cells and batteries, for use in industrial applications	Required for Cell
UL 1973 (battery) or (IEC 62619 (battery) + IEC 63056 (battery))	Batteries for Use in Stationary, Vehicle Auxiliary Power and Light Electric Rail (LER) Applications / Secondary cells and batteries containing alkaline or other non-acid electrolytes - Safety requirements for secondary lithium cells and batteries, for use in industrial applications	Either UL 1642 or UL1973 or (IEC 62619 + IEC 63056) for the Battery level
IS 18237: 2023/ IEC 62281 / UN 38.3	Safety of primary and secondary lithium cells and batteries during transport: Applicable for storage systems using Lithium Ion chemistries	Required for both Battery and Cell.
IS/IEC 61850 or DNP3	Communications networks and management systems. (BESS control system communication)	
UL 9540 or (IEC TS 62933-5-1 + IEC 62933-5-2)	Electrical energy storage (EES) systems - Part 5-1: Safety considerations for grid-integrated EES systems – General specification / Standard for Energy Storage Systems and Equipment	Either UL9540 or (IEC 62933-5-1 + IEC 62933-5-2) is required for BESS system level
IS 17067 (Part 2/Sec 1): 2019/ IEC 62933-2-1 : 2017	Electrical energy storage (EES) systems - Part 2-1: Unit Parameters and testing methods - General Specification	Tests for Class B applications: 1. Duty Cycle Round Trip Efficiency Test 2. Equipment and Basic Function Test 3. Available energy Test 4. Insulation test

Power Conditioning Unit Standards for BESS	
IEC 62477-1	Safety requirements for power electronic converter systems and equipment - Part 1: General
IEC 62477-2	Safety requirements for power electronic converter systems and equipment - Part 2: Power electronic converters from 1 000 V AC or 1 500 V DC up to 36 kV AC or 54 kV DC
IS 14700-6-2(2019)/ IEC 61000-6-2 Ed.2	Electromagnetic compatibility (EMC) - Part 6-2: Generic standards - Immunity standard for industrial environments
IEC 61000-6-4 Ed.2.1	Electromagnetic compatibility (EMC) - Part 6-4: Generic standards - Emission standard for industrial environments
IS 16169:2019/ IEC 62116 Ed. 2	Utility-interconnected photovoltaic inverters - Test procedure of islanding prevention measures
IS/IEC 60068: Part 2: Sec 1: 2007	Environmental testing - Part 2-1: Tests - Test A: Cold
IS/IEC 60068: Part 2: Sec 2: 2007	Environmental testing - Part 2-2: Tests - Test B: Dry heat
IS/IEC 60068: Part 2: Sec 14: 2023	Environmental testing - Part 2-14: Tests - Test N: Change of temperature
IS/IEC 60068: Part 2: Sec 30: 2005	Environmental testing - Part 2-30: Tests - Test Db: Damp heat, cyclic (12 h + 12 h cycle)

The Battery Energy Storage System:

- a) shall follow the relevant CEA/ CEIG Standards and OERC Regulations
- b) shall be responsible for complying with the “First Time Energization” procedure available at Grid India website as per the IEGC Regulations 2023 (if applicable)
- c) Comply with the grid-interfacing requirements as mentioned in following standards:
 - i. IEEE Std. 2800 -2022: IEEE Standard for Interconnection and Interoperability of Inverter -Based Resources (IBRs) Interconnecting with Associated Transmission Electric Power Systems
 - ii. IEC TS 62786-1: Distributed energy resources connection with the grid – Part 1: General requirements
 - iii. IEC TS 62786-3: Distributed energy Resources connection with the grid: Part 3, Additional requirements for stationary battery energy storage systems

Further, CEA Technical Standards for Connectivity to the Grid, Regulations 2007, Part-1 (General), Standards and Codes for Practice, mentions the following:

“

- (2) *The equipment including overhead lines and cables shall comply with the relevant Indian Standards, British Standard (BS), or International Electrotechnical Commission*

(IEC) Standard, or American National Standards Institute (ANSI) or any other equivalent International Standard:

Provided that whenever an International Standard or International Electrotechnical Commission Standard is followed, necessary corrections or modifications shall be made for nominal system frequency, nominal system voltage, ambient temperature, humidity and other conditions prevailing in India before actual adoption of the said Standard.

*(3) The effects of wind, storms, floods, lightening, elevation, **temperature extremes**, icing, contamination, pollution and earthquakes must be considered in the design and operation of the connected facilities.”*

The BESS, therefore, shall be designed keeping in view the ambient temperature and weather conditions prevailing at site i.e. The BESS shall be able to deliver rated performance at the extreme temperature and weather conditions at site where it is deployed.

In this regard, the procedure notified by CEA on 8th April 2024 for assessment of the “Design Temperature for RE Plants in compliance to CEA (Technical Standards for Connectivity to the Grid) Regulations” shall be followed. Same is available at: <https://cea.nic.in/whats-new/?lang=en>

2. System Testing and Commissioning

The BESS shall be commissioned as per commissioning criteria and procedures specified by the CEA.

3. Identification and Traceability

Cells/Racks/Packs Assembly shall meet seismic requirement for the plant location of the BESS. Labelling of cells/batteries shall include manufacturer’s name, cell type, name-plate rating, date of manufacture and date of expiry of parts and labour warranty.

4. Other Sub-systems/Components

Other subsystems/components used in the BESS must also conform to the relevant international/national Standards for Electrical Safety for ensuring Expected Service Life and Weather Resistance.

5. Fire Protection

The BESSD shall design and install a fire protection system that conforms to national and local codes. The fire protection system design and associated alarms shall take into account that the BESS will be unattended at most times. For high energy density technologies, the BESSD shall also obtain thermal runaway characterization of the battery storage systems.

6. Authorized Test Centres

Batteries/ Power Conditioning Units deployed in the power plants must have valid test certificates for their qualification as per above specified IEC/ BIS Standards by one of the

ILAC member signatory accredited laboratories. In case of module types/ BESS/equipment for which such Test facilities may not exist in India at present, test certificates from reputed ILAC Member body accredited Labs abroad will be acceptable.

7. Warranty

BESSD shall procure performance guarantees from the OEM to ensure minimum performance levels for predefined application(s) as per the terms of the RfS. The Warranty shall clearly indicate life expectancy given discharge profiles provided for the application.

8. Performance Monitoring

As part of the performance monitoring, the following shall be carried out:

- a) The BESSD must install necessary equipment to continuously measure BESS operating parameters (including but not limited to voltage, current, ambient conditions etc.) as well as energy input into and energy output from the BESS along with Metering arrangement in accordance with extant regulations. They will be required to submit this data to SECI on line and/or through a report on regular basis every month for the entire duration of contract.
- b) The BESSD shall provide access to the GRIDCO/MNRE or their authorized representatives for installing any additional monitoring equipment to facilitate on-line transfer of data.
- c) All data shall be made available as mentioned above for the entire duration of the Contract.
- d) The plant SCADA should be OPC version 2.0a (or a later version including OPC UA) compliant and implement appropriate OPC-DA server as per the specification of OPC Foundation. All data should be accessible through this OPC server for providing real time online data (BESS parameters) to the GRIDCO / MNRE. This time series data shall be available from the Project SCADA system to facilitate monitoring and should include among others as stated before, below parameters to facilitate daily, monthly and annual Report for performance monitoring.
- e) Web-based monitoring should be available, which should not be machine dependent. The web-based monitoring should provide the same screens as available in the plant. Also, it should be possible to download reports from a remote web-client in PDF or Excel format.

9. Other necessary criteria

- i. Central Electricity Authority, Technical Standards for Connectivity to the Grid, (Amendment) Regulations, 2013 and 2019 mention connectivity standards applicable to the wind generating stations, generating stations using inverters, wind - solar photo voltaic hybrid systems and energy storage systems. BESS, being an inverter based power system element, shall also comply to the requirements specified for other generating stations using inverters.

Some of the requirements are indicated below and following shall be added separately in the “Technical and Regulatory Requirements to be followed by Battery Energy Storage System”:

- a) BESS shall be capable of operating in the frequency range 47.5 to 52 Hz and be able to deliver rated output both in charging and discharging mode in the frequency range of 49.5 Hz to 50.5 Hz.
- *Clause 4, B2 (2) of CEA Technical Standards for Connectivity to the Grid, Regulations (Amendment), 2013 & 2019*
 - **Requirement** - *This provision is required to ensure that the BESS provides rated output during charging and discharging within the critical 49.5 Hz to 50.5 Hz frequency range, thereby enhancing grid stability and preventing frequency deviations that can lead to large disturbances.*
- b) **Low/High Voltage Ride Through (LVRT/HVRT)** - BESS shall be capable of operating when voltage at the interconnection point on any or all phases dips/rises to the high or low levels. The levels applicable for wind/solar generation sources (inverter-based) may be referred as available in Central Electricity Authority (Technical Standards for Connectivity to the Grid) Regulations shall be applicable to BESS.
- *Clause 4, B2 (3) & (7) of CEA Technical Standards for Connectivity to the Grid, Regulations (Amendment), 2013 & 2019*
 - **Requirement** - *This provision is required to ensure that the BESS maintains continuous operation (ride through) during voltage transients at the interconnection point, by adhering to LVRT/HVRT standards applicable to inverter-based wind and solar generation, thereby preventing system instability during voltage dips or surges.*
- c) **Dynamic Reactive Power Support / Voltage Control** - BESS shall have the feature to detect and regulate the voltage of interconnection point as per the specified capability i.e. The BESS shall be capable of supplying dynamically varying reactive power support at least up to the limits specified for wind/solar generation sources (inverter-based) in the Central Electricity Authority (Technical Standards for Connectivity to the Grid) Regulations. The response time of the BESS shall not exceed the value specified in relevant standards or grid codes.
- *Clause 4, B2 (1) of CEA Technical Standards for Connectivity to the Grid, Regulations (Amendment), 2013 & 2019*
 - **Requirement** - *This provision is required to harness the inherent reactive power capability of BESS (IBRs) in order to support the grid voltages.*
- d) **Primary Frequency Control** – The BESS shall have provisions for Primary Frequency Control with a droop which can be set as per system requirement between the range specified for wind/solar generation sources (inverter-based) in the Central Electricity Authority (Technical Standards for Connectivity to the Grid) Regulations.

Further, for frequency deviations in excess of 0.3 Hz, the BESS shall have the facility to provide an immediate (within 1 second) real power primary frequency response of at least 10% of the maximum Alternating Current active power capacity.

- *Clause 4, B2 (4)(ii) of CEA Technical Standards for Connectivity to the Grid, Regulations (Amendment), 2013 & 2019*
 - **Requirement** - *This provision is required to ensure that the BESS is capable to provide Primary and Fast Frequency Control. This capability is essential for maintaining grid frequency, by providing rapid corrective action to significant frequency deviations, and enhancing overall grid reliability and resilience.*
- e) BESS shall be capable to receive active power/reactive power set point from load despatch centres i.e. SLDC/RLDC.
- *Clause 4, B2 (5) of CEA Technical Standards for Connectivity to the Grid, Regulations (Amendment), 2013 & 2019*
 - **Requirement** - *BESS shall also have the capability to participate in secondary frequency control ancillary services and therefore, this clause is required.*
- f) The BESS shall have the black start and intentional island control capability to extend start-up of a blackout system or to operate independently after formation of an island.
- *Clause 4.10.4 of IEC TS 62786-3: Distributed energy resources connection with the grid –
Part 3: Additional requirements for stationary battery energy storage system*
 - **Requirement** - *This capability is crucial for restoring the supply during a blackout. The BESS would likely come up in remote RE rich pockets where extension of supply from far end hydro stations in case of a blackout would be very difficult.*
- g) BESS shall operate in a manner to promote the power system reliability and improve the power quality. When power quality problems, such as voltage dip, flicker, unsatisfactory power factor, etc., occur in power system, the BESS could eliminate these problems by flexible active and reactive power output in this function.
- *Clause 4, B1 of CEA Technical Standards for Connectivity to the Grid, Regulations (Amendment), 2013 & 2019*
- h) The BESS should provide reliable protection and not limited to as overvoltage/under-voltage protection, overcurrent protection, low-temperature/over-temperature protection of battery, dc insulation monitoring, etc.
- *Clause 4.9 of IEC TS 62786-1: Distributed energy resources connection with the grid –
Part 1: General requirements*

- **Requirement** - *This capability is crucial for restoring the supply during a blackout. The BESS would likely come up in remote RE rich pockets where extension of supply from far end hydro stations in case of a blackout would be very difficult.*
- i) BESS is required to have the following basic functions:
- i. Monitoring: Monitor operational parameters, equipment status and communication status, alarm and faults of main equipment and BESS system, etc.
 - ii. Information exchange: Receive and process information with SLDC/RLDC/NLDC including operation parameters, switching information, various alarms and alerts, protective action signals, control information, etc.
 - iii. Control: Including control mode and parameter setting sharing with SLDC/RLDC/NLDC
- *Clause 4.12 of IEC TS 62786-3: Distributed energy resources connection with the grid – Part 3: Additional requirements for stationary battery energy storage system*
 - **Requirement** - *These requirements are required to ensure that the BESS can monitor operational status, exchange critical information with SLDC/RLDC/NLDC, which is vital for real-time diagnostics, seamless grid integration, and reliable operation*
- ii. BESS shall be capacity of operating in the frequency range of 47.5 Hz to 52 Hz and be able to deliver rated output in the frequency range of 49.5 Hz to 50.5 Hz.
 - iii. BESS shall be capacity of operating when voltage at the interconnection point on any or all phases dips/rises to the high or low levels. The levels applicable for wind/solar inverter-based generation may be referred as available in Central Electricity Authority (Technical Standards for Connectivity to the Grid) Regulations.
 - iv. For grid support operations, BESS shall have provisions to provide primary frequency control. However, the activation of primary frequency response shall be as per the extant CEA/OERC regulations. The BESS should also be capable of providing reactive power support to the grid.
 - v. BESS shall operate to maintain voltages as per specified voltage ranges in Grid standards. BESS shall have feature to detect the voltage of interconnection point, and regulate voltage independently. The response time of the BESS shall not exceed the value specified in relevant standards or grid codes.
 - vi. The BESS should provide reliable protection and not be limited to as an overvoltage/under-voltage protection, overcurrent protection, low-temperature/over-temperature protection of battery, DC insulation monitoring, etc.
 - vii. BESS is required to have the following basic functions:
 - i) Monitoring: Monitor operational parameters, equipment status and communication status, alarm and faults of main equipment and BESS system, etc.

- ii) Information exchange: Receive and process information with RLDC/NLDC including operation parameters, switching information, various alarms and alerts, protective action signals, control information, etc.
- iii) Control: Including control mode and parameter setting with RLDC/NLDC.
- viii. BESS shall have capability to operate in secondary frequency control ancillary services (AGC). The details regarding AGC signals required by not limited to, are given (the conventional power plant signal link) at the link, <https://posoco.in/download/detailed-signal-list-for-connecting-generators-under-agc/?wpdml=29546>.

Some of the BESS signal list for implementation of AGC can be like below (list is indicative only):

- i) Maximum MW permissible (dynamic or user entry)
- ii) Minimum MW permissible (dynamic or user entry)
- iii) Ramp rate up permissible (dynamic or user entry)
- iv) Ramp rate down permissible (dynamic or user entry)
- v) Actual MW
- vi) Actual MVAR
- vii) Scheduled MW or ULSP (unit load set-point)
- viii) Minimum State of Charge SOC % permissible
- ix) Actual State of Charge SOC %
- x) Scheduled Cycle (0-100%) count per day nos.
- xi) Actual Cycle (0-100%) count per day nos.
- xii) BESS forbidden zones
- xiii) Auxiliary Consumption MW
- xiv) Scheduled MW (dynamic or user entry)
- xv) BESS Temperature (for monitoring and correlation)
- xvi) Ambient Temperature (for monitoring and correlation)
- xvii) Cycle limits (0-100%) per day (user entry)
- xviii) Circuit breaker status
- xix) Local/Remote status
- xx) Feedback/handshake signals
- xxi) Primary Response MW
- xxii) Primary Response ON/OFF status
- xxiii) Tap position
- xxiv) AGC Set Point MW from NLDC to BESS
- xxv) Voltage (kV) at grid level
- xxvi) Voltage (V) at BESS LV side

- Clause 4, B2 (5) of CEA Technical Standards for Connectivity to the Grid, Regulations (Amendment), 2013 & 2019

- b) The static information like detailed write-up on present operation methodology of BESS, forbidden zones, number of cycle limits, Auxiliary consumption details, capability curve, simulation models (RMS/PSCAD) along with description or any specific information about BESS shall also be furnished as and when required by RLDC/NLDC.

- Clause 8 & 9 (Part-I, General), of CEA Technical Standards for Connectivity to the Grid, Regulations (Amendment), 2007

- Requirement - This data is crucial for grid operators to understand the BESS's performance characteristics, conduct accurate simulations, optimize operational strategies, and ensure the BESS is utilized effectively within the grid, thereby enhancing operational planning and grid reliability.

- c) BESS will ensure the compliance of requirements mentioned in procedure of First Time Charging (FTC) as applicable for other power system elements. The consolidated FTC procedure including the requirements for BESS is available in public domain at https://posoco.in/wp-content/uploads/2021/04/Procedure_for_Integration_of_Power_System_Elements.pdf

10. Safe Disposal of unit Batteries from the BESS

The Developer will comply with the requirements under Hazardous & other Waste (Management and Transboundary Movement) Rules, 2016, as amended from time to time, as applicable. The BESSD shall ensure that all Unit Battery modules from the plant after their 'end of life' (when they become defective/ non-operational/ non-repairable) are disposed in accordance with the "e-waste (Management and Handling) Rules, 2016" notified by the Government and as revised and amended from time to time and Battery Waste Management Rules, as and when notified by the Government of India.

CHECK LIST FOR FINANCIAL CLOSURE*(To be signed by the Authorized signatory of the BESSD)***(RfS No. _____ dated _____)****Last Date for submission of documents related to Financial Closure – _____
(6 months from Effective Date of BESPA)**

Project Company Name _____

Project ID:- _____

LOA No. - _____ Dtd. - _____

Effective Date of BESPA - _____

Scheduled Commissioning Date: - _____

1.0 Financial Closure - (Clause 23 of the RfS, including subsequent amendments & clarifications)

Details	Presently given in BESPA
Location	
Technology	
Certificate from all financial institutions	<p><u>In case of tie up through Bank / Financial Institutions: -</u></p> <p>Document from Bank / Financial Institutions certifying arrangement of necessary funds by way of sanction of Loan (to be enclosed as <u>Annexure-I</u>).</p> <p><u>In case of Internal Resources: -</u></p> <p>Copy of Board Resolution, Audited/Certified Balance sheet, Profit & Loss Account Statement, Bank Statement and Cash Flow Statement in support of availability of Internal resources of the Project Company and of the Company other than Project Company (in case the required funding will be raised from Company other than Project Company) (to be enclosed as <u>Annexure-I</u>).</p> <p><i>Performa for the cases where funding will be from Company other than Project Company is at 'A-I'.</i></p>

Note:-

- (i) Copy of Final Detailed Project Report (DPR) is to be enclosed as **Annexure – II A**.
- (ii) Undertaking by the Project Company that all Consents, clearances and permits required for implementing the Project as per the terms of BESPA have been obtained is to be enclosed as **Annexure – II B**

2.0 Copy of Agreement/ MOU entered into / Purchase Order with acceptance, for the supply of Plants and Equipment (to be enclosed as **Annexure-III**)

3.0 Technical Parameters of the Project (Clause 39 of the RfS)

3.0.1 Certificate from Project Company that Technical specifications and directives given in Annexure-A of the RfS will be adhered to (to be enclosed as **Annexure-IV A**)

3.0.2 Proposed Project configuration as part of DPR of the Project (to be enclosed as **Annexure-IV B**)

4.0 Ownership of the BESSD: Latest Shareholding Pattern of the Project Company (including Compulsorily Convertible Debentures (CCDs), Compulsorily Convertible Preferential Shares (CCPS) of the Project Company certified by Chartered Accountant (to be enclosed as **Annexure V A**)

Shareholding pattern is not required to be submitted by a Listed Company.

Note: Shareholding pattern is to be submitted by the Project Company, as and when requisitioned for by SECI/ GRIDCO.

5.0 The above checklist is to facilitate financial closure of projects. For any interpretation the respective provision of RfS / BESPA shall prevail.

**SPECIAL INSTRUCTIONS TO BIDDERS FOR
e-TENDERING AND REVERSE AUCTION**

For participating in this tender online, the following instructions are to be read carefully. These instructions are supplemented with more detailed guidelines on the relevant screens of the ETS.

GENERAL

The Special Instructions (for e-Tendering) supplement ‘Instructions to Bidders’, as given in these RfS Documents. Submission of Online Bids is mandatory for this RfS.

e-Tendering is a new methodology for conducting Public Procurement in a transparent and secured manner. Now, the Government of India has made e-Tendering mandatory. Suppliers/ Vendors will be the biggest beneficiaries of this new system of procurement. For conducting electronic tendering, *Solar Energy Corporation of India Limited (SECI)* has adopted a secured and user friendly e-tender system enabling bidders to Search, View, Download tender document(s) directly from the e-tendering portal of M/s Electronic Tender.com (India) Pvt. Limited <https://www.bharat-electronictender.com> through ISN-ETS. This portal is based on the world’s most ‘secure’ and ‘user friendly’ software from ElectronicTender®. A portal built using ElectronicTender’s software is also referred to as ElectronicTender System® (ETS).

Benefits to Suppliers are outlined on the Home-page of the portal.

INSTRUCTIONS

Tender Bidding Methodology:

Sealed Bid System

Single Stage Two Envelope

Auction

The sealed bid system would be followed by an ‘e-Reverse Auction’

Broad Outline of Activities from Bidder’s Perspective:

1. Procure a Class III Digital Signing Certificate (DSC).
2. Register on ElectronicTender System® (ETS)
3. Create Marketing Authorities (MAs), Users and assign roles on ETS. It is mandatory to create at least one MA
4. View Notice Inviting Tender (NIT) on ETS
5. For this tender -- Assign Tender Search Code (TSC) to a MA
6. Download Official Copy of Tender Documents from ETS. Note: Official copy of Tender Documents is distinct from downloading ‘Free Copy of Tender Documents’. To participate in a tender, it is mandatory to procure official copy of Tender Documents for that tender.
7. Clarification to Tender Documents on ETS
 - a) Query to SECI (Optional)
 - b) View response to queries posted by SECI
8. Bid-Submission on ETS

9. Post-TOE clarification on ETS (optional)
10. Respond to SECI Post-TOE queries
11. Participate in e-Reverse Auction if invited

For participating in this tender online, the following instructions are to be read carefully. These instructions are supplemented with more detailed guidelines on the relevant screens of the ETS.

Digital Certificates

For integrity of data and authenticity/ non-repudiation of electronic records, and to be compliant with IT Act 2000, it is necessary for each user to have a Digital Certificate (DC), also referred to as Digital Signature Certificate (DSC), of Class III, issued by a Certifying Authority (CA) licensed by Controller of Certifying Authorities (CCA) [refer <http://www.cca.gov.in>].

Registration

To use the ElectronicTender® portal <https://www.bharat-electronictender.com>, vendors need to register on the portal. Registration of each organization is to be done by one of its senior persons who will be the main person coordinating for the e-tendering activities. In ETS terminology, this person will be referred to as the Super User (SU) of that organization. For further details, please visit the website/ portal, and click on the 'Supplier Organization' link under 'Registration' (on the Home Page), and follow further instructions as given on the site. Pay Annual Registration Fee as applicable.

After successful submission of Registration details and payment of Annual Registration Fee, please contact ISN-ETS Helpdesk (as given below), to get your registration accepted/ activated.

Important Note:

1. Interested bidders have to download official copy of the RfS & other documents after login into the e-tendering Portal of ISN-ETS <https://www.bharat-electronictender.com>. If the official copy of the documents is not downloaded from e-tendering Portal of ISN-ETS within the specified period of downloading of RfS and other documents, bidder will not be able to participate in the tender.
2. To minimize teething problems during the use of ETS (including the Registration process), it is recommended that the user should peruse the instructions given under 'ETS User-Guidance Centre' located on ETS Home Page, including instructions for timely registration on ETS. The instructions relating to 'Essential Computer Security Settings for Use of ETS' and 'Important Functionality Checks' should be especially taken into cognizance.

Please note that even after acceptance of your registration by the Service Provider, to respond to a tender you will also require time to complete activities related to your organization, such as creation of users, assigning roles to them, etc.

ISN-ETS/ Helpdesk	
Telephone/ Mobile	<i>Customer Support: +91-124-4229071, 4229072 (From 1000 HRS to 1800 HRS on all Working Days i.e. Monday to Friday except Government Holidays)</i>
Email-ID	support@isn-ets.com [Please mark CC: support@electronicstender.com]

Some Bidding Related Information for this Tender (Sealed Bid)

The entire bid-submission would be online on ETS (unless specified for Offline Submissions). Broad outline of submissions are as follows:

- Submission of Bid-Parts
 - Envelope I (Techno-commercial-Bid)
 - Envelope II (Financial-Bid)
- *Submission of digitally signed copy of Tender Documents/ Addendum*

In addition to the above, the bidders are required to submit certain documents physically offline also as per Clause 28.1 of the RfS, failing which the techno-commercial bids will not be opened.

Note: The Bidder should also upload the scanned copies of all the above mentioned original documents as Bid-Annexures during Online Bid-Submission.

Internet Connectivity

If bidders are unable to access ISN-ETS's e-tender portal or Bid Documents, the bidders may please check whether they are using proxy to connect to internet or their PC is behind any firewall and may contact their system administrator to enable connectivity. Please note that Port SSL/ 443 should be enabled on proxy/firewall for HTTPS connectivity. Dial-up/ Broad and internet connectivity without Proxy settings is another option

SPECIAL NOTE ON SECURITY AND TRANSPARENCY OF BIDS

Security related functionality has been rigorously implemented in ETS in a multidimensional manner. Starting with 'Acceptance of Registration by the Service Provider', provision for security has been made at various stages in Electronic Tender's software. Specifically, for Bid Submission, some security related aspects are outlined below:

As part of the Electronic Encrypted® functionality, the contents of both the 'ElectronicForms®' and the 'Main-Bid' are securely encrypted using a Pass-Phrase created by the Bidder himself. Unlike a 'password', a Pass-Phrase can be a multi-word sentence with spaces between words (e.g. I love this World). A Pass-Phrase is easier to remember, and more difficult to break. It is mandatory that a separate Pass-Phrase be created for each Bid-Part. This method of bid-encryption does not have the security and data-integrity related vulnerabilities which are inherent in e-tendering systems which use Public-Key of the specified officer of a Buyer organization for bid-encryption. Bid-encryption in ETS is such that the Bids cannot be decrypted before the Public Online Tender Opening Event (TOE), even if there is connivance between the concerned tender-opening officers of the Buyer organization and the personnel of e-tendering service provider.

CAUTION: All bidders must fill ElectronicForms® for each bid-part sincerely and carefully, and avoid any discrepancy between information given in the ElectronicForms® and the corresponding Main-Bid. For transparency, the information submitted by a bidder in the ElectronicForms® is made available to other bidders during the Online Public TOE. If it is found during the Online Public TOE that a bidder has not filled in the complete information in the ElectronicForms®, the TOE officer may make available for downloading the corresponding Main-Bid of that bidder at the risk of the bidder. **If variation is noted between the information contained in the ElectronicForms® and the ‘Main-Bid’, the contents of the ElectronicForms® shall prevail.**

In case of any discrepancy between the values mentioned in figures and in words, the value mentioned in words will prevail.

The bidder shall make sure that the Pass-Phrase to decrypt the relevant Bid-Part is submitted into the ‘Time Locked Electronic Key Box (EKB)’ after the deadline of Bid Submission, and before the commencement of the Online TOE of Technical Bid. The process of submission of this Pass-Phrase in the ‘Time Locked Electronic Key Box’ is done in a secure manner by first encrypting this Pass-Phrase with the designated keys provided by SECI.

Additionally, the bidder shall make sure that the Pass-Phrase to decrypt the relevant Bid-Part is submitted to SECI in a sealed envelope before the start date and time of the Tender Opening Event (TOE).

There is an additional protection with SSL Encryption during transit from the client-end computer of a Supplier organization to the e-Tendering Server/ Portal.

OTHER INSTRUCTIONS

For further instructions, the vendor should visit the home-page of the portal <https://www.bharat-electronictender.com>, and go to the **User-Guidance Center**

The help information provided through ‘ETS User-Guidance Center’ is available in three categories – Users intending to Register/ First-Time Users, Logged-in users of Buyer organizations, and Logged-in users of Supplier organizations. Various links (including links for User Manuals) are provided under each of the three categories.

Important Note: It is strongly recommended that all authorized users of Supplier organizations should thoroughly peruse the information provided under the relevant links, and take appropriate action. This will prevent hiccups, and minimize teething problems during the use of ETS.

SEVEN CRITICAL DO’S AND DON’TS FOR BIDDERS

Specifically, for Supplier organizations, the following '**SEVEN KEY INSTRUCTIONS for BIDDERS**' must be assiduously adhered to:

1. Obtain individual Digital Signing Certificate (DSC or DC) of Class III well in advance of your tender submission deadline on ETS.

2. Register your organization on ETS well in advance of the important deadlines for your first tender on ETS viz 'Date and Time of Closure of Procurement of Tender Documents' and 'Last Date and Time of Receipt of Bids'. Please note that even after acceptance of your registration by the Service Provider, to respond to a tender you will also require time to complete activities related to your organization, such as creation of -- Marketing Authority (MA) [ie a department within the Supplier/ Bidder Organization responsible for responding to tenders], users for one or more such MAs, assigning roles to them, etc. It is mandatory to create at least one MA. This unique feature of creating an MA enhances security and accountability within the Supplier/ Bidder Organization
3. Get your organization's concerned executives trained on ETS well in advance of your first tender submission deadline on ETS.
4. For responding to any particular tender, the tender (i.e. its Tender Search Code or TSC) has to be assigned to an MA. Further, an 'Official Copy of Tender Documents' should be procured/ downloaded before the expiry of Date and Time of Closure of Procurement of Tender Documents. Note: Official copy of Tender Documents is distinct from downloading 'Free Copy of Tender Documents'. Official copy of Tender Documents is the equivalent of procuring physical copy of Tender Documents with official receipt in the paper-based manual tendering system.
5. Submit your bids well in advance of tender submission deadline on ETS (There could be last minute problems due to internet timeout, breakdown, etc.)

Note: Bid-submission in ETS can consist of submission of multiple bid-components, which vary depending upon the situation and requirements of the Buyer. Successful receipt of a bid in an e-tendering scenario takes place if all the required bid-components are successfully 'received and validated' in the system (ETS) within the scheduled date and time of closure of bidding. ETS/ Service Provider is not responsible for what happens at an end-user's end, or while a submission made by an end-user is in transit, until the submission is successfully 'received and validated' in ETS.

6. It is the responsibility of each bidder to remember and securely store the Pass-Phrase for each Bid-Part submitted by that bidder. The bidders are required to submit correct, valid and operative Pass-Phrase to decrypt either Technical Bid Part or Financial Bid Part in a separate sealed envelope before due date and time of submission of bid. In the event, the bids are not opened with the pass-phrase submitted by bidder, SECI may ask for resubmission/ clarification for correct pass-phrase. In the event of a bidder forgetting the Pass-Phrase before the expiry of deadline for Bid-Submission, facility is provided to the bidder to 'Annul Previous Submission' from the Bid-Submission Overview page and start afresh with new Pass-Phrase(s). If bidder fails to submit correct pass-phrase immediately as requested by SECI, the Bid Processing Fee and Cost of RfS Document, if applicable, shall be forfeited and bid shall not be opened, and EMD shall be refunded. No request on this account shall be entertained by SECI.
7. ETS will make your bid available for opening during the Online Public Tender Opening Event (TOE) 'ONLY IF' the status pertaining Overall Bid-Submission is 'COMPLETE'.

For the purpose of record, the bidder can generate and save a copy of 'Final Submission Receipt'. This receipt can be generated from 'Bid-Submission Overview Page' only if the status pertaining overall Bid-Submission' is 'COMPLETE'

NOTE:

While the first three instructions mentioned above are especially relevant to first-time users of ETS, the fourth, fifth, sixth and seventh instructions are relevant at all times.

ADDITIONAL DOs AND DON'Ts FOR BIDDERS PARTICIPATING IN e-REVERSE AUCTION

1. Get your organization's concerned executives trained for e-Reverse Auction related processes on ETS well in advance of the start of e-Reverse Auction.
2. For responding to any particular e-Reverse Auction, the e-Reverse Auction (i.e. its Reverse Auction Search Code or RASC) has to be assigned to an MA.
3. It is important for each bidder to thoroughly read the 'rules and related criterion' for the e-Reverse Auction as defined by the Buyer organization.
4. It is important to digitally-sign your 'Final bid' after the end of e-Reverse Auction bidding event.
5. During an e-auction, it is recommended that a bidder submits a bid well before the scheduled time of 'Date and Time of Closure of Reverse-Auction'. Submission of a bid near the closing time of an auction may result in failure due to any of the various factors at that instant, such as – slow internet speed at the bidder's end, slow running of computer at bidder's end, nervousness of the bidder in the last few seconds, etc. This could lead to delay in submission of data from the bidder's computer to the server. Even if the delay is of a fraction of second after the scheduled closing time, it will result in failure of bid submission. Further, please note that a bid can be submitted even if the bidding-page has not been refreshed manually, or otherwise depending on the conditions of the e-auction.

Note: Successful receipt of Bid in an e-auction scenario takes place if the bid is successfully 'received and validated' in the system (ETS) within the scheduled date and time of closure of bidding. ETS/ Service Provider is not responsible for what happens at an end-user's end, or while a submission made by an end-user is in transit, until the submission is successfully 'received and validated' in ETS.

Pre-requisite for participation in bidding process

- Bidder must possess a PC/ Laptop with Windows 7 professional operating system and Internet Explorer 8 or 9 for hassle free bidding. Bidder is essentially required to effect the security settings as defined in the portal.
- The Bidder must have a high-speed internet connectivity (preferably Broadband) with internet explorer to access ISN-ETS's e-Tender Portal for downloading the Tender document and uploading/ submitting the Bids.
- A valid e-mail ID of the Organization/ Firm

Vendors Training Program

- One day online training (10:00 to 17:00) is provided by ISN-ETS. Training is optional. In case, any bidder is interested, he may send a request to support@isn-ets.com.

Vendors are requested to arrange their own Laptop, Digital Certificate and Wireless Connectivity to the Internet

TERMS & CONDITIONS OF REVERSE AUCTION

After opening of Financial bids and short-listing of bidders based on the tariff and total capacity of project of qualified Project(s), SECI shall resort to “REVERSE AUCTION PROCEDURE”. Reverse Auction shall be conducted as per methodology specified in Section-5 and other provisions of Reverse Auction in RfS Documents and their subsequent Addenda/ Amendments/ Clarifications. Bidders in their own interest, are advised to go through the documents in entirety. The Terms & Conditions and Business Rules mentioned hereunder are in brief and may not give complete explanations. Further these are supplementary in nature.

1. Bidders shall ensure online submission of their ‘Bid Price’ within the auction period.
2. Bidders shall ensure to take all necessary training and assistance before commencement of reverse auction to the interested bidders on chargeable basis to be paid directly to ISN-ETS.
3. Business rules for Reverse Auction like event date, time, bid decrement, extension etc. shall be as per the business rules, enumerated in the RfS document or intimated later on, for compliance.
4. Reverse auction will be conducted on scheduled date & time, as mentioned in the RfS document.
5. Bidders should acquaint themselves of the ‘Business Rules of Reverse Auction’, which is enclosed separately in the RfS document.
6. If the Bidder or any of his representatives are found to be involved in Price manipulation/ cartel formation of any kind, directly or indirectly by communicating with other bidders, action as per extant SECI guidelines, shall be initiated by SECI.
7. The Bidder shall not divulge either his Bids or any other exclusive details of SECI to any other party.
8. Period of validity of Prices received through Reverse Auction shall be same as that of the period of validity of bids offered.
9. Bidders should also note that:
 - a) Although extension time is ‘8’ minutes, there is a time lag between the actual placing the bid on the local computer of the bidder and the refreshing of the data on to the server for the visibility to the Owner. Considering the processing time for data exchange and the possible network congestion, bidders must avoid the last minute hosting of the Financial Bid during reverse auction.
 - b) Participating bidder will agree to non-disclosure of trade information regarding the purchase, identity of SECI, bid process, bid technology, bid documentation and bid details.
 - c) It is brought to the attention of the bidders that the bid event will lead to the final price of bidders only.
 - d) Technical and other non-commercial queries (not impacting price) can only be routed to SECI contact personnel indicated in the RfS document.

- e) Order finalization and post order activities such issue of LoA, signing of PPA/BESPA etc. would be transacted directly between successful bidder(s) and SECI.
 - f) LoA shall be placed outside the ETS e-portal & further processing of the LoA shall also be outside the system.
 - g) In case of any problem faced by the bidder during Reverse Auction and for all Bidding process related queries, bidders are advised to contact the persons indicated in Annexure - C of the RfS document.
 - h) Bidders are advised to visit the auction page and login into the system well in advance to identify/ rectify the problems to avoid last minute hitches.
 - i) SECI will not be responsible for any PC configuration/ Java related issues, software/ hardware related issues, telephone line glitches and breakdown/ slow speed in internet connection of PC at Bidder's end.
 - j) Bidders may note that it may not be possible to extend any help, during Reverse Auction, over phone or in person in relation to rectification of PC/ Internet/ Java related issues and Bidder may lose the chance of participation in the auction.
10. For access to the Reverse Auction site, the following URL is to be used:
<https://www.bharat-electronictender.com>.
11. No queries shall be entertained while Reverse Auction is in progress.

BUSINESS RULES OF REVERSE AUCTION

Reverse Auction shall be conducted as per methodology specified in Section - 5 and other provisions of Reverse Auction in RfS documents and their subsequent Amendments/ Clarifications/ Addenda. Bidders, in their own interest, are advised to go through the documents in entirety.

The following would be parameters for e-Reverse Auction:

Sl. No.	Parameter	Value
1.	Date and Time of Reverse-Auction Bidding Event	To be intimated Later to Eligible Bidders
2.	Duration of Reverse-Auction Bidding Event	30 minutes
3.	Automatic extension of the 'Reverse-Auction closing Time', if last bid received is within a 'Predefined Time-Duration' before the 'Reverse-Auction Closing Time'	Yes
3.1	Pre-defined Time-Duration	08 Minutes
3.2	Automatic extension Time-Duration	08 Minutes
3.3	Maximum number of Auto-Extension	Unlimited Extension

4.	Entity-Start-Price	Tariff quoted by the bidders in Financial Bid (Second Envelope)
----	--------------------	---

Online Reverse Auction shall be conducted by SECI on pre-specified date and time, while the bidders shall be quoting from their own offices/ place of their choice. Internet connectivity shall have to be ensured by bidders themselves.

During the Reverse Auction, any requests for extension of time will not be considered by SECI. Bidders are therefore requested to make all the necessary arrangements/ alternatives whatever required so that they are able to participate in the Reverse Auction successfully. Failure of power or loss of connectivity at the premises of bidders during the Reverse Auction cannot be the cause for not participating in the Reverse Auction. SECI shall not be responsible for such eventualities.

Bidders are advised to get fully trained and clear all their doubts such as refreshing of Screen, capacity/ no. of projects being auctioned, auction rules etc.

SECI reserves the right to cancel/ reschedule/ extend the Reverse Auction process/ tender at any time, before ordering, without assigning any reason.

SECI shall not have any liability to bidders for any interruption or delay in access to the auction website irrespective of the cause. In such cases, the decision of SECI shall be binding on the bidders.

Other terms and conditions shall be as per bidder's techno-commercial offers and as per the RfS document and other correspondences, if any, till date.

ILLUSTRATIONS
(Please refer Clause 8 of the RfS)

Illustration**a. System Availability**

Under a BSSPA between an off-taker 'X' and BESSD 'Y' for a capacity 'C', the Schedule and Actual Injection into/Drawl from the Grid from the Project, as per the DSM/ UI Reports published by the Regional RPC for a Sample day is shown below:

Date	block	Drawl (from Grid) Mus (Charging) (X)	Injection (into Grid) MUs (Discharging) (Y)	Scheduled Mus (Z)	Time-block Availability, (TA) = (Xi/Zi) + (Yi/Zi)

01-May-22	96	0.088	0	0.088	1
Total		1.379	1.155		

i is the i^{th} Timeblock in the day.

The System Availability for the day is calculated as the mean of **Column TA**, for all time-blocks where **Column Z is not zero**.

From the above table, Day's System Availability = 0.97

Similarly, the System availability shall be calculated for 35040 time-blocks (96*365) in a year, excluding time-blocks where Grid is unavailable or in case of Force Majeure.

Assuming the following parameters:

- Total Contracted Capacity = 300 MW, **C**
- Quoted monthly Capacity charges = 5 lakhs/MW/month, **D**
- Annual system availability (as per procedure above) is calculated to be 0.93, **B**
- $n = 12$

Liquidated Damages on account of shortage in annual system Availability, as calculated from formula provided in Clause 8.2:

$$\text{Liquidated damages} = (A - B) \times C \times D \times n \times 2$$

$$= (0.95 - 0.93) \times 300 \times 5 \times 12 \times 2$$

$$= 720 \text{ lakhs}$$

b. System Efficiency

The present illustration is for calculating the Daily System Efficiency as demonstration only. The same methodology shall be used for calculation of monthly system efficiency as per Clause 8.1.d.iii.

$$\text{System Efficiency} = \frac{\text{Total of Column (Y)}}{\text{Total of Column (X)}} = \frac{1.155}{1.379} = 0.837 \sim 0.84 \text{ (rounded off to 2 decimal places).}$$

Assuming:

- a. monthly System Efficiency = 0.84,
- b. Total Monthly Drawl form Grid (Charging Power) = 41.1 MUs

Liquidated Damages is calculated @ Rs. 2 for excess loss of energy considering expected System Efficiency to be 85%

Excess conversion losses = $(0.85-0.84) \times$ Total Drawl from the grid in the month (i.e. Charging Energy)

Liquidated Damages for the month = Rs. $0.01 \times 41.1 \times 2$
 = Rs. 0.822 Million
 = Rs. **8.22 lakhs**
